## Tech Seniors In 'Who's Who'

RUSTON (Special) — Sixteen Louisiana Tech seniors, including 10 boys and six girls, have been selected by a student committee and the Deans' Council to represent the college in Who's Who in American Universities and Colleges.

The men students are Wade R. Baggett, of DeRidder; Edward Blar, Lebanon; Bill Gaddy, El Dorado; Victor Charles Gouaux, Jr., Lake Charles; William Joseph Haddad, Monroe; John Robert Howard, Baton Rouge; Farrell Joseph Perdreauville, Vinton; Jack Salley, Springhill; Max Stracener, DeRidder; Joel Thomas, Rodessa.

Women students chosen are: Barbara Emmons, Ruston; Martha Gillen, Shreveport; Ann Harper, Springhill; Lucy Joyner, El Dorado; Myra Ann Moore, Winn-boro and Carol Lynn Turner, Minden.

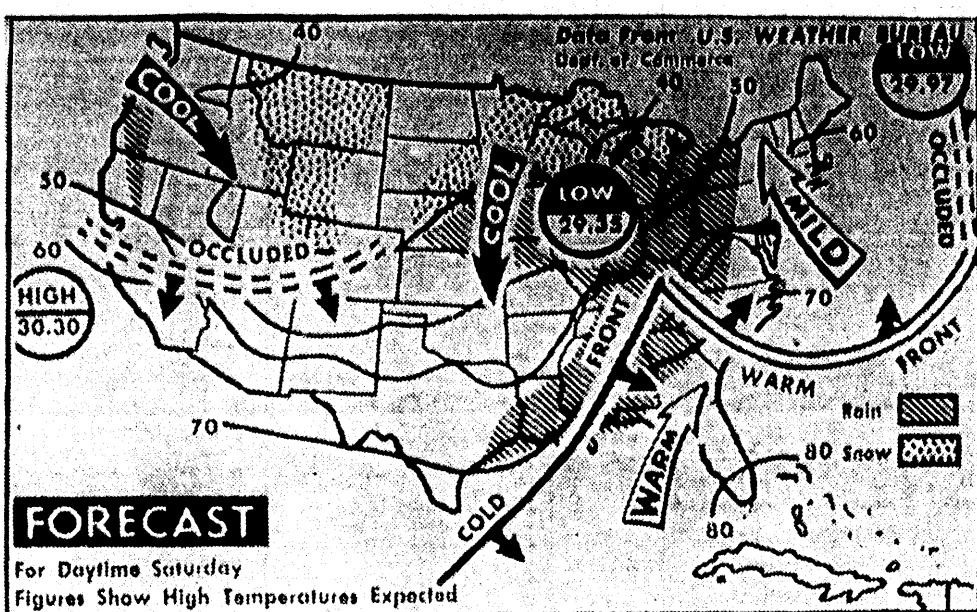

The final 16 chosen for Who's Who were elected on the basis of personality, character, school loyalty, and scholarship.

All seniors who had a 1.3 overall average were included on a list sent to each campus organization along with nomination sheets.

The students who received the most nominations were then tabulated by the Who's Who committee which was composed of representatives from the Associated Women's Students and the Student Senate.

Then 25 names were presented to the final judging committee which was composed of a representative of the junior class, a Student Senate member of senior standing, a junior woman-at-large, a senior man-at-large and the Deans' Council.

The final judging committee elected the 16 Who's Who honorees from a list of 25 students. A tie in the men's division necessitated the selection of an additional student, instead of the usual nine.

FORECAST

For Daytime Saturday

Figures Show High Temperatures Expected

WEATHER BUREAU FORECAST — Snow or rain is forecast in the upper Mississippi valley and western Lakes region and in parts of the northern and central plains. Rain or scattered showers are expected over the remainder of the area from the eastern edges of the

plains to the Appalachians. Some light snow is due in the northern Rocky Mountain states with a few snow flurries likely in the mountains of Nevada and northern California. (AP Wirephoto to Map)

## FOR MONROE

## Women's Club Here Okays Bond Issue

Members of the Business and Professional Women's Club of Monroe have announced the group's support of the bond issue for city improvement called this week by the city council.

This is the first civic group to publicly endorse the program, since it was scheduled to be voted on Dec. 17 by Monroe property owners.

Signed by Mrs. Lucille Mathis, corresponding secretary, and dated November 13 — one day after City Council adopted the resolution calling the bond issue election. Under the resolution adopted Tuesday by the City Council, Mon-

roe's property owners would vote on five separate propositions, all aimed at not only improving conditions currently, but for the future.

The program in its entirety would cost \$9 million. The tax payer would not be assessed additional taxes until 1960 and then for only about four or five years at a rate of three mills.

Properly owners do not vote on the program in its entirety, necessarily. They may vote for some of the projects and against others if they so desire. Money derived from the sale of the bonds

## 43 Britons Die As Giant Plane Smashes Island

NEWPORT, Isle of Wight, England, Saturday, Nov. 16 (AP)—A four-engine British Solent flying boat crashed in flames on a wooded hillside near Newport last night and 43 of the 58 persons aboard were believed killed.

## 65 Hoodlums Freed After Trooper Raid

NEW YORK, Nov. 15 (UP)—Police sent detectives today to the mountain hideaway where 65 of the nation's most notorious hoodlums assembled for a congress of crime which was broken up by state police.

Chief of Detectives Edward Byrnes sent his agents to Apalachin, N.Y., near the New York-Pennsylvania border, where some of the kingpins of organized crime, including leaders of the dreaded Mafia, were in session Thursday when state police arrived.

U.S. Attorney Paul W. Williams said the meeting was a further indication of a criminal syndicate operating on a nationwide scale with an annual take of \$2,280,000,000.

**180-Million in Dope**  
 "The syndicate nets about \$180,000,000 in dope, \$100,000,000 in extortion and between one and two billion dollars in off-track gambling," he said.

One of those in attendance was Vito Genovese, often described as the "King of the Rackets" and reputed chief of the New York Mafia.

But neither Genovese nor any others were held after state police questioned them. None was armed, and none appeared to be breaking any laws.

**Strange Meeting**  
 But it was a strange meeting in the \$100,000 mansion of a beer distributor, and speculation on the reasons for the convalescence centered on these possibilities:

The session may have been called to carve up the rackets empire left by the recently slain Albert Anastasia, "Lord High Executioner of Murder, Inc. Several of those present had been questioned in the Anastasia murder.

The racketeers may have been seeking a means of countering increasing pressure from the congressional probe of rackets.

**Senators Link**  
 In Washington today Senate investigators said they had information linking the Mafia with racketeering in the teamsters union.

Chairman John L. McClellan (D-Ark.) said the Rackets Committee must break up the combine before.

## Brothers Eat Roach Powder: Youngest Dead

NEW ORLEANS, Nov. 15 (AP)—A 7-year-old Opelousas boy was critically ill today after eating of the same roach powder that killed his younger brother.

Ronnie Mendez was placed in an Iron lung last night when he developed respiratory trouble. Charity Hospital authorities said today he was in very poor condition.

His 5-year-old brother, Robert, died yesterday in a Lafayette hospital.

The boys' parents, Mr. and Mrs. Gilbert Mendez, said a neighbor told them the two boys and several others found the roach powder in an abandoned building where they were playing Saturday.

An Opelousas physician said the brothers became ill Sunday. When the cause of Robert's illness was determined, his older brother was sent home.

The Mendez neighbor said some of the other children may have tasted the poisonous powder, but apparently didn't swallow enough to become ill.

GIVE ENOUGH FOR ALL

## Frenchmen Enraged By Arms Move

But Tunisians Hail 'Champion Of Liberty'—U.S.

TUNIS, Tunisia, Nov. 15 (AP)—This young Arab nation's pro-Western president declared today delivery of small arms to Tunisia by the United States and Britain could change the history of North Africa. The deliveries put France in a towering rage.

Hailing the United States particularly for its "role of champion of liberty," President Habib Bourguiba declared Tunisia belongs to the free world and intends to stay there.

But Paris newspapers hotly accused France's two big Western partners of "blackmail" and suggested France pull out of the North Atlantic Alliance. The French delegation walked out—at least temporarily—from a NATO parliamentary meeting in Paris where preliminary efforts are being made to strengthen the solidarity of the alliance in the face of Soviet achievements in missile and earth satellite science.

**Could Be Imperiled**  
 Premier Felix Gaillard told the French Parliament next month's scheduled NATO summit meeting in Paris could be imperiled unless the issue is settled to French satisfaction.

The explosion of French feeling.

(Continued On Page 5-A)

## AT BATON ROUGE

## Man Shot After Wounding Cops

BATON ROUGE, Nov. 15 (AP)—A rookie patrolman shot Michael Greene today, after Greene wounded another officer as they came to quiet a family argument in a deluxe downtown apartment.

Greene, shot in the head and shoulder by patrolman James A. Johnson, 24, was reported in critical condition.

Johnson was wounded in the hand.

The other officer, Donald A. Stoenzner, 22, was reported in serious condition with a throat wound.

Police Chief Shirley Arrighi said they held Greene's wife, Mrs. Caroline Greene, 41, manager of the Town House Apartments, and a tenant, James B. Baskerville, as material witnesses.

Later, they were released under \$1,000 bond. Baskerville was a neighbor who came in to help Mrs. Greene and was in the room at the time of the shooting.

**Call From Texas**  
 Arrighi said the call that sent the police car to the apartment was a long distance call from New Deal, Tex.

He said Greene, a 43-year-old construction foreman, arrived early in the morning to attempt a reconciliation with his wife.

Mrs. Greene told officers they had a dispute two months ago and her husband left her. She said he had been traveling during the period, sending her letters from Houston and Orange, Tex.

Arrighi said about noon Mrs. Greene called her sister, Mrs. Ray Williams, in New Deal and told her Greene had been drinking and had a gun. Mrs. Williams called her husband, who called Baton Rouge police.

A neighbor, Mrs. Myrtle Brock, informed sources said the shelter plan laid before the President by Hoegh would be designed primarily to protect the public from blast or fall-out in any nuclear bomb or atomic missile attack.

But in the meantime, they said, Hoegh's plans contemplated use of the underground shelters as supplementary classrooms, hospitals, or even as garages or parking plazas in big cities.

Hoegh was said to feel that this "dual purpose" feature would justify spending the \$4 billion dollars over a period of years. Previous plans for constructing underground shelters solely for Civil Defense have gotten nowhere in Congress.

Economy-minded opponents have argued that the vast expenditure would not be justified inasmuch as the "single purpose" shelters would lie idle and useless, except in time of attack.

**Pneumonia Fatal To Sub Designer**  
 NEW HAVEN, Conn., Nov. 15 (AP)—John M. Burnham, 40, designer of submarines, including the nuclear-powered Nautilus, died today at Grace-New Haven Hospital.

He had been in failing health for three months and a hospital patient for several weeks. Death was attributed to pneumonia.

# Top Russian Challenges U.S. To Missile Contest

## Stocks Rise Sharply After Bank Action

NEW YORK, Nov. 15 (UP)—The Federal Reserve's easier money policy today triggered the second sharpest advance of the year in stock prices.

The industrial average scored its best gain since Oct. 23, when the market rang up the sharpest single day advance since Nov. 14, 1929. The railroad and utility averages also moved ahead sharply.

The rally, which brought numerous individual gains of 2 points or more into the main list, restored more than four billion dollars to market values and halted a three-day decline.

**All Swing Up**  
 All major groups participated in the upswing. Market experts said the cut in the discount rate was a shot-in-the-arm for business psychology, which has been a lot bluer than warranted by the facts.

The rally in the first hour of trading was so spirited that volume for that period was the biggest in 17 years. The trading pace slowed down considerably after that and the market assumed a more normal trading pattern.

Gains of around 3 points or more near the close appeared in Amerasia, American Home Products, Eastman Kodak, Gulf Oil, National Lead, United Aircraft, and Youngstown Sheet and Tube.

**Lukens Leads**  
 Lukens Steel featured its group with a gain of around 5 at its high, although it finished below that. The recently-depressed railroad group made a strong comeback, with Baltimore and Ohio, New York Central, Southern Pacific and Southern Railway all up a point or more.

Bethlehem Steel was the most active issue. It opened on a 30,000-share block and built up a momentum as it went along. Chrysler, U.S. Steel, United Aircraft, Standard Oil of New Jersey, Lukens, New York Central, General Motors, General Dynamics and Boeing all were active and strong.

**CD Seeks Okay For \$34 Billion Shelter Program**

WASHINGTON, Nov. 15 (UP)—The Civil Defense administration has urged President Eisenhower to approve a \$4 billion dollar program for "dual purpose" atomic shelters that could double as hospitals or school rooms in peacetime, it was disclosed today.

The idea was endorsed promptly by state Civil Defense directors at the closing session of their annual fall meeting here. They unanimously approved a statement warning that national survival might depend upon such a shelter program.

They acted after Federal Defense Administrator Leo Hoegh told them he regarded construction of underground shelters as "essential" in light of Soviet advances in the nuclear weapon and missile fields.

Informed sources said the shelter plan laid before the President by Hoegh would be designed primarily to protect the public from blast or fall-out in any nuclear bomb or atomic missile attack.

But in the meantime, they said, Hoegh's plans contemplated use of the underground shelters as supplementary classrooms, hospitals, or even as garages or parking plazas in big cities.

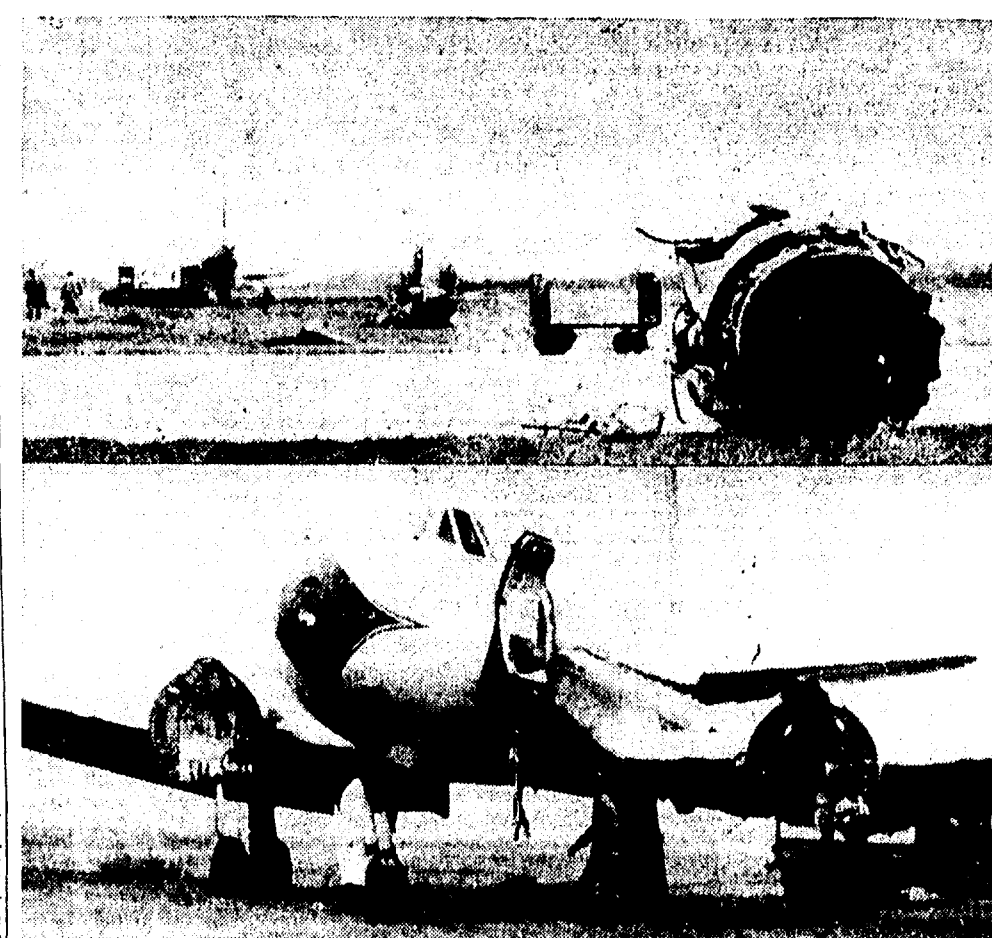

Hoegh was said to feel that this "dual purpose" feature would justify spending the \$4 billion dollars over a period of years. Previous plans for constructing underground shelters solely for Civil Defense have gotten nowhere in Congress.

Economy-minded opponents have argued that the vast expenditure would not be justified inasmuch as the "single purpose" shelters would lie idle and useless, except in time of attack.

**Coming Again!** A brand new adventure by Rudolph the Red-Nosed Reindeer. The exciting series starts next Monday in the Monroe Morning World when Rudolph tries to outwit the Giant Genie of Aladdin's Lamp.

In this thrilling new adventure, Rudolph finds himself in a mess of magic when he frees the ferocious Genie from Aladdin's Lamp. Will a Flying Carpet replace Rudolph as the motive power for Santa's sled? Will Merdin the Magician supplant Rudolph as Santa's chief helper?

You'll find all the answers to these questions in the new Rudolph series. Don't forget the date next Monday in the Morning World. If you are not already a subscriber, why not call the circulation department today and let us start your morning newspaper. Don't miss a single issue of this exciting strip.

Pilot swerved the plane off runway after engines fell off. Bottom photo shows plane minus engines as unidentified ground crewmen and state trooper checked craft. Two passengers and crew of three were unhurt. (AP Wirephoto)

## 30-Year Term Meted Out To Red Colonel

NEW YORK, Nov. 15 (UP)—Col. Rudolf Ivanovich Abel, a poker-faced Soviet agent with a career resembling a Hollywood spy thriller script, was sentenced to 30 years in prison and fined \$3,000 for passing U.S. defense and atomic secrets to Russia.

Abel, regarded as the most important Russian spy ever arrested in this country, could have been executed as were U.S. spies Julius and Ethel Rosenberg four years ago. The slight, balding Russian seemed to be expecting such a fate.

Abel escaped the death penalty after his attorney said there was a possibility that an American might be caught in a similar jam behind the Iron Curtain and Abel could be used in an exchange. He also said there was a possibility Abel might "co-operate" with future espionage investigations.

Judge Mortimer W. Byers, in sentencing the 55-year-old Soviet military intelligence colonel, said 30 years in prison would be virtually a life term for a man of Abel's age.

**Sent Secrets to Russia**  
 A federal jury convicted Abel of conspiring to send vital U.S. defense and atomic secrets to Russia, conspiring to gather such secrets and failing to register as an agent of a foreign power.

Byers sentenced Abel to 30 years on the first count, 10 years and a \$2,000 fine on the second, and five years and \$1,000 on the third, with the prison terms to run concurrently. He also levied a \$5,000 fine on the first count.

(Continued On Page 5-A)

## Air Force Asserts No Saucers Seen

WASHINGTON, Nov. 15 (AP)—The Air Force said today it has looked into five recent reports of mysterious lights and strange objects from the sky—and there isn't a flying saucer in the lot.

The Air Force report gave the most severe description — "hoax" — to the most vivid of the stories that began circulating after Soviet satellites turned the attention of Americans skyward. This was a Kearsney, Neb., man's account of being shown around the interior of a spaceship by its German-speaking crew.

But the Air Force technical investigators also dismissed as exaggerations, or misunderstood natural phenomena, stories of a huge glowing object touching ground near Levelland, Tex., and causing automobiles to stall; somewhat similar reports from near Alamogordo, N.M.; bright lights seen

(Continued On Page 5-A)

## Army To Boost Its Draft Calls

WASHINGTON, Nov. 25 (UP)—The Army will boost its draft call almost 50 per cent in January and will raise it even higher for the next five months, the Defense Department announced tonight.

The announcement said 10,000 men would be called into the Army in January compared with 7,000 in October, November and December.

**SCIENTISTS ADMIT**  
 Russia Unable To Return Satellites

MOSCOW, Nov. 15 (AP)—A Soviet scientist said today the dog Laika was allowed to die aboard Sputnik II because the Russians have not yet solved the problem of re-entry into the earth's atmosphere.

Alexei Pokrovsky told a news conference attended by six other leading Soviet scientists there never was a plan to bring the dog back to earth, as even some Russian scientists had suggested.

He said the dog died painlessly of oxygen deficiency when equipment that regenerated oxygen in the whizzing earth satellite had completed its work.

Pokrovsky, director of the laboratory where dogs are trained for space flight, said several more satellites with animals aboard must be launched before the first human space flight is attempted.

"We must first solve the problem of returning animals safely to earth before we can risk human life," he said.

The news conference apparently was called in part to set at rest speculation that Laika had died of poison administered in her last food, and to quiet reports that Soviet science had intended to return her to earth.

Academician Anatoli Blagonravov said the Russians expect future satellites to enter increasingly greater orbits "which will include the moon as well as the earth."

Blagonravov was asked why the Russians gave no advance warning of the satellite launchings, as expected by world scientists taking part in the International Geophysical Year.

"Advance notification of an unsuccessful launching is of no interest to anyone," he replied, "and anyway it was agreed at the IGY conference in the United States to announce only successful launchings."

Blagonravov said that the Soviet Union succeeded on its first attempt to put satellites into space, Sputnik I on Oct. 4 and

(Continued On Page 5-A)

## Says Next War Coming To America

By HENRY SHAPIRO  
 MOSCOW, Nov. 15 (UP)—Nikita S. Khrushchev today asserted Soviet superiority over the U.S. in the field of missiles and challenged the U.S. to a rocket-range "shooting match" to prove it.

He warned that any future war in the ballistic missile era would be "fought on the American continent" and said that while Russia also would "suffer immensely," the outcome would be the death of capitalism and the universal triumph of communism. But he said Russia never would start a war itself and that the people of the world wanted peace.

The Soviet Communist party chief ranged over military, political and diplomatic issues during a 2-1/2 hour interview with the United Press.

**Makes Major Points**  
 Khrushchev made these major points:

—He is "convinced" the U.S. does not have an intercontinental ballistic missile (ICBM) because "if she had she would have launched her own Sputnik."

—Russia never will start a war, but "some lunatics" might do so. —Prospects for preserving peace are "not bad."

—An East-West summit meeting is necessary but there probably will not be one in the near future.

—Russia and the U.S. alone could settle major world problems at a two-power meeting.

—The emergence of another Stalin in Russia is impossible.

—Georgi Z. ukov was ousted as defense minister because he fancied himself a Stalin. But he still remains a military "hero."

—Russia has the power to smash NATO bases the world over and strike at vital centers anywhere in the continental United States.

—Europe "might become a veritable cemetery" in another war.

—The American as well as the Russian people want peace.

**Hammers At Theme**  
 The Communist party chief hammered hard at his theme that the Soviet Union has outstripped the United States in missile development.

Khrushchev alluded the next war "history's most terrible."

"It would be fought on the (Continued On Page 5-A)

## Alert Cancelled: Rains Expected In State Areas

Warnings of possible tornadoes in parts of Louisiana, Arkansas and Mississippi were withdrawn late last night by the weather bureau in New Orleans.

The bureau said that although the threat of tornadoes had diminished, scattered thundershowers would continue through today.

Monroe had an unseasonable 78 degrees for its maximum temperature yesterday, and a low of 50 was recorded. There was one-tenth of an inch of rain. Thursday's readings were a high of 70 and a low of 55.

**RAIN**  
 The outlook for the Twin Cities today is partly cloudy and mild, (Continued On Page 5-A)

43 Britons Die  
 As Giant Plane  
 Smashes Island

NEWPORT, Isle of Wight, England, Saturday, Nov. 16 (AP) — A four-engine British Solent flying boat crashed in flames on a wooded hillside near Newport last night and 43 of the 58 persons aboard were believed killed.

65 Hoodlums  
 Freed After  
 Trooper Raid

NEW YORK, Nov. 15 (UP)—Police sent detectives today to the mountain hideaway where 65 of the nation's most notorious hoodlums assembled for a congress of crime which was broken up by state police.

Chief of Detectives Edward Byrnes sent his agents to Apalachin, N.Y., near the New York-Pennsylvania border, where some of the kingpins of organized crime, including leaders of the dreaded Mafia, were in session Thursday when state police arrived.

U.S. Attorney Paul W. Williams said the meeting was a further indication of a criminal syndicate operating on a nationwide scale with an annual take of \$2,280,000, 000.

150-Million in Dope  
 "The syndicate nets about \$180,000,000 in dope, \$100,000,000 in extortion and between one and two billion dollars in off-track gambling," he said.

One of those in attendance was Vito Genovese, often described as the "King of the Rackets" and reputed chief of the New York Mafia.

But neither Genovese nor any others were held after state police questioned them. None was armed, and none appeared to be breaking any laws.

Strange Meeting  
 But it was a strange meeting in the \$100,000 mansion of a beer distributor, and speculation on the reasons for the conclave centered on these possibilities:

The session may have been called to carve up the rackets empire left by the recently slain Albert Anastasia, "Lord High Executioner" of Murder, Inc. Several of those present had been questioned in the Anastasia murder.

The racketeers may have been seeking a means of countering increasing pressure from the congressional probe of rackets.

Senators Link  
 In Washington today Senate investigators said they had information linking the Mafia with racketeering in the teamsters union. Chairman John L. McClellan (D-Ark.) said the Rackets Committee must break up the combine before.

Brothers Eat  
 Roach Powder;  
 Youngest Dead

NEW ORLEANS, Nov. 15 (AP)—A 7-year-old Opelousas boy was critically ill today after eating of the same roach powder that killed his younger brother.

Ronnie Mendez was placed in an iron lung last night when he developed respiratory trouble. Charity Hospital authorities said today he was in very poor condition.

His 5-year-old brother, Robert, died yesterday in a Lafayette hospital.

The boys' parents, Mr. and Mrs. Gilbert Mendez, said a neighbor told them the two boys and several others found the roach powder in an abandoned building where they were playing Saturday.

An Opelousas physician said the brothers became ill Sunday. When the cause of Robert's illness was determined, his older brother was sent here.

The Mendez neighbor said some of the other children may have tasted the poisonous powder, but apparently didn't swallow enough to become ill.

 FOR ALL

Frenchmen  
 Enraged By  
 Arms Move

But Tunisians  
 Hail 'Champion  
 Of Liberty'—U.S.

TUNIS, Tunisia, Nov. 15 (AP) — This young Arab nation's pro-Western president declared today delivery of small arms to Tunisia by the United States and Britain could change the history of North Africa. The deliveries put France in a towering rage.

Hailing the United States particularly for its "role of champion of liberty," President Habib Bourguiba declared Tunisia belongs to the free world and intends to stay there.

But Paris newspapers hotly accused France's two big Western partners of "blackmail" and suggested France pull out of the North Atlantic Alliance. The French delegation walked out—at least temporarily—from a NATO parliamentary meeting in Paris where preliminary efforts are being made to strengthen the solidarity of the alliance in the face of Soviet achievements in missile and earth satellite science.

Could Be Imperiled  
 Premier Felix Gaillard told the French Parliament next month's scheduled NATO summit meeting in Paris could be imperiled unless the issue is settled to French satisfaction.

The explosion of French feeling.

Stocks Rise  
 Sharply After  
 Bank Action

NEW YORK, Nov. 15 (UP)—The Federal Reserve's easier money policy today triggered the second sharpest advance of the year in stock prices.

The industrial average scored its best gain since Oct. 23, when the market rang up the sharpest single day advance since Nov. 14, 1929. The railroad and utility averages also moved ahead sharply.

The rally, which brought numerous individual gains of 2 points or more into the main list, restored more than four billion dollars to market values and halted a three-day decline.

All Swing Up

All major groups participated in the upswing. Market experts said the cut in the discount rate was a shot-in-the-arm for business psychology, which has been a lot bluer than warranted by the facts. The rally in the first hour of trading was so spirited that volume for that period was the biggest in 17 years. The trading pace slowed down considerably after that and the market assumed a more normal trading pattern.

Gains of around 3 points or more near the close appeared in Amerasia, American Home Products, Eastman Kodak, Gulf Oil, National Lead, United Aircraft, and Youngstown Sheet and Tube.

Lukens Leads

Lukens Steel featured its group with a gain of around 5 at its high, although it finished below that. The recently-depressed railroad group made a strong comeback, with Baltimore and Ohio, New York Central, Southern Pacific and Southern Railway all up a point or more.

Bethlehem Steel was the most active issue. It opened on a 30,000-share block and built up momentum as it went along. Chrysler, U. S. Steel, United Aircraft, Standard Oil of New Jersey, Lukens, New York Central, General Motors, General Dynamics and Boeing all were active and strong.

CD Seeks Okay  
 For \$34 Billion  
 Shelter Program

WASHINGTON, Nov. 15 (UP)—The Civil Defense administration has urged President Eisenhower to approve a 34 billion dollar program for "dual purpose" atomic shelters that could double as hospitals or school rooms in peacetime, it was disclosed today.

The idea was endorsed promptly by state Civil Defense directors at the closing session of their annual fall meeting here. They unanimously approved a statement warning that national survival might depend upon such a shelter program.

They acted after Federal Defense Administrator Leo Hoegh told them he regarded construction of underground shelters as "essential" in light of Soviet advances in the nuclear weapon and missile fields.

Informed sources said the shelter plan laid before the President by Hoegh would be designed primarily to protect the public from blast or fall-out in any nuclear bomb or atomic missile attack.

But in the meantime, they said, Hoegh's plans contemplated use of the underground shelters as supplementary classrooms, hospitals, or even as garages or parking plazas in big cities.

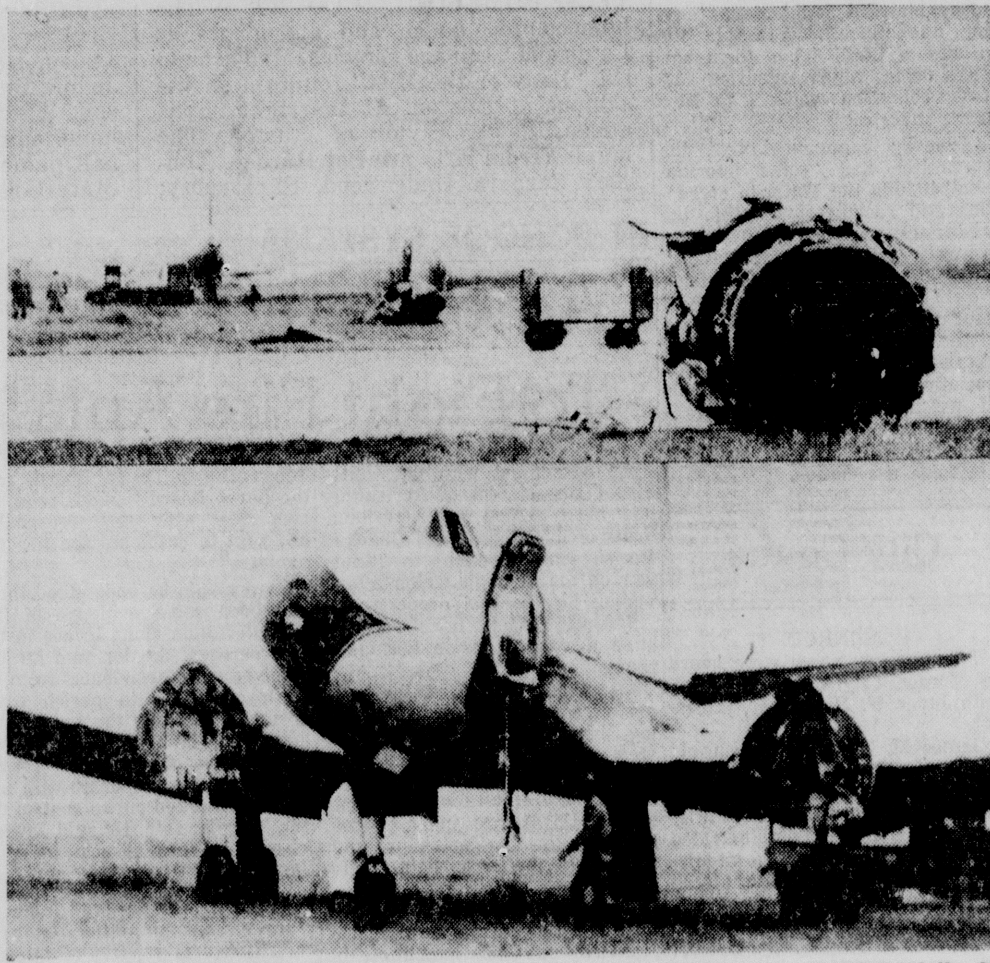

Hoegh was said to feel that this "dual purpose" feature would justify spending the 34 billion dollars over a period of years. Previous plans for constructing underground shelters solely for Civil Defense have gotten nowhere in Congress.

Economy-minded opponents have argued that the vast expenditure would not be justified inasmuch as the "single purpose" shelters would lie idle and useless, except in time of attack.

Pneumonia Fatal  
 To Sub Designer

NEW HAVEN, Conn., Nov. 15 (AP)—John M. Burnham, 40, designer of submarines, including the nuclear-powered Nautilus, died today at Grace-New Haven Hospital.

He had been in failing health for three months and a hospital patient for several weeks. Death was attributed to pneumonia.

PLANE THAT LOST ENGINES—Top photo shows Eastern Airlines "Silver Falcon" that lost both engines in a rough landing at Massena, N.Y. One engine is in foreground, other between runway and plane. Pilot swerved the

plane off runway after engines fell off. Bottom photo shows plane minus engines as unidentified ground crewmen and state trooper checked craft. Two passengers and crew of three were unhurt. (AP Wirephoto)

30-Year Term  
 Meted Out To  
 Red Colonel

NEW YORK, Nov. 15 (UP)—Col. Rudolf Ivanovich Abel, a poker-faced Soviet agent with a career resembling a Hollywood spy thriller script, was sentenced to 30 years in prison and fined \$3,000 for passing U.S. defense and atomic secrets to Russia.

Abel, regarded as the most important Russian spy ever arrested in this country, could have been executed as were U.S. spies Julius and Ethel Rosenberg four years ago. The slight, balding Russian seemed to be expecting such a fate.

Abel escaped the death penalty after his attorney said there was a possibility that an American might be caught in a similar jam behind the Iron Curtain and Abel could be used in an exchange. He also said there was a possibility Abel might "co-operate" with future espionage investigations.

Judge Mortimer W. Byers, in sentencing the 55-year-old Soviet military intelligence colonel, said 30 years in prison would be virtually a life term for a man of Abel's age.

Sent Secrets to Russia  
 A federal jury convicted Abel of conspiring to send vital U.S. defense and atomic secrets to Russia, conspiring to gather such secrets and failing to register as an agent of a foreign power.

Byers sentenced Abel to 30 years on the first count, 10 years and a \$2,000 fine on the second, and five years and \$1,000 on the third, with the prison terms to run concurrently. He also levied a \$5,000 fine on the first count.

COMING AGAIN

Coming Again! A brand new adventure by Rudolph the Red-Nosed Reindeer. The exciting series starts next Monday in the Monroe Morning World when Rudolph tries to outwit the Giant Genie of Aladdin's Lamp.

In this thrilling new adventure, Rudolph finds himself in a mess of magic when he frees the ferocious Genie from Aladdin's Lamp. Will a Flying Carpet replace Rudolph as the motive power for Santa's sled? Will Merdin the Magician supplant Rudolph as Santa's chief helper?

You'll find all the answers to these questions in the new Rudolph Series. Don't forget the date next Monday in the Morning World. If you are not already a subscriber, why not call the circulation department today and let us start your morning newspaper. Don't miss a single issue of this exciting strip.

Air Force Asserts  
 No Saucers Seen

WASHINGTON, Nov. 15 (AP)—The Air Force said today it has looked into five recent reports of mysterious lights and strange objects from the sky—and there isn't a flying saucer in the lot.

The Air Force report gave the most severe description — "hoax" — to the most vivid of the stories that began circulating after Soviet satellites turned the attention of Americans skyward. This was a Kearney, Neb., man's account of being shown around the interior of a spaceship by its German-speaking crew.

But the Air Force technical investigators also dismissed as exaggerations, or misunderstood natural phenomena, stories of a huge glowing object touching ground near Cleveland, Tex., and causing automobiles to stall; somewhat similar reports from near Alamogordo, N.M.; bright lights seen

Army To Boost  
 Its Draft Calls

WASHINGTON, Nov. 25 (UP)—The Army will boost its draft call almost 50 per cent in January and will raise it even higher for the next five months, the Defense Department announced tonight.

The announcement said 10,000 men would be called into the Army in January compared with 7,000 in October, November and December.

SCIENTISTS ADMIT

Russia Unable To  
 Return Satellites

MOSCOW, Nov. 15 (AP)—A Soviet scientist said today the dog Laika was allowed to die aboard Sputnik II because the Russians have not yet solved the problem of re-entry into the earth's atmosphere.

Alexei Pokrovsky told a news conference attended by six other leading Soviet scientists there never was a plan to bring the dog back to earth, as even some Russian scientists had suggested.

He said the dog died painlessly of oxygen deficiency when equipment that regenerated oxygen in the whirling earth satellite had completed its work.

Pokrovsky, director of the laboratory where dogs are trained for space flight, said several more satellites with animals aboard must be launched before the first human space flight is attempted. "We must first solve the problem of returning animals safely to earth before we can risk human life," he said.

The news conference apparently was called in part to set at rest

Says Next  
 War Coming  
 To America

By HENRY SHAPIRO

MOSCOW, Nov. 15 (UP)—Nikita S. Khrushchev today asserted Soviet superiority over the U.S. in the field of missiles and challenged the U.S. to a rocket-range "shooting match" to prove it.

He warned that any future war in the ballistic missile era would be "fought on the American continent" and said that while Russia also would "suffer immensely," the outcome would be the death of capitalism and the universal triumph of communism. But he said Russia never would start a war itself and that the people of the world wanted peace.

The Soviet Communist party chief ranged over military, political and diplomatic issues during a 2 1/2 hour interview with the United Press.

Makes Major Points

Khrushchev made these major points:

—He is "convinced" the U. S. does not have an intercontinental ballistic missile (ICBM) because "if she had she would have launched her own Sputnik."

—Russia never will start a war, but "some lunatics" might do so. —Prospects for preserving peace are "not bad."

—An East-West summit meeting is necessary but there probably will not be one in the near future.

—Russia and the U. S. alone could settle major world problems at a two-power meeting.

—The emergence of another Stalin in Russia is impossible.

—Georgi Z. ukov was ousted as defense minister because he fancied himself a Stalin. But he still remains a military "hero."

—Russia has the power to smash NATO bases the world over and strike at vital centers anywhere in the continental United States.

—Europe "might become a veritable cemetery" in another war. —The American as well as the Russian people want peace.

Hammers At Theme

The Communist party chief hammered hard at his theme that the Soviet Union has outstripped the United States in missile development.

Khrushchev alluded the next war "history's most terrible."

"It would be fought on the

Alert Cancelled;  
 Rains Expected  
 In State Areas

Warnings of possible tornadoes in parts of Louisiana, Arkansas and Mississippi were withdrawn late last night by the weather bureau in New Orleans.

The bureau said that although the threat of tornadoes had diminished, scattered thunderstorms would continue through today.

Monroe had an unseasonable 78 degrees for its maximum temperature yesterday, and a low of 50 was recorded.

There was one-tenth of an inch of rain. Thursday's readings were a high of 70 and a low of 55.

The outlook for the Twin Cities today is partly cloudy and mild.

SENATE PROBE

# Garbage Czar Refuses To Talk

WASHINGTON, Nov. 15 (UP)—Vincent J. Squillante, pint-sized czar of New York city's garbage collectors, refused today to tell Senate investigators about his relations with murdered mobster Albert Anastasia and other New York hoodlums.

Squillante, executive director of greater New York Cartmen's Association, told the Senate Rackets Committee only his name and address. On virtually all other questions, he took refuge in the fifth amendment's protection against possible self-incrimination.

In all, he invoked his privilege 111 times during his stay on the witness stand, one of the high points in the committee's investigation of corruption and racketeering in New York's 50 million dollar-a-year garbage hauling industry.

**Squillante Declines**  
Among other things, he declined to discuss his criminal record, his financial deals, or to say whether he ever claimed to be the "godson" of Anastasia, the New York hoodlum who was shot to death in a barber chair recently in a still-unsolved crime.

## Display Liking For Good Books

Don't be misled by the idea that all today's children care about is comic books and TV. Youngsters at Plum Street School proved otherwise this week, as a part of the National Education week.

A Book Fair, sponsored by the third graders in Mrs. Ruth Lovelady's class, was held. On exhibition were better-type books, and all the students were allowed to browse and select the books which they would like to own and read. Selections suitable for each grade were on display, and several parents made the trip to the school, to look at the worth-while reading.

"One parent had a book pointed out to him by his young daughter on Thursday, and he came back Friday morning to purchase it for her. He wanted it to be at home for her as a surprise when she got out of school yesterday, and was beaming at the idea," chuckled Miss Elois Conn, principal. Many other parents also were pleased with the selections available and bought books for their children, she added.

## Monroe Labor Market Drops

Employment in the Monroe Labor Market Area marked up the first decline in several months when the level dropped to 26,650 in October.

However, this is a 1,000 increase over October, 1956.

Despite the over-all loss in manufacturing, there were no sharp changes in any one group. Losses centered more or less in groups that were affected by weather conditions which have reduced all outside operations.

### CHEER THE SHUT-IN WITH MUM PLANTS

MARY'S FLOWER SHOP

318 NORTH 2ND STREET

The squad Squillante, named previously as an "important" member of the dread Mafia, declined to say even if he had ever heard of the Sicilian "black hand" organization of racketeers, gangsters, and narcotics overlords.

With his short legs dangling from the witness chair, Squillante had one stock retort to almost all questions: "I refuse to answer on the grounds that the answer may tend to incriminate me."

Committee counsel Robert F. Kennedy noted that previous testimony influenced Squillante as having an influential voice in the affairs of Local 813 of the teamsters union, which organized garbage collection workers in New York suburbs.

Kennedy commented that the committee had "some information" linking the Mafia to corruption and racketeering within the teamsters, which has been a prime target of its investigations. He said it involved areas outside New York and would be developed next year.

Another witness, James Rosetti, president of the Cartmen's Association, also refused, on grounds of possible self-incrimination, to answer questions about alleged links between the underworld and his trade association.

### City Courts

**MONROE**  
Twenty-seven cases were heard in Monroe City Court yesterday with Judge W. M. Harper, presiding.

James M. Thornton, 37-year-old Negro of 219 So. 12th, was fined \$135 and costs on a charge of speeding. Charges of reckless driving and driving while intoxicated were dropped against Thornton.

Mrs. Helen Arrant, 37, of 810 N. 2nd, paid \$400 and costs on a driving while intoxicated charge. A reckless driving charge against her was dropped.

Thirteen persons drew sentences ranging from two dollars or two days, up to \$50 or 50 days on charges including drunkenness, reckless driving, and minor traffic violations. A total of \$214.50 in bonds and court costs were forfeited by 12 other persons on minor traffic and civil charges.

**WEST MONROE**  
Judge Jasper E. Jones heard one case in West Monroe City Court yesterday.

One person paid \$30.50 on a charge of reckless driving.

Another forfeited a \$20.50 bond on a speeding charge.

### Services Today

**FARMVILLE (Special)** Funeral services will be held today for Robert W. Cargill, 61, who died in Camden, Ark., late Tuesday of a following a short illness.

Services will be in the home of his mother Mrs. Flora Cargill near Marion, with the Rev. Rupert Coles officiating under the direction of Kilpatrick Funeral Home.

Besides his mother, Mr. Cargill is survived by one sister Mrs. Charles A. Campbell, Sr., of Ferriday.

**TECH HOMECOMING COURT** — The homecoming queen and attendants at Louisiana Tech are shown seated around the "Lady of the Mist" fountain on the campus at Ruston. At the right is the queen, Patsy Taylor of Ruston. The maids (from left) are Pat Hardee, Monroe; Barbara Underwood, Shreveport;

Kata Ray Lusk, Plain Dealing; Virginia Buckner, Nopphet, Ark.; Mary Alice Insley, Delhi; Patsy Adcock, Rayville; Joanie Dupuy, Monroe; and Linda Watson, Alexandria. The highlight of the homecoming festivities will be the football game between Tech and Memphis State College starting at 2 p.m. today.

### IN SCHOOL SYSTEMS

## Agreement Signed To Fight Fire Ants

An agreement with the United States Department of Agriculture has been signed by superintendents of the Monroe and Ouachita Parish school systems to declare war on the fire ants which are invading local school property.

Several schools have reported huge dirt piles inside the classrooms.

An all-out attack on the pest, aside from the schools, is also taking shape here. Members of the West Monroe Chamber of Commerce are to meet Monday to map a plan of attack, and crews of the USDA are in this area, ready to start the control program as soon as the green light is given.

The government has offered to eradicate the ants in any locality that will pay one fourth of the extermination cost.

So far as could be learned the two local school systems were the only groups to have signed agreements clearing the way for extermination.

However, there may be signed agreements authorizing USDA crews to open the campaign in West Monroe after Monday.

**Levee Board Ready**  
Roy Snyder, president of the

## Yule Parade Is Arranged

Plans for the annual downtown Monroe Christmas parade were completed yesterday afternoon at a meeting of the planning committee of the Monroe Retail Merchants Association and a committee of the Junior Chamber of Commerce.

Herbert Fink, parade chairman, said that the 1957 parade, which has as its theme, "Bands and Toys," promises to be one of the longest parades ever staged in Monroe. The event is to begin Friday Nov. 29 at 3 p.m.

## Police Arrest Five Persons

City Police arrested five persons late yesterday on charges ranging from battery to bond jumping.

Annie Lewis, 54 - year - old Negro of 209 Eighth Street, posted a \$100 bond after being arrested on a warrant carrying a charge of use of a stick, as a weapon.

Transferred to the parish jail was Cassie Elliott, 46, who gave her address as Tourist Hotel. She is held on a bond - jumping charge.

Two men were arrested at 1500 Breard on a charge of soliciting, and each was held on a \$500 bond. The men were booked as Gerald E. Greenway, 23, of Trimble Apartments on South Grand, and Martin D. Lyke, 41, of 911 Bres Ave.

Also held was Earl Celestin, 36-year-old Negro of 1507½ Medlock, on charges of committing simple battery on Catherine Otis, Ernestine McWilliams, and trespassing on the property of Mike Ernestine Taylor.

## Death Claims Mrs. D. Anders

Mrs. D. F. Anders, 64, wife of the Reverend D. F. Anders of Claiborne Methodist Church in West Monroe, died yesterday morning at 3:20 in a New Orleans hospital.

Services are scheduled for 2:30 p.m. Sunday at Claiborne Church. Burial will be in Arcadia cemetery, under the direction of Conger Funeral Home of Arcadia. The Reverend Anders will officiate.

Mrs. Anders is survived by her husband, two sons; James Anders, presently in service; G. D. Anders, Minden and one daughter, Mrs. Mary Wade, Los Angeles.

## The Arrives In South For Week's Play

AUGUSTA, Ga., Nov. 15 (UP) — President Eisenhower arrived in the deep South today for a brief golfing vacation and received a warm welcome, complete with mayor and mayor-elect at the airport.

The White House had been somewhat prepared for a cool reception because of deep South feelings on the President's use of federal troops in the Little Rock school integration crisis.

But on the President's 16th trip to Augusta since his election in 1952, the crowd size and reaction seemed entirely normal. About 250 persons were at Bush Field when the President and Mrs. Eisenhower landed from Washington at 2:24 p. m.

There was a burst of applause as the President and his wife, in a new autumn russet wool dress, stepped onto the ramp leading from the plane.

The Eisenhowers smiled broadly and descended into a handshaking group of friends. In the welcome party were Mayor Hugh Hamilton of Augusta and Mayor-elect Millard Beckum.

Mayor Hamilton smilingly shook hands with the chief executive, but told reporters, "I think there is a great deal of ill feeling toward the President in Augusta as a result of his decision to send troops into Little Rock."

Hamilton added, however, "I

think you'll find the President warmly received by the people of Augusta—I may not agree with some of his actions, but he is President of the United States and I respect his office."

That seemed to sum up the situation as the President and his wife climbed into a White House Chrysler and headed for the Augusta National Golf club where they expected to stay until the middle of next week.

## Bid Accepted On West Carroll Potato Cannery

OAK GROVE (Special) —The West Carroll parish Police Jury this week accepted a bid totaling \$65,200 for the construction of a sweet potato canning plant and warehouse of the Mary Dale Products Company.

Five bids were presented. The successful bidder for the construction project was the Hughes Engineering Company of Magnolia, Ark. The bid was accepted contingent upon the parish industrial aid bonds of \$125,000 which must be sold before January 6, 1958. Critical factor in the bidding was completion of buildings within 75 days. The facilities are to be in operation by August, 1958.

Police Jury president H. E. Philley was authorized to advertise for bids for concrete floor work, plumbing, water wells and electrical wiring.

The canning plant will be located one mile south of Oak Grove off State Highway 17 in Ward 3, West Carroll Parish.

## Patty Named Commander Of

Lt. Col. Homer E. Patty has been announced as the new commanding officer of the ROTC at Louisiana Tech, effective November 30.

The 37 - year veteran of the Air Force will succeed Col. Harry W. Atkinson. Lt. Col. Patty is a native of Kirkland, Washington. He received his B. A. in history and education from the University of Washington.

He has served with the Strategic Air Command since 1949, his last assignment being wing director of personnel at Plattsburg AFB, New York.

During World War II he served in the Mediterranean, European and China - Burma - India theaters of operations and later served in England and North Africa.

Colonel Patty's wife is a native of Geneva, Ala. They have two children, Scott, four years old, and Bruce, 20 months. They will live at 1511 North Trenton street in Ruston.

### Calhoun Woman Hurt In Wreck

A 20-year-old Calhoun woman was in St. Francis hospital last night after her car left the road and rammed a tree near Calhoun yesterday morning.

Miss Joyce Walters sustained a broken left wrist, nose, and lacerated right knee, but was reported resting well at St. Francis Hospital last night.

According to Miss Walters, the accident happened about 9:30 a.m. yesterday on the Indian Village Road just south of Calhoun. She explained that her car struck a hole in the blacktop, and she lost control of the vehicle which was extensively damaged when it struck a tree on the right side of the road.

Miss Walters is the daughter of Mr. and Mrs. C. G. Walters of Calhoun, and is employed as a telephone operator in Monroe.

### Police Arrest Five Persons

City Police arrested five persons late yesterday on charges ranging from battery to bond jumping.

Annie Lewis, 54-year-old Negro of 209 Eighth Street, posted a \$100 bond after being arrested on a warrant carrying a charge of use of a stick as a weapon.

Also held was Earl Celestin, 36-year-old Negro of 1507 1/2 Medlock, on charges of committing simple battery on Catherine Otis, Ernestine McWilliams, and trespassing on the property of Mike Ernestine Taylor.

### Death Claims Mrs. D. Anders

Mrs. D. F. Anders, 64, wife of the Reverend D. F. Anders of Claiborne Methodist Church in West Monroe, died yesterday morning at 3:20 in a New Orleans hospital.

Services are scheduled for 2:30 p.m. Sunday at Claiborne Church. Burial will be in Arcadia cemetery, under the direction of Conger Funeral Home of Arcadia. The Reverend Anders will officiate.

Mrs. Anders is survived by her husband, two sons: James Anders, presently in service; G. D. Anders, Minden and one daughter, Mrs. Mary Wade, Los Angeles.

## The Arrives In South For Week's Play

AUGUSTA, Ga., Nov. 15 (UP)

President Eisenhower arrived in the deep South today for a brief golfing vacation and received a warm welcome, complete with mayor and mayor-elect at the airport.

The White House had been somewhat prepared for a cool reception because of deep South feelings on the President's use of federal troops in the Little Rock school integration crisis.

But on the President's 16th trip to Augusta since his election in 1952, the crowd size and reaction seemed entirely normal. About 250 persons were at Bush Field when the President and Mrs. Eisenhower landed from Washington at 2:24 p.m.

There was a burst of applause as the President and his wife, in a new autumn russet wool dress, stepped onto the ramp leading from the plane.

The Eisenhowers smiled broadly and descended into a handshaking group of friends. In the welcome party were Mayor Hugh Hamilton of Augusta and Mayor-elect Millard Beckum.

Mayor Hamilton smilingly shook hands with the chief executive, but told reporters, "I think there is a great deal of ill feeling toward the President in Augusta as a result of his decision to send troops into Little Rock."

Hamilton added, however, "I

think you'll find the President warmly received by the people of Augusta—I may not agree with some of his actions, but he is President of the United States and I respect his office."

That seemed to sum up the situation as the President and his wife climbed into a White House Chrysler and headed for the Augusta National Golf club where they expected to stay until the middle of next week.

## Bid Accepted On West Carroll Potato Cannery

OAK GROVE (Special) —The West Carroll parish Police Jury this week accepted a bid totaling \$65,200 for the construction of a sweet potato canning plant and warehouse of the Mary Dale Products Company.

Five bids were presented. The successful bidder for the construction project was the Hughes Engineering Company of Magnolia, Ark. The bid was accepted contingent upon the parish industrial aid bonds of \$125,000 which must be sold before January 6, 1958. Critical factor in the bidding was completion of buildings within 75 days. The facilities are to be in operation by August, 1958.

Police Jury president H. E. Philley was authorized to advertise for bids for concrete floor work, plumbing, water wells and electrical wiring.

The canning plant will be located one mile south of Oak Grove off State Highway 17 in Ward 3, West Carroll Parish.

## Patty Named Commander Of

Lt. Col. Homer E. Patty has been announced as the new commanding officer of the AF ROTC at Louisiana Tech, effective November 30.

The 17-year veteran of the Air Force will succeed Col. Harry W. Atkinson. Lt. Col. Patty is a native of Kirkland, Washington. He received his B. A. in history and education from the University of Washington.

He has served with the Strategic Air Command since 1949, his last assignment being wing director of personnel at Plattsburg AFB, New York.

During World War II he served in the Mediterranean, European and China - Burma - India theaters of operations and later served in England and North Africa.

Colonel Patty's wife is a native of Geneva, Ala. They have two children, Scott, four years old, and Bruce, 20 months. They will live at 1511 North Trenton street in Ruston.

## U.S. ANNOUNCES

### Czar Slated For Missile Program

By CHARLES CORDDRY

WASHINGTON, Nov. 15 (UP)—Defense Secretary Neil H. McElroy announced today that he would concentrate development of missiles and other futuristic weapons under a single boss in an effort to wrest the scientific lead from Russia.

McElroy conceded at his first formal news conference that Russia had leaped in front in the missile-satellite race. But he predicted the United States would "not only close the gap but do even better."

To do this, he said, he will name within a month "a single manager" to speed output of "novel" weapons. In a blow at any inter-service rivalry, McElroy said the manager would handle research and development solely on a "non-service connected basis."

**Action Against Charges**  
The new defense secretary's action was aimed at charges that rivalry between the Army, Navy

and Air Force has slowed this country's missile program.

For the first time in the Defense Department's 10-year history, McElroy said, research and development of new weapons will be a direct responsibility of the department itself, rather than being farmed out to the military services.

The new "single manager" will deal only with "urgent, high-priority" new weapons. He will carry them through from the time "when they are a mote in some scientist's eye to where they are about to become operational," McElroy said.

**Department Hopes**

McElroy also disclosed that the Defense Department hoped for swift allied agreement to let this country establish intermediate range ballistic missiles bases in Europe, perhaps at the Dec. 16 meeting of the North Atlantic Treaty Organization council which President Eisenhower will attend.

At present there is only an arrangement with Great Britain for such bases. The announced aim is to offset Russia's claimed possession of an intercontinental ballistic missile with shorter-range but equally deadly intermediate missiles.

McElroy's announcement came shortly after Dr. James R. Killian Jr., the President's new scientific chief of staff, was sworn into his post at the White House. Killian declined any comment on his new duties.

One of his first tasks will be to clarify his authority and responsibility in the missile-satellite program. The President gave him the task of mobilizing the nation's scientific brainpower, but so far his duties have only been broadly outlined.

## IN DISTRICT COURT

### 21 Drunk Driving Cases Are Heard

Twenty-one cases involving charges of drunk driving came before Judge David I. Garret yesterday during the morning session of Fourth District Court.

Fifteen offenders pleaded guilty to the charges. Horace G. Johnson, who admitted drunk driving as a second offender, was remanded for sentencing until January 6, 1958.

Ralph G. Chapman, who also admitted driving while intoxicated, was charged in juvenile court with contribution to child delinquency. He was fined \$400 or 90 days in jail on the first offense, and given a six-month suspended jail sentence after pleading guilty to the second charge.

Fined \$300 or 60 days in jail were Marvin Smith, Robert C. Bynum, Lloyd R. Womack, Willie N. Sumler, Jr., Henry Gordon, and Theo Welsh for driving while intoxicated. On the same charge Isiah Ross, and Francis M. Lowery were fined \$400 or 90 days. Lowery was also fined \$50 or 10 days and 30 days suspended for driving without a license, and \$25 or 10 days, suspended on payment of costs, for driving without a 1957 license tag.

Pleading not guilty, and set for trial at a later date were Allon J. Porter, Jan. 10; Thomas B. Teater, Dec. 6; Johnnie Wright, Dec. 6; Bedford F. Bolin, Dec. 20; and William P. Crowmover, second offense, Jan. 10.

**Remanded**  
Pleading guilty and remanded for sentencing were Louis Campbell, Dec. 13; Jeff E. Flowers, Dec. 9; and Curtis Davis, Dec. 19.

On charges of drunk driving, John L. Holloway failed to appear and was called on bond, as was T. Cassie Elliott. The case against Edward H. Curry, Jr., was continued.

J. M. Pardue admitted selling beer after hours, and was fined \$50 or 10 days plus 10 days compulsory in jail, suspended. Charles Norman, Negro, was tried and found guilty of hit and run driving. He was fined \$100 and costs or 30 days in jail, plus 30 days compulsory, suspended.

The case against Calvin Shepard, charged with reckless driving, was continued until Dec. 13. Charges against Henry Gordon of permitting fraudulent use of his driver's license were dropped. Called on bond was Willie E. Martin, charged with driving without a license. Homer K. Craig was also called on bond for failure to surrender his driver's license.

For reckless driving, Elbert B. Brock was fined \$25 or 10 days; Willie M. Green pleaded not guilty and was set for trial on Dec. 6; James V. McCallister was fined \$25 and costs or 10 days in jail; Jasper Clyde Sellers denied the charges and will be tried on Dec. 6; and Jane A. Watson will be tried on Dec. 6.

Set for appearance at a later date is Alvin B. Fletcher, charged with driving without a license.

**Other Cases**  
Fined \$25 and costs or 10 days in jail for disturbing the peace, were David Foy, Thompson L. Lively and John Parker. Chester S. Porter will be tried on Jan. 10.

Sylvester Lewis denied theft of gasoline valued at \$1.70 and will be tried on Dec. 6.

On charges of selling whiskey to a minor, Stella Tannehill pleaded not guilty and will be tried on Dec. 6.

T. C. Robinson denied removing chattel mortgaged property out of the parish, and will be tried on Jan. 10.

Pleading guilty to theft of a pump gun worth \$100 was Aubrey D. Jones who also denied receiving stolen things. He was remanded until a pre-sentence investigation is made, on the first charge.

James M. Steele denied issuing a worthless check for \$24.88 for hotel accommodations, and another worthless check for \$25.

Denying charges of theft of merchandise worth \$31.25 was R. L. Thornton.

Among persons in jail charged with felonies, Robert Bearden denied charges of forgery; Robert Marshall Byrd, alias Edward Marshall Byrd, pleaded guilty to two counts of simple burglary and was remanded for pre-sentence investigation.

George Kennedy denied a charge of aggravated battery; Jesse Ray Kennon pleaded not guilty to theft of a truck valued at \$750; and John R. Clayton was remanded for pre-sentence investigation after admitting a charge of forgery.

Al N. Tabler denied counts of theft of cash and merchandise valued at \$30, and of \$41.42.

On seven counts of simple burglary, Almon Chester Thornhill pleaded not guilty.

Thomas Turner was remanded for pre-sentence investigation, after admitting two counts of theft of a truck worth \$750 and simple burglary was Dewayne Edward Nugent.

Charges were dropped against Mack Rogillo and Wesley Davis, charged with distributing the peace. Gene J. Uhrback, and Joe Uhrbach criminal trespass; and James Arceneaus, Harold Arrant, Harry Lee Freeland and Billy Wayne Brown, all charged with illegal use of weapons.

In Juvenile Court, Frank Smith denied contributing to child delinquency and will be tried on Dec. 13. A hearing on reciprocal enforcement of support petition was on the docket, with Lillian Mac Lennan vs. William Mathews.

### Citizens Council Rally Slated In Winnfield Area

WINNFIELD (Special) A rally will be held in Winnfield Tuesday at 7:30 p.m. with Louisiana Attorney General Jack P. F. Gremillion as the featured speaker.

The Winn Parish Citizens Council made the announcement of the rally, and D. E. Sikes, president of the group, has invited Citizens Council members and guests from throughout this section of the state to attend the rally.

Sikes said several Ouachita Parish members will attend the meet, to be held in the Winnfield High School auditorium.

**NEW MUSIC LESSON**—Youngsters in fourth grade at Lexington school are taught music in the latest approved manner by Miss Roberta McKinney, music consultant for one of three companies whose books have been approved

by the state legislature. Looking on are several teachers who will decide on the book they desire for their students. Four workshops were conducted for parish teachers yesterday. (Staff photo by Bill Coleman)

## TUNISIAN ARMS

### U.S. And British Continue Airlift

TUNIS, Nov. 15 (UP)—The British authorities took pains to deny that United States and Britain are making the controversial arms deliveries as unobtrusive as possible.

French objections. President Habib Bourguiba immediately hailed the move as the first step toward peace in North Africa.

"We are duty-bound to encourage America in her present orientation which can help the solution of the Algerian problem," he said. Two U. S. Air Force Globemaster transport planes flew into the heavily guarded airfield here with 200 M-1 rifles and 50,000 pounds of ammunition.

The planes taxied to a far-off corner of the field, where Tunisian troops unloaded them and whisked the arms away in army trucks. Two British Royal Air Force planes flew in before dawn with a cargo of 350 submachine guns and 70 Bren guns.

The arms were delivered under an Anglo-American pledge to help Tunisia's pro-western president find guns for his army. The decision was made over French protests that it was a brutal violation of Atlantic solidarity and might bring down the newly-formed government of Premier Felix Gaillard.

Bourguiba praised the United States' decision to grant Tunisia arms.

**Won't Remain Deaf**  
"America will not remain deaf forever to injustice," Bourguiba said in a radio address to his nation after the arrival of the first plane load of weapons.

Bourguiba also acted to ease French fears of the transfer of the arms to Algerian rebels. He said Tunisia needed the arms for its own self-defense and accepted the "reasonable" American condition that the weapons would be kept out of Algeria.

The Tunisian, American and

### Wetzel Hunt Concentrated In Mississippi

JACKSON, Miss., Nov. 15 (UP)—A search for Frank Wetzel, mental hospital escapee wanted in the murder of two North Carolina patrolmen, was concentrated in Mississippi today.

Wetzel was believed headed for the state prison at Parchman in an attempt to free his 35-year-old brother, William Wetzel, from death row.

**Matches Description**  
Police on the alert in New Orleans picked up a man today who matched Frank Wetzel almost perfectly—down to a tattoo on the left arm and a scar on the upper right lip. The almost perfect match lacked one thing—fingerprints. A comparison cleared the man.

Later in the day, Alabama highway police stopped a car believed to be carrying Wetzel. After a check the man was released and roadblocks in the area were withdrawn.

Frank Wetzel escaped from the Willard (N. Y.) state hospital Oct. 21. He was there for observation after being picked up on a parole violation charge.

TUNISIAN ARMS

U.S. And British Continue Airlift

TUNIS, Nov. 15 (UP)—The United States and Britain airlifted arms to Tunisia today over French objections. President Habib Bourguiba immediately hailed the move as the first step toward peace in North Africa.

"We are duty-bound to encourage America in her present orientation which can help the solution of the Algerian problem," he said. Two U. S. Air Force Globemaster transport planes flew in the heavily guarded airfield here with 500 M-1 rifles and 50,000 pounds of ammunition.

The planes taxied to a far-off corner of the field, where Tunisian troops unloaded them and whisked the arms away in army trucks. Two British Royal Air Force planes flew in before dawn with a cargo of 350 submachine guns and 70 Bren guns.

The arms were delivered under an Anglo-American pledge to help Tunisia's pro-western president find guns for his army. The decision was made over French protests that it was a brutal violation of Atlantic solidarity and might bring down the newly-formed government of Premier Felix Gaillard.

Bourguiba praised the United States' decision to grant Tunisia arms.

Won't Remain Deaf  
"America will not remain deaf forever to injustice," Bourguiba said in a radio address to his nation after the arrival of the first plane load of weapons.

Bourguiba also acted to ease French fears of the transfer of the arms to Algerian rebels. He said Tunisia needed the arms for its own self-defense and accepted the "reasonable" American condition that the weapons would be kept out of Algeria.

The Tunisian, American and

British authorities took pains to make the controversial arms deliveries as unobtrusive as possible.

Bastrop Police Holding Negro On Two Counts

BASTROP (Special) — A Laffera, Texas, Negro was being held by Bastrop police yesterday on charges of attempted robbery and aggravated assault.

Authorities said Earnest Randolph Brock, said to be visiting Bastrop relatives, was identified as the person who attempted to rob Leigh's Grocery about 9 a.m. yesterday.

Brock told Chief of Police Ray Sibley that he entered the store under the pretense of buying groceries, and that when the clerk, the only other person present, turned to go to the back of the store, he struck her over the head with a soft drink bottle. Brock said she was not knocked unconscious and began to scream for help.

Brock fled from the store and was found five blocks away about an hour after the attempted robbery, officers said.

### Farm Vote Low

One of the strangest results of the federal government's farm subsidization program has been the virtual elimination of the middle-class farmer who, for generations, constituted the most powerful political force in America—the farm bloc.

The government's program made businessmen-farmers out of those who had plenty of land and it drove the farmers with small acreage into urban areas and industry for at least a part of their living. The middle-sized farmer was pushed out altogether, and both the little farmer, with five to 40 acres, and the big farmer, with several thousand acres, became urbanized. The little farmer reached this status because of the necessity of earning a living away from the farm. The big farmer became big enough to live in town and to associate with businessmen in other lines of endeavor.

These and several other factors have placed the American farmer at an all-time low ebb in political influence.

As recently as 1920, the farm population represented more than 30 per cent of the total. Today it is only 13.3 per cent. Between 1950 and 1956, when the government was especially strong in controlling farm production, the farm population declined by 2,800,000 persons. This loss was taken almost from the middle-sized farmers, since the big ones made more money than ever before and the little ones continued to work a few acres while living or working in town.

Cutting still further into the influence of the farm vote were the divisions which occurred among the farmers of different areas. There have been splits between southern cotton and

tobacco interests and between mid-western corn and wheat interests. The south has accused the government of virtually turning the cotton-growing industry over to the west, after the south had held it for so many years.

The result is that old farm organizations are no longer able to deliver any substantial blocks of votes to their congressmen.

Now that the farmer's voting influence is about gone, both the Republican and the Democratic parties have given some indication of being ready to shelve him in their mad scramble for the bloc vote they believe can be delivered by the Negroes. This may be a good thing for the farmer. If the government will let him alone, he will at least be able to regain some measure of his former independence, regardless of whether or not he makes more money.

There are still more farmers in this country than there are Negroes but the politicians are counting on voting the Negroes in herds. The politicians who are so eager to declare that all Negroes are intelligent enough to vote want to stand by and tell them how to cast their ballots. They want to pay a few of the top Negro political leaders to herd the Negro voters in like sheep.

The day will come when the Negroes will realize that many of them are being taken for a one-way ride by the Russian-inspired Communists and by the politicians who are buying the votes, in one way or another, from the Negro political bosses.

The Negroes will learn eventually that they, as well as the farmers, must stand on their own merits, if they are to be free people.

### Air Force Human

The highest official in the United States air force, Secretary James Douglas, has proved that officials of this country still do not regard men as machines. He has proved that he possesses human sympathy and regards the members of the U.S. armed service as human beings.

Secretary Douglas tossed the rule book out of the window and voided the forced resignation of a lieutenant who wants to give one of his kidneys to save his brother's life. The officer is Lieut. Samuel Merriman of the Oklahoma air national guard, who has been stationed at Hondo, Tex. Douglas has ruled that Merriman may stay in the air force after donating the kidney, even though he may not be able to fly.

Anyone who donates a vital organ of his own body to save life of another is making a great sacrifice, since he materially cuts down his own chances of survival to old age. He also is giving up the organ without knowing whether the transplant will be successful. Punishment of a man for such a humanitarian act as this would not be pleasing to the American people for the reason that they are not cold-blooded and heartless.

In this connection, some of the recent comments, both official and otherwise, on the alleged superiority of the Russians call for reconsideration. There are those who seem to think that Russia has proved itself superior to the United States and that, therefore, this country should adopt Russian methods. Nothing could please the Russians more, since their purpose is to make other nations adopt their form of rule.

We have always contended that our system of free enterprise and freedom

### GEORGE SOKOLSKY'S DAYS

### Next War Won't Permit

### Time For Big Changeover

On June 27, 1956, in this column appeared the following paragraphs: "We have recently witnessed the spectacle of generals and admirals and members of the Cabinet appearing before a Senate committee and announcing to all the world with some detail that the Russians are beating us in the armament race. The country was as much taken by surprise as when it was discovered that the Russians had the atom bomb. "What is the real explanation for our backwardness? There is no use telling our people that we have taken second place in a field in which the American genius has been foremost, the field of inventiveness and manufacture. What has gone wrong?"

What was said then was true until President Eisenhower announced that he had appointed a missile boss. Why the delay? Why is unification limited to missiles? Why the lack of effective meeting of challenges when they appear? The weapons of war are rapidly changing but this has always been true between wars. However now

another factor has been added, namely, the speed of the changeover. There will be no 18 months delay while our factories tool up and get ready for the great push as there was in World War II. There will be no opportunity to knock out the enemy after he has fought for nearly six years on multiple fronts as we did to Hitler. The first battle could be the last battle in the next war. The atom and hydrogen bombs delivered from airplanes may already be approaching obsolescence as we move into the era of guided missiles and rockets. The distance between the user of a weapon and the enemy may be as wide as between the Rockies and the Urals. When space is conquered, time disappears and what used to take years might be accomplished in time measured by minutes.

The new weapons are designed to destroy cities which lend themselves to almost automatic destruction because of their complexities. Take, for instance, a city like New York. Underground is a most complex arrangement of arteries: subways, electric light and power wires, telephone cables, water mains, steam pipes, sewers, post office chutes, etc. A weapon which could put these out of commission swiftly would put the city out of commission. The streets are narrow and overbuilt by structures which rise to the apex of 102 floors as in the Empire State Building. The falling glass would assist an enemy as much as the fire that is inevitable even from a blockbuster.

### Now They Both Have Turkeys

### BASCOM TIMMONS

### Good Calibre Is Seen In Rights Commission

There no longer appears any doubt that all of the six members of the Civil Rights Commission named by President Eisenhower will be confirmed. Some of them may be questioned at length before the Senate Judiciary Committee, headed by Senator Eastland of Mississippi and some opposition may be expressed both in debate on the Senate floor and in the formal vote on confirmation. But even the Southern Senators who realize that the Commission is heavily weighted on the side of integration feel that the calibre of the members of the Commission is higher than they had expected it to be.

Hearings by the Commission will probably extend over a period of 18 months. The law requires it to report its findings and recommendations to the President and Congress by September 3, 1959, and it will go out of existence 60 days after that. Little doubt can exist about what those recommendations will be. The Supreme Court ordered "all deliberate speed" in school integration. In slightly different language perhaps this Commission just as-

surely will make findings the intent of which will be to extend integration into other fields. The very make-up of the Commission guarantees that. Eighteen months of hearings could hardly be expected to change the basic convictions of the commission's members. Its divisions at the outset are these:

(1) Enthusiastic Integrationists — John A. Hannah, president of the University of Michigan and former Assistant Secretary of Defense; the Rev. T. H. Hesburgh, president of Notre Dame University, and J. Ernest Wilkins, Assistant Secretary of Labor, and the first Negro ever appointed to so high a post in a President's Cabinet family.

(2) Middle of the Roaders — Former Associate Supreme Court Justice Stanley Reed and Robert G. Storey, dean of Southern Methodist University's law school and former President of the American Bar Association.

(3) Segregationist — Former Governor John S. Battle of Virginia. Reed, it has been believed (secrets sometimes leak out even

from the Supreme Court) was the most reluctant of all but finally joined in the unanimous Supreme Court decision banning racial segregation in public schools. It may be said that only three members of the Supreme Court (Warren, Black and Douglas) were enthusiastic integrationists, although one other (Frankfurter) may not have been far behind them.

Nevertheless the other members joined in the decision. Reed, being from the State of Kentucky foresaw the resistance that would be offered, which Chief Justice Warren and some of the others did not. One thing can be stated: The hearings by the Commission will not be dominated by the National Association of the Advancement of Colored People, as some Senators predicted it would be. Reed will see that the hearings are conducted with dignity and he will never allow it to become a policeman or a prosecutor. If his health holds up during his 74th and 75th years he can be expected to be the dominant figure in writing the report and if so it will probably be what will be called a moderate report in the North, but not so in the South.

Dean Storey is the most difficult of the members to classify. He does not necessarily believe a decision of the Supreme Court is sacrosanct, his friends say, and certainly he regards it as the Supreme Court not the Supreme Government. Nevertheless he is not regarded as moderate as Justice Reed. Of course it is not the function of the Commission to review the Supreme Court decision, but it will go into the fields just about as ticklish as public education.

Mr. Storey could never be expected to go along with the sentiment shown in a Richmond, Virginia, poll. That poll, taken by the Richmond News Leader, disclosed that ninety-two per cent totally opposed school segregation; 79 per cent denied even a "moral" obligation to accept the basic Supreme Court decision of 1954 and 65 per cent were willing to have the State close all public schools as an alternative to integration.

That Richmond poll reflects the feelings of a large part of the South where school integration has not been attempted, but soon will be. Presumably it is held also in that section of the United States in other subjects the Commission will be asked to make recommendations against. These will include barriers to interracial marriage, hotels, occupancy in office buildings, public eating places, public parks and recreation facilities. Governor Battle is expected to take the line of no retreat from the traditional Southern position on all these points. There may be individual dissenting or concurring opinions on various sections of the report, but on the overall proposition the integrationist will have it, probably five to one; maybe four to two.

While there are men of considerable distinction on the commission, overall it does not have sufficient prestige to make it likely that its findings and recommendations will carry maximum weight. But try right quickly to name one or two commissions out of the dozens that have been appointed (including the Wickersham commission of the Prohibition era) which did accomplish much, or have any permanent effect.

### PORTRAITS

By James J. Metcalfe

#### Who Really Lost?

I CAN remember clearly now . . . The way it happened then . . . And it was your desire . . . Should never meet again . . . It was an evening just like this . . . Except the sky was gray . . . When your decision puzzled me . . . And took my breath away . . . And ever since that moment I . . . Have hoped you would explain . . . What made you turn away from me . . . In sunshine and in rain . . . There must have been some reason why . . . You did not want me, dear . . . I only hope with all my heart . . . Your feeling was sincere . . . Because as I consider now . . . Some qualities you lack . . . I might be somewhat hesitant . . . To ever take you back.

### CONGRESSIONAL QUARTERLY

### NATO Political Union Proposed

WASHINGTON, Nov. (CQ) — An old - but - untried idea for beefing up the Western Alliance may win a new hearing from Congress and the Administration, now that desperate measures to counter the Soviets again are in vogue.

This is the proposal that the United States call a convention of citizens from the NATO countries to "explore" the possibility of turning the Atlantic Community into a political union.

The idea may be given a test - run when a large delegation of Senators and Representatives gathers in Paris for the Nov. 11-16 meeting of the NATO Parliamentary Conference. The U.S. group may ask the other delegations to vote on the question: Would you favor an Atlantic Convention if Congress decided to sponsor it?

An overwhelming "Yes" could serve to put the proposal on the agenda for the President's meeting, Dec. 3, with Congressional leaders, preparatory to his own trip to Paris for the Dec. 16-18 meeting of NATO heads of state. Greater unity of purpose and action among the Western allies — objective of the President's forthcoming trip — is an old theme. More than four years ago, NATO's Council of Ministers resolved to "broaden cooperation in every field and so made the Atlantic Community a lasting reality."

That intention has been restated several times since, but the accomplishments have proved small. Right now attention is focused on ways of catching up with the Soviets on the scientific front. This was the principal topic of President Eisenhower's talks with British Prime Minister Harold Macmillan. The solution appears to lie in some arrangement for "pooling" Western talents and resources. But whether this can be achieved short of some sacrifice of national sovereignty remains to be seen.

State Department Opposition — A federal union of the Atlantic democracies has intrigued many persons since it was first proposed, in 1939, by Clarence K. Streit in his book "Union Now." In 1949, the year NATO came into being, a score of Senators sponsored a resolution calling on the President to invite the other NATO countries to a "federal convention to explore how far their peoples can apply between them the principles of free federal union."

Congress took no action on the proposal then or in 1959 when it was reintroduced by 27 Senators. The Senate Foreign Relations Committee finally held three days of hearings on a revised version of the proposal in 1955 and 1956, but took no further action in the face of State Department hostility. Secretary of State John Foster Dulles objected that the proposal would put the President in the position of seeming to endorse such a union, even though the conven-

tion was to be purely exploratory. Supporters of the original proposal have since shifted to a more modest objective — a non-governmental convention of citizens from the Western democracies to explore ways to "achieve more effective and democratic unity in advancing their common" interests. By leaving it entirely to Congress to take responsibility for calling the convention and selecting the American delegates, and by eliminating any mention of a "federal union," they hope to overcome the chief objections voiced against the proposal.

If the effort to push the resolution through Congress is renewed in January, it will reflect a change in State Department attitude from antagonism to benevolent neutrality. Without such a change, proponents of the measure despair of winning broad support among Republicans as well as Democrats. It is up to Secretary of State John Foster Dulles, who may be persuaded to revise his views by his Under Secretary, Christian A. Herter, an avowed supporter of the Atlantic Convention idea when he served in the House of Representatives.

Dulles Shift? — Two straws in the wind suggest that Dulles may abandon his previous stance. At his press conference Nov. 5, he was asked whether it was possible to have military integration without political unity. In answering, he said: "The question really comes down to whether nations are willing voluntarily to accept a measure of control over their forces by persons of another nationality in time of peace. They do it in time of war. They can do it in time of peace. The only question is whether they think that the danger is so great that they need to make what is not regarded as a normal peace-time sacrifice."

"Now I think that we do face a situation where the danger is so great, where the consequences of not combining are so serious . . . that there will be increasing acceptance of that point of view. It is quite possible." Dulles was talking about military cooperation, but his remarks may have had a broader connotation. The next day, at any rate, he called in five prominent officials of the Truman Administration for a two-hour discussion of Western unity. Two of the men — William H. Draper, Jr. and Charles M. Spofford — were signers of the 1954 "Declaration of Atlantic Unity" which urged the NATO be developed as "a central agency to coordinate the political, trade and defense policies" of its members. Draper is an active member of the Atlantic union committee, the organization whose principal goal for the past eight years has been the calling of a convention to discuss a federal union.

Man has been astonishingly non-political in trying to turn national defeatism into something more American. Senator Lyndon Johnson's purpose, he tells me, is to "unfreeze" the country's paralyzed cold war effort. He is "not about to knock somebody in the head," and he wants no advice from the "told-you-so-boys." On the other hand, he sided up on the cautious policy in military manufacture of playing only what he calls the 99 - to - 1 sureshot. Johnson was a Congressman during World War II when General George Marshall, chief of staff, asked for money to invest blindly in an untried weapon. It turned out to be the atomic bomb. The Preparedness Subcommittee investigation won't satisfy Chairman Johnson unless it plays a few long - shots into the winner's circle.

There is a strange, almost chivalric, relationship between the parties. The Democratic leader cannot be brought to say anything directly critical about "my fellow - cardiac," as Johnson fondly calls President Eisenhower. The two most - injured political groups, Southern, and Old Guard Republicans, are now patriotic in coming to the President's aid. The Democratic rally - round man has been astonishingly non-political in trying to turn national defeatism into something more American. Senator Lyndon Johnson's purpose, he tells me, is to "unfreeze" the country's paralyzed cold war effort. He is "not about to knock somebody in the head," and he wants no advice from the "told-you-so-boys." On the other hand, he sided up on the cautious policy in military manufacture of playing only what he calls the 99 - to - 1 sureshot. Johnson was a Congressman during World War II when General George Marshall, chief of staff, asked for money to invest blindly in an untried weapon. It turned out to be the atomic bomb. The Preparedness Subcommittee investigation won't satisfy Chairman Johnson unless it plays a few long - shots into the winner's circle.

# Man Shot After Wounding Cops

(Continued From Page One) quit about two months ago, after their disagreement. Later, she told officers, "If I hadn't been so damn stupid, he wouldn't have done anything. We will have been married 11 years next January and never had any trouble before this."

Baskerville told police Greene borrowed the pistol from David Kelly, a State Highway Department employee, yesterday, claiming there were prowlers in the neighborhood.

Kelly told police he had loaned a gun to Greene yesterday.

**Dropped To Knees**

Johnson dropped to his knees, ducked to one side to dodge bullets, drew his gun and fired two shots into Greene's head and shoulder.

Standing alongside a door, Greene slowly fell to the floor. While falling, Greene emptied the .22 calibre target pistol he held.

One bullet struck the trigger guard of Johnson's gun, shattering a finger.

The victims were taken to a hospital, where all three underwent surgery.

His wife said Greene formerly was employed as a foreman on construction work at Dow Chemical Co., Plaquemine, and that he

## Two Queens Crowned By West Monroe

An extremely wet field did not dampen the spirits of the West Monroe High School student body celebrating its fourth annual homecoming last night at Neville Stadium. Culminating one of the decisions, two senior girls were chosen to reign over the festivities: Misses Connie Ware and Shirley Gardenia, flanked by fourteen maids, cheered their team to a victory over the Ruston Bearcats.

Alumni of the 1954-1955 classes were honored in the pregame ceremonies emceed by Garland Webb, president of the senior class, P. B. Mangum, principal delivered the welcoming address, and Raymond Clark, class of '54 acknowledged.

**Queens Crowned**

The queens were crowned by Bell, president of the WMHS Quarterback Club. Queen Connie Ware was escorted across the field by Freddy Webb; Queen Shirley Gardenia walked with Billy Joe Thompson.

The court which reigned over the 1957 homecoming game comprised the following maids and their alumni escorts: Judy Norris, and Billy Don Hughes; Jo Anna Massey and Jimmy Edmiston; Sandra Houston and Malcolm Bass; Linda McCormick and Wayne Hendricks; Cherry Chapman and Don DeLoach; Sylvia Hayden and Doug Brewer; Linda Lavender and Bruce Lee; Carol Ann May and Carl McMillan; Dianna Stockstill and Mack Hunt; Dianne Prestwood and Tommy Brakefield; Linda Steele and Robert Harris; Portia Gould and Sammy Fordham; Joy Hale and Eugene Thrasher; and Amy Hood and Dewayne Malmay.

Little Miss Kathy McClure carried the Queen's bouquets. She was escorted by Master Skipper Hardin, the crown bearer.

## Says Next War Coming To America

(Continued From Page One)

American continent which can be reached by our rockets," he said. Khrushchev said the first ballistic rocket launched by the Soviet Union "hit the bullseye" and that the Soviet Union now could "dispose of bases in Europe, Africa and Asia" which the West counts on.

Expressing his own doubts that the United States had a workable intercontinental ballistic missile (ICBM), he said that if the United States refuses to believe Soviet claims: "Let's have a peaceful rocket contest just like a rifle shooting match and they'll see for themselves."

**No Interpreters Used**

Khrushchev spoke in his Kremlin office. No interpreters were used. He answered questions submitted in advance and replied in a personal interview at a long, baize-covered conference table.

The party leader was accompanied by Soviet Press Chief Leonid Ilyichev and a stenographer.

The party chief said that a third world war would not necessarily mean the end of mankind, as some scientists have predicted, but would mean the annihilation of the capitalist system.

When it was pointed out that the West has NATO bases circling the Soviet Union, he replied:

"It is true that we are surrounded by American bases. But we have our own intercontinental ballistic missile rockets and submarines. Our submarines can block American ports and shoot (into) American interior while our rockets can reach any target. America's vital centers are just as vulnerable as NATO bases."

**'U. S. Has No ICBM'**

"I am convinced that America has not got the ICBM. If they had, they would have launched their own Sputnik. We launched our Sputnik on the basis of our ICBM, and, if necessary, we can launch any number of Sputniks we want."

He repeated: "America has ballistic missiles, but not the ICBM."

"In spite of what American officials say," he asserted, "bombers are useless compared to rockets. How many bombers can get through and actually deliver hydrogen bombs?"

It was a question he had asked before and answered in a similar vein.

He said the Soviet Union has "thwarted" a Syrian-Turkish war. Despite world tensions, he said he believed the chances for peace are "not bad."

"I don't think we have a pre-war situation now," he said. But he denounced Secretary of State John Foster Dulles for creating "an artificial war psychosis."

The United States, he said, "won't succeed in making war. The balance of strength is against them. Even Dulles knows that."

He added that the American people themselves want peace, and that the Soviet Union, "at any rate, will never start a war."

of the banks at Camden, Ark. David said there is no danger of flooding in this area.

The river, gauged at 25 and one-tenth of a foot here yesterday morning, has a flood stage of 40 feet in Monroe.

## 'Jos' Ramblin'

(Continued From Page One)

is one of our substantial citizens," Mr. Weeks stated.

When news of this episode reached the ears of Smith he at once wrote his cousin and received a prompt reply. The two men had not corresponded in 30 years!

**Possibilities**

Frank Baylor, president of the Monroe Exchange Club is daily receiving listings of persons who are being given as possibilities for the honor this year of being named the man or woman of "Golden Deeds."

This club performs a great service to Monroe through recognizing persons who up to now have been "by-passed" when honors for good deeds are accorded. The club seeks to bring out in the open persons whose names are not on everybody's lips.

In the past years the following have been honored by the Exchange club. They are James A. Noe, the late E. L. Neville, the late Dr. E. K. Means, and last year the first woman, Miss Julia Wossman.

Baylor asks for more names of worthy persons. All will be given careful scrutiny and study by a special committee. The deadline is set for November 21 — last day in which names will be accepted.

## No Saucers Seen, Says Air Force

(Continued From Page One)

from a Coast Guard cutter in the Gulf of Mexico, and by planes patrolling near White Sands, N.M.

**Moisture Blamed**

As for the various reports of automobile engines stalling in the vicinity of mysterious objects the report suggested that, rather than mysterious rays, the cause likely was thunderstorms soaking ignition systems and, in one case, an automobile mechanic's mistake.

Of the Nebraska incident, the Air Force commented, "Investigation revealed that local officials consider originator wholly unreliable." An earlier news story from Nebraska said the man who told the story had agreed to undergo psychiatric examination.

The Air Force investigators said another observer in the same area had reported his automobile stalling, but that an interview with his mechanic disclosed that repairs had been made on the car's distributor and a part apparently had been left in a position which could cause engine failure.

**Big Light**

The investigators said that when they checked accounts of a fiery object hundreds of feet long supposed to have been seen by dozens of persons in Texas, they could find only three who saw the "big light." The light, they said, was visible only intermittently. Thunderstorms were raging at the time.

The investigators concluded that what was seen was a natural electrical phenomenon called "ball lightning" or "St. Elmo's fire" and that the same stormy conditions which cause such phenomena might account for wet engines and consequent stalling of automobiles.

**Not Verified**

The report said stories of a light near Alamogordo strong enough to cause sunburn were not verified on interview with the originator, and that he acknowledged that the faded-out of his radio in the area was the same sort of thing which had happened there before.

Investigation of the sightings from the Coast Guard cutter, the report said, indicated that three objects had been recorded by radar and one had been sighted visually. Some of the radar returns indicated contact in exactly opposite directions almost immediately, the report said, suggesting an echo effect which sometimes gives false radar returns.

Analysis of radar records on two of the contacts indicated that one was moving about 250 miles an hour and the other about 660. The investigators concluded that aircraft, both propeller and jet driven, and possibly radar echoes,

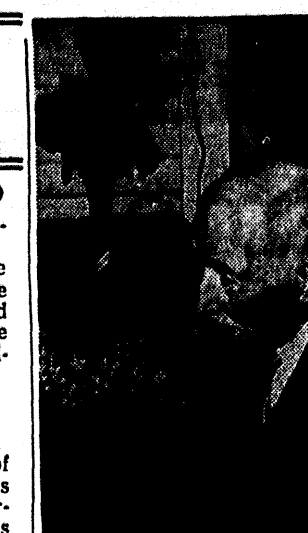

accounted for sightings which occurred in an area where both the Air Force and Navy make many flights.

The sightings by plane pilots in the White Sands, N.M., area, the report said, apparently are explainable by the planet Venus in an unusually favorable position to be seen, and cloud formations around the moon.

There was no indication in this dispatch, passed through censorship whether Pokrovsky's remarks about re-entry applied to the intercontinental ballistic missile or only to satellites carrying animals.

The problem is to bring satellites or missiles from far out in space back through the earth's dense atmosphere without their blazing into extinction from friction, like meteors.

The Russians, in announcing they had successfully fired an ICBM, implied they had licked the problem for missiles although some Western scientists have expressed doubt. President Eisenhower said in his Nov. 7 address to the nation the United States had solved this problem.

JAMES M. KING

## Franklin Man Celebrates Birthday 103

WINNSBORO (Special) — It was turkey dinner with all the trimmings at the King home on Winnsboro Route 20, 10 miles southwest of Winnsboro yesterday, when James M. King celebrated his 103rd birthday with an informal family dinner.

A retired farmer and retail merchant, King said yesterday he believed he could live to be "more than 104."

Many friends and neighbors, along with a host of relatives, visited with "Uncle Jim" during the day.

At 103, he still enjoys three big meals a day, and can eat anything he wants. He stays up all day every day, usually sitting in his rocking chair listening to the ballgame and news on the radio. He walks to the dining table to eat, his only physical handicap being failing eyesight.

The aged man has only been in a hospital one time, and that was on his 99th birthday. Since then his only illness has been a slight cold.

**Arkansas Native**

A native of Independence County, Ark., King was 11 years old when the Civil War ended. He has lived in Franklin Parish since 1870, and has been in the same house for the past 70 years.

One of the first cotton gins in Franklin Parish was operated by King, and with his brothers, John and Mack, he constructed the First Methodist Church building in Winnsboro.

King's wife, the former Miss Clara Brinsfield, died in 1928 during the 50th year of their marriage. Six of the 10 children are still living. They are G. E. and J. F. Winnsboro, Dr. Brinsfield King, Baton Rouge; Mrs. L. M. Cook, Foreman, Ark. and Mrs. A. E. Hynum and Mrs. W. H. Price, Winnsboro. King has 16 grandchildren, 16 great-grandchildren, and two great-great-grandchildren.

## 65 Hoodlums Freed After Trooper Raid

(Continued From Page One)

fore the hoodlums "take over the country." Earlier the Senate investigators had linked the Mafia to the gangster-dominated garbage industry in New York.

State police, alerted to the conclave, flushed the hoodlums from the mountain top retreat of beefy Joseph Barbara, a beverage distributor who has beaten four murder indictments.

Among the gangsters questioned by state police and then released were Joseph Profaci, Brooklyn olive oil king and reputed elder statesman of the Mafia; and John Anthony De Marco, of Shaker Heights, a fashionable Cleveland suburb, whose arrest record includes charges of murder, bombing and blackmail. Others came from nine states, Puerto Rico and Cuba.

accounted for sightings which occurred in an area where both the Air Force and Navy make many flights.

The sightings by plane pilots in the White Sands, N.M., area, the report said, apparently are explainable by the planet Venus in an unusually favorable position to be seen, and cloud formations around the moon.

There was no indication in this dispatch, passed through censorship whether Pokrovsky's remarks about re-entry applied to the intercontinental ballistic missile or only to satellites carrying animals.

The problem is to bring satellites or missiles from far out in space back through the earth's dense atmosphere without their blazing into extinction from friction, like meteors.

The Russians, in announcing they had successfully fired an ICBM, implied they had licked the problem for missiles although some Western scientists have expressed doubt. President Eisenhower said in his Nov. 7 address to the nation the United States had solved this problem.

of the program are conducted by the Soviet Academy of Sciences and "the other details are of no scientific interest."

## 30-Year Term Meted Out To Red Colonel

(Continued From Page One)

but eliminated the fine after being advised that the law governing transmission of defense secrets did not provide a fine.

Abel's court-appointed attorney, James B. Donovan, said he would confer with the Russian colonel over the weekend and announce early next week whether an appeal would be made. The government prosecutor, Assistant U.S. Attorney General William F. Tompkins, said he was very satisfied with the sentence.

Donovan said in pleading for leniency that nothing could be gained by executing the Russian spy.

"Normal justification of the death penalty is its possible effect as a deterrent," the attorney said. "It is absurd to believe that the execution of this man would deter the Russian military."

"It is possible that in the foreseeable future an American of equivalent rank will be captured by Soviet Russia or an ally," Donovan said. "At such time an exchange of prisoners through diplomatic channels could be considered to be in the best national interest of the United States."

"To date, the government has not received from the defendant what it would regard as co-operation. However, it of course remains possible that this situation would be altered in the future, and accordingly it would appear to be in the national interest to keep this man available for a reasonable period of time."

Abel, a veteran of 30 years of cloak-and-dagger work for the Russians and the father of a son and married daughter in Moscow, took the sentence as he did his arrest June 21 — without display of emotion.

Although the government did not ask the death penalty, Abel apparently had been resigned to it. He told a courtroom attendant who tipped a coat rack on him during the month-long trial, "don't kill me yet. My time will come soon enough."

Abel posed as an impoverished artist for nine years while heading what the government described as the biggest Kremlin-trained spy ring ever uncovered in the United States. He was arrested originally on charges of entering the country illegally and came within a hair of being deported before the spy charges were lodged against him.

## 2 Programs On Forestry Fire Prevention Set

Two educational programs will be conducted in this area next week by the Monroe district office of the State Forestry Commission.

Monday, a group of Cub Scouts with Mrs. L. B. Armstrong, Den Mother, will meet at the commission headquarters on North 18th street at 3 p.m. for a program stressing the importance of forest fire prevention.

A film will be shown and Smokey the Bear will visit the Cub Scouts.

Wednesday, District Forester V. E. Robinson will address a forest protection class at Louisiana Tech at 1 p.m., speaking on the operations of the forestry commission.

A film will be shown and Smokey the Bear will visit the Cub Scouts.

Wednesday, District Forester V. E. Robinson will address a forest protection class at Louisiana Tech at 1 p.m., speaking on the operations of the forestry commission.

## Birthday Spent In Courthouse

Like to spend your birthday in court? That's what happened to a prominent Monroe official yesterday.

But it was a perfectly normal occurrence for Judge David I. Garrett. The Judge presided over the regular Friday session of Fourth District Court — and no one in the Courthouse knew of the special day until the Judge had left the building.

## 2 Men Injured In Auto Crash

Two men, one a West Monroean, were injured when their car rammed the rear of lumber transport just south of Halle early last night.

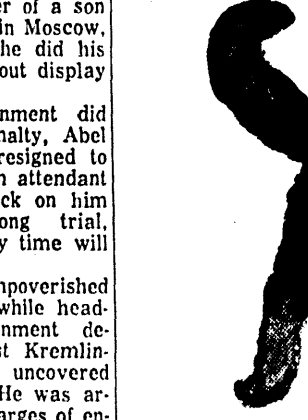

At St. Francis hospital for x-ray and observation were C. I. Brashear, 61, of West Monroe, and M. Ballard, 47, of Little Rock. Both men were released after treatment of abrasions and bruises.

According to the victims, the wreck occurred on the Marion-Halle Road about 6 p.m. last night.

The two men explained that a loaded lumber truck, apparently broken down, had parked in the traffic lane. Brashear, driver of the car said he was blinded by an oncoming vehicle and rammed the truck, demolishing his car.

(Continued From Page One)

vehicles, according to investigating officers.

State Police said Bass apparently lost control of his vehicle and swerved into the path of the oncoming gravel truck.

Bass had operated a blacksmith shop in Winnfield for a number of years before moving to Camden, Ark. He was a native of Grant Parish.

Funeral arrangements were incomplete last night, but will be under direction of Southern Funeral Home of Winnfield.

He is survived by his widow, Mrs. Violet Daniels Bass of Camden, Ark.; two sons, Stanley Bass of the U.S. Navy in Hawaii; Haywood Bass, Mississippi City, Miss.; one daughter, Mrs. G. C. Bates, Winnfield; three brothers, W. A. Bass, Winnfield; H. B. Bass, Kinderhook, La.; and three sisters, Mrs. D. A. Gilbert, Ruston; Mrs. Barton Stone, New London, Tex.; and Mrs. J. M. Bullock, Georgetown.

**\$3,000 BURGLARY**

DALLAS, Nov. 15 (UP)—Burglars cut a hole in the roof of the Taylor Pharmacy early today and made off with about \$3,000 in cash and a supply of paragon.

# Man Shot After Wounding Cops

(Continued From Page One)

also called police after Mrs. Greene came to her and told her Greene had been drinking and had a gun. Mrs. Greene later told officers he had threatened to shoot her.

Police said when Stoeztner entered the apartment, night stick in hand, Greene fired. The officer slumped to the floor.

**Dropped To Knees**

Johnson dropped to his knees, ducked to one side to dodge bullets, drew his gun and fired two shots into Greene's head and shoulder.

Standing alongside a door, Greene slowly fell to the floor. While falling, Greene emptied the .22 calibre target pistol he held.

One bullet struck the trigger guard of Johnson's gun, shattering a finger.

The victims were taken to a hospital, where all three underwent surgery.

His wife said Greene formerly was employed as a foreman on construction work at Dow Chemical Co., Plaquemine, and that he

# Two Queens Crowned By West Monroe

An extremely wet field did not dampen the spirits of the West Monroe High School student body celebrating its fourth annual homecoming last night at Neville Stadium. Culminating one of the decisions, two senior girls were chosen to reign over the festivities Misses Connie Ware and Shirley Gardenia, flanked by fourteen maids, cheered their team to a victory over the Ruston Bearcats.

Alumni of the 1954-1957 classes were honored in the pre-game ceremonies emceed by Garland Webb, president of the senior class. P. B. Mangum, principal delivered the welcoming address, and Raymond Clark, class of '54 acknowledged.

**Queens Crowned**

The queens were crowned by Bell, president of the WMHS Quarterback Club. Queen Connie Ware was escorted across the field by Freddy Webb; Queen Shirley Gardenia walked with Billy Joe Thompson.

The court which reigned over the 1957 homecoming game comprised the following maids and their alumni escorts: Judy Norris, and Billy Don Hughes; Jo Anna Massey and Jimmy Edmiston; Sandra Houston and Malcolm Bass; Linda McCormick and Wayne Hendricks; Cherry Chapman and Don DeLoach; Sylvia Hayden and Doug Brewer; Linda Lavender and Bruce Lee; Carol Ann May and Carl McMillan; Dianna Stockstill and Mack Hunt; Dianne Prestwood and Tommy Brakefield; Linda Steele and Robert Harris; Portia Gould and Sammie Fordham; Joy Hale and Eugene Thrasher; and Amy Hood and Dewayne Malmay.

Little Miss Kathy McClure carried the Queen's bouquets. She was escorted by Master Skipper Hardin, the crown bearer.

# Says Next War Coming To America

(Continued From Page One)

American continent which can be reached by our rockets," he said.

Khrushchev said the first ballistic rocket launched by the Soviet Union "hit the bullseye" and that the Soviet Union now could "dispose of bases in Europe, Africa and Asia" which the West counts on.

Expressing his own doubts that the United States had a workable intercontinental ballistics missile (ICBM), he said that if the United States refuses to believe Soviet claims: "Let's have a peaceful rocket contest just like a rifle shooting match and they'll see for themselves."

**No Interpreters Used**

Khrushchev spoke in his Kremlin office. No interpreters were used. He answered questions submitted in advance and replied in a personal interview at a long, baize-covered conference table. The party leader was accompanied by Soviet Press Chief Leonid Ilyichev and a stenographer.

The party chief said that a third world war would not necessarily mean the end of mankind, as some scientists have predicted, but would mean the annihilation of the capitalist system.

When it was pointed out that the West has NATO bases circling the Soviet Union, he replied:

"It is true that we are surrounded by American bases. But we have our intercontinental ballistic missile rockets and submarines. Our submarines can block American ports and shoot (into) American interior while our rockets can reach any target. America's vital centers are just as vulnerable as NATO bases.

**'U. S. Has No ICBM'**

"I am convinced that America has not got the ICBM. If they had, they would have launched their own Sputnik. We launched our Sputnik on the basis of our ICBM, and, if necessary, we can launch any number of Sputniks we want."

He repeated: "America has ballistic missiles, but not the ICBM."

"In spite of what American officials say," he asserted, "bombers are useless compared to rockets. How many bombers can get through and actually deliver hydrogen bombs?"

It was a question he had asked before and answered in a similar vein.

He said the Soviet Union has "thwarted" a Syrian-Turkish war. Despite world tensions, he said he believed the chances for peace are "not bad."

"I don't think we have a pre-war situation now," he said. But he denounced Secretary of State John Foster Dulles for creating "an artificial war psychosis."

The United States, he said, "won't succeed in making war. The balance of strength is against them. Even Dulles knows that."

He added that the American people themselves want peace, and that the Soviet Union, "at any rate, will never start a war."

of the banks at Camden, Ark. David said there is no danger of flooding in this area.

The river, gauged at 25 and one-tenths of a foot here yesterday morning, has a flood stage of 40 feet in Monroe.

# Jes' Ramblin'

(Continued From Page One)

is one of our substantial citizens," Mr. Weaks stated.

When news of this episode reached the ears of Smith he at once wrote his cousin and received a prompt reply. The two men had not corresponded in 30 years!

## Possibilities

Frank Baylor, president of the Monroe Exchange Club is daily receiving listings of persons who are being given as possibilities for the honor this year of being named the man or woman of "Golden Deeds."

This club performs a great service to Monroe through recognizing persons who up to now have been by-passed when honors for good deeds are accorded. The club seeks to bring out in the open persons whose names are not on everybody's lips.

In the past years the following have been honored by the Exchange club. They are James A. Noe, the late E. L. Neville, the late Dr. E. K. Means, and last year the first woman, Miss Julia Wossman, was named.

Baylor asks for more names of worthy persons. All will be given careful scrutiny and study by a special committee. The deadline is set for November 21 — last day in which names will be accepted.

# No Saucers Seen, Says Air Force

(Continued From Page One)

from a Coast Guard cutter in the Gulf of Mexico, and by planes patrolling near White Sands, N.M.

**Moisture Blamed**

As for the various reports of automobile engines stalling in the vicinity of mysterious objects the report suggested that, rather than mysterious rays, the cause likely was thunderstorms soaking ignition systems and, in one case, an automobile mechanic's mistake.

Of the Nebraska incident, the Air Force commented, "Investigation revealed that local officials consider originator wholly unreliable." An earlier news story from Nebraska said the man who told the story had agreed to undergo psychiatric examination.

The Air Force investigators said another observer in the same area had reported his automobile stalling, but that an interview with his mechanic disclosed that repairs had been made on the car's distributor and a part apparently had been left in a position which could cause engine failure.

**Big Light**

The investigators said that when they checked accounts of a fiery object hundreds of feet long supposed to have been seen by dozens of persons in Texas, they could find only three who saw the "big light." The light, they said, was visible only intermittently. Thunderstorms were raging at the time.

The investigators concluded that what was seen was a natural electrical phenomenon called "ball lightning" or "St. Elmo's fire" and that the same stormy conditions which cause such phenomena might account for wet engines and consequent stalling of automobiles.

**Not Verified**

The report said stories of a light near Alamogordo stalling enough to cause sunburn were not verified on interview with the originator, and that he acknowledged that the fade-out of his radio in the area was the same sort of thing which had happened there before.

Investigation of the sightings from the Coast Guard cutter, the report said, indicated that three objects had been recorded by radar and one had been sighted visually. Some of the radar returns indicated contact in exactly opposite directions almost immediately, the report said, suggesting an echo effect which sometimes gives false radar returns.

Analysis of radar records on two of the contacts indicated that one was moving about 250 miles an hour and the other about 660. The investigators concluded that aircraft, both propeller and jet driven, and possibly radar echoes,

(Continued From Page One)

Sputnik II on Nov. 3, and that there were no failures.

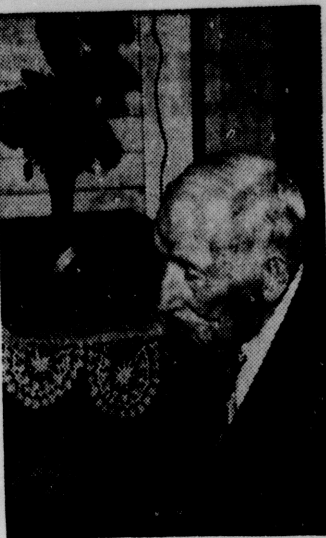

Discussing new fuel for future rockets, Blagonravov said "we're working on such a higher calorie fuel but the work is still in progress."

An academican identified only as Dijushin said on Nov. 4 the Soviet Union had used improved "new sources of power" to get the Sputniks into space. This led to speculation Soviet science had come up with a new fuel.

Blagonravov said the apparatus alone in Sputnik II weighed more than half a ton. The first Soviet announcement said Sputnik II weighed 1,120.29 pounds.

Academican Ivan P. Bardin was asked if the Soviet rocket and satellite work was under military or scientific direction.

Bardin declined to answer directly. He said scientific phases

JAMES M. KING

# Franklin Man Celebrates Birthday 103

WINNSBORO (Special) — It was turkey dinner with all the trimmings at the King home on Winnsboro Route Two, 10 miles southwest of Winnsboro yesterday, when James M. King celebrated his 103rd birthday with an informal family dinner.

A retired farmer and retail merchant, King said yesterday he believed he could live to be "more than 104."

Many friends and neighbors, along with a host of relatives, visited with "Uncle Jim" during the day.

At 103, he still enjoys three big meals a day, and can eat anything he wants. He stays up all day every day, usually sitting in his rocking chair listening to the ballgames and news on the radio. He walks to the dining table to eat, his only physical handicap being failing eyesight.

The aged man has only been in a hospital one time, and that was on his 99th birthday. Since then his only illness has been a slight cold.

**Arkansas Native**

A native of Independence County, Ark., King was 11 years old when the Civil War ended. He has lived in Franklin Parish since 1870, and has been in the same house for the past 70 years.

One of the first cotton gins in Franklin Parish was operated by King, and with his brothers, John and Mack, he constructed the First Methodist Church building in Winnsboro.

King's wife, the former Miss Clara Brinsfield, died in 1928 during the 50th year of their marriage. Six of the 10 children are still living. They are G. E. and J. F., Winnsboro; Dr. Brinsfield King, Baton Rouge; Mrs. L. M. Cook, Foreman, Ark., and Mrs. A. E. Hymun and Mrs. W. H. Price, Winnsboro. King has 16 grandchildren, 16 great-grandchildren, and two great-great-grandchildren.

# Indians Play Wildcats In Homecoming Game

Northeast seeks to add a bit of lustre to a disappointing season tonight at Brown Stadium when they play Louisiana College before the old grads in their annual homecoming game.

The kickoff will be at 8 o'clock for the game that Northeast is favored to make its second victory of the year. The homecoming queen will be crowned at the game and a special homecoming show will be given by the Northeast band at halftime.

Coach J. W. Patrick's Louisiana College Wildcats will be looking for their second victory of the year and first against Gulf States Conference competition. A former member of the GSC, Louisiana College has played three Gulf States teams and lost to all of them. The Wildcats beat the University of Corpus Christi, 13-7, in their second game of the year and licked Texas Lutheran, 26-20.

Coach Devone Payne's Northeast Indians have won only one game in six, a 33-0 decision over Delta State, a club that beat Louisiana College, 20-14, last week. The Redskins have been hard hit by injuries and flu and were forced to call off a scheduled game with Southern State because of influenza.

One regular will miss tonight's game because of injuries and several other players will not play or will go at half speed because of injuries. The lad who's out is shifty halfback Tony Hartsell who has an injured knee. His place on the starting eleven will probably be taken by Keith Amos, who's suffering from a bruised chest himself.

Second string guard Tony Pecen is out for the rest of the season with an old arm injury and second string center Billy McGraw is on the doubtful list because of a wrenched back. Letterman end Claxton Mayo dropped out of school during the week due to scholastic difficulties.

Quarterback Everett Reynolds, a star in several Northeast games, has attended only two practice sessions since the game with Northwestern two weeks ago but is expected to be ready for tonight's clash.

The passing of Reynolds and Nathan Zametto and the running of fullback Lloyd Ray Smith and fullback - halfback Robert McGough have been high spots in the Northeast season and McGough was the big gun in the game with Northwestern. The Indians played one of their top games of the year against Northwestern, one of the conference's "big three", almost pulled an upset before bowing, 26-20.

Louisiana College and Northeast have met three common opponents, other than Delta State all GSC teams. The Wildcats dropped a 27-0 decision to McNeese while the Indians fell by a 26-7 count. Northwestern beat LC, 25-7, and Northeast, 26-20. SLI beat Louisiana College, 7-0, and Northeast by 6-0.

Louisiana College will probably start Tyrone Doyle at quarterback, Jerry Eddy and John Spring at the halves and big Keith Munyan at full. Doyle weighs 160 lbs. and the two halves weigh in at 170 each. Munyan weighs 210 and has plenty of power. Don Scullane, 180 lbs., may start at one of the halfbacks posts. He's the Wildcats' best punter and an elusive ball carrier. A letterman at Boston University three years ago, Scullane has been injured lately but is expected to be ready for tonight's game.

Bob Clark, 200, will start at left end and Billy Gardner, a former Minden star, will be on the right flank. He weighs 180 lbs. Malvin Sistrunk, a 198 lb. boy from Holly Ridge, will be the Wildcat starter at right tackle and Harry Bullard, 196, will be on the other side. Walter Karr, 207, and Lamar Hebert will be the guards. Tommy Guthrie, 188, will be the center.

The probable starting lineup for Northeast will have Joe Driskill and Jim Knox at the ends, Jim Brent and Jim Britt at the tackles, Gerald Elkins and Lloyd Williams at the guards and Buck Anderson at center. Zametto will be at quarterback, Amos and Don Reynolds at the halves and Smith at fullback.

## Forest Cage Teams Battle Kilbourne Foe

FOREST, La. (Special) — The Forest High School cage machines, with an accumulative record of ten victories against two losses, will meet the Kilbourne High basketball teams here Tuesday night. Forest will also participate in the Epps Invitational Tournament next weekend.

The Forest girls, unbeaten in six games, won two this week as they disposed of Bonita, 56-28, and dropped Mer Rouge, 50-18. Betty Jo McCowan led the Forest sextet in each game, hooping 18 against Bonita and 20 against Mer Rouge. McKoin led Bonita with 16, and Dawson was tops for Mer Rouge with nine.

The local boys, winners of four out of six, lost to Bonita, 43-36, with Glen Kelly high scorer for Forest with 18 while Bennett bagged 16 for Bonita. The boys beat Mer Rouge, 55-45, with Harold Kelly leading with 17. Yeldell chalked 13 points for Mer Rouge. Last night the Forest junior high teams divided a double bill with Transylvania, the Forest boys winning, 32-16, as Larry Butler led the way with 18 points, and Transylvania's girls notching a 50-26 win as Mary Lou Johnson romped under the nets for 31 points.

LAST HOMECOMING — Head Coach Devone Payne, left, greets eight of his nine senior football players just before workout time yesterday as the gridders aim for their final homecoming game—in uniform that is—against Louisiana College here tonight. Left to right, the

athletes are Mack Powell, Ray Merritt, Lloyd Williams, Bennie Franklin, Zeke Zametto, Tony Hartzell, Jim Knox and Gerald Elkins. The absent senior is Harvey Ferguson. (Northeast photo by Bobby Kidd)

## Army's Season Will End With Navy—No Bowl

WEST POINT, N. Y., Nov. 15 (AP)—The West Point campus was quiet tonight, at least as quiet as it ever is on the night before a football game. There was no outward sign of disappointment over the statement today by the academy superintendent that Army will not change its long-standing policy against playing in post-season bowl games.

The accent was on "Beat Tulane" tomorrow and, of course, "Beat Navy" on Nov. 30.

There had been much speculation all season that the winner of the Army-Navy game would go to the Cotton Bowl to play the Southwest Conference champion on New Year's Day. But after the statement by Superintendent L. E. Gen. Gar Davidson, the bid goes to Navy, if the Cotton Bowl committee extends it.

The Cadets here are used to tradition, and tradition dictates that the West Point season ends with the Navy game.

## Hutton Defeats Thesz For Mat Championship

TORONTO, Nov. 15 (AP)—Dick Hutton of Tulsa, Okla., former United States college champion, last night won the National Wrestling Alliance heavyweight championship by defeating Lou Thesz of St. Louis, long-time holder of the title.

Hutton, pinned Thesz after 32 minutes and 17 seconds of the one-fall main event at Maple Leaf Gardens before 10,500. Hutton, 245 pounds, represented the U. S. at the 1948 Olympics. Thesz, 237, held the championship since the 1947 except for seven months last year when he lost and then regained the title from Toronto's Whipper Billy Watson.

Hutton, who competed for Oklahoma A. and M. in his college days, placed sixth in the 1948 Olympics.

## Rebels Enjoy Full Strength For Volunteers

UNIVERSITY, Miss., Nov. 15 (AP)—Mississippi held limbering-up drills today, the final workout here before tomorrow's game against Tennessee at Memphis. Mississippi will go into the game with no injuries. A 37-man squad leaves by bus tomorrow and will go through a light workout on arrival.

## Slate Five-Day Permit Hunting Of 'Antlerless'

NEW ORLEANS (AP)—The Louisiana Wildlife and Fisheries Commission has changed its hunting policy in order to kill more deer in Madison and Tensas parishes.

The commission will issue permits to take one antlerless deer in these parishes during the last five days of the regular hunting season, Dec. 1 to Jan. 1. This antlerless deer will be in addition to the present limit of two bucks per hunter. The change was made because of crop plundering in Madison and Tensas by deer. The herd has been growing and the range has been deteriorating, sending deer to the crops.

ONE OF THE FINEST TACKLES in Louisiana collegiate football circles this season is Malvin Sistrunk (above), 198-pound Louisiana College junior from Holly Ridge. He will be seen in action for the final time this season when the Wildcats oppose Northeast Louisiana's Indians here tonight. Mal, who starred on the Louisiana State University freshman team in 1955, has been brilliant this year despite Louisiana College's poor record. He is expected to open homecoming tilt hostilities against the Indians at the right tackle post Saturday.

## Los Angeles Girding For Ball Park Battle

By ALEX KAHN  
LOS ANGELES, Nov. 15 (AP)—One of the hottest political fights in Los Angeles municipal history was in the making today as the city clerk began checking 85,000 signatures on petitions seeking a public vote on a tract awarding the Dodgers a site in Chavez Ravine for a baseball stadium.

There seemed to be little doubt in political circles that the referendum issue would get on the municipal ballot. With professional agitators having obtained the signatures, the chances were remote that the petitions would fail to contain 51,767 valid signatures of registered voters necessary to qualify the referendum.

A little more than a month ago one political fight was won by proponents of major league baseball in Los Angeles when the City Council by a 10-4 vote passed an ordinance that committed the city to provide the Dodgers with a 300-acre site for a 50,000-seat stadium. But opponents of the site, headed by Councilman John C. Holland, immediately announced plans to put the issue up for vote as a referendum measure.

The backers of the stadium site,

led by Mayor Norris Poulson and Councilwoman Rosalind Wyman, readily admit that it will take a vigorous campaign on their part to ratify the agreement at the election.

C. A. Owen, head of the "Committee to Preserve Chavez Ravine for Public Use," claimed there was a ground swell of opposition to the site proposal. Dodger President Walter O'Malley jumped into the battle the minute the referendum petitions were filed with the city clerk Thursday. He issued a statement declaring, "anything worth having is worth fighting for and we like having a major league franchise in the best sports city in the country."

## Warn Jackson To Quit Boxing

NEW YORK, Nov. 15 (AP)—The New York state athletic commission today urged heavyweight Tommy (Hurricane) Jackson to retire voluntarily from boxing because the beatings he absorbed in his last two fights.

The durable, awkward New York contender took fearful punishment from both Heavyweight Champion Floyd Patterson last July 29 and ranking contender Eddie Machen last Wednesday night. He was stopped in ten rounds each time, claimed there was a ground swell of opposition to the site proposal. Dodger President Walter O'Malley jumped into the battle the minute the referendum petitions were filed with the city clerk Thursday. He issued a statement declaring, "anything worth having is worth fighting for and we like having a major league franchise in the best sports city in the country."

## Hunter Killed With Own Gun

LAKE CHARLES, La., Nov. 15 (AP)—A service station operator in nearby Iowa was shot to death today as he prepared to go duck hunting. Dr. Joe Hargroder, assistant Jeff Davis Parish coroner, said Walter H. Reeves, 45, was shot in the face as he apparently grasped his shotgun by the barrel and removed it from a truck seat.

## NAIA Bowl Game Going To Florida

ST. PETERSBURG, Fla., Nov. 15 (AP)—St. Petersburg and the National Association of Intercollegiate Athletics (N.A.I.A.) announced preliminary agreement today to hold the second annual N.A.I.A. football bowl game here Dec. 21.

The agreement must be approved by the N.A.I.A. executive committee and the board of governors of the St. Petersburg Chamber of Commerce.

The bowl game matches two of the top ranking small college teams.

In the first game last year, at Little Rock, Ark., Montana State and St. Joseph's of Indiana played to a scoreless tie in the mud.

Final terms are still tentative but the preliminary agreement calls for St. Petersburg to guarantee \$17,500 and house and feed the teams.

The announcement was made by Al O. Duer, executive secretary of the N.A.I.A. and Richard A. Parker, chairman of a special bowl committee of the Chamber of Commerce.

They said it is doubtful a television contract can be arranged because of the late date of reaching agreement but they were optimistic that the game could be broadcast over a national radio hookup.

The game would be played in Stewart Field, which seats about 8,000.

Duer said the top 10 teams in the N.A.I.A. ratings now are, in order: Middle Tennessee, East Texas State, West Texas State, Wofford (S.C.), Idaho State, Hillsdale (Mich.), Abilene Christian (Tex.), Pittsburgh College (Kans.), Lamar Tech (Tex.) and St. Joseph's of Indiana.

## St. Matthew's, Pioneer Share Cage Program

The St. Matthew's Fighting Irish and Pioneer High broke even in a triple header basketball card here last night when one game—the varsity boys—was called early in the second quarter because of atmospheric conditions that caused a heavy "sweat" to develop on the gymnasium floor, endangering the hard-running players.

In earlier games, the St. Matthew's junior boys scored their eighth straight triumph as they defeated the invaders, 63-14, and the Pioneer varsity girls registered a 41-14 triumph.

Frank Accardo fired the Irish juniors with 16 points, and Crosby Pop had six for the invaders.

Mary Catherine Ross went on a 20-point spree for the Pioneer girls, while Ann Turner was high scorer for St. Matthew's with four.

The Pioneer varsity boys were leading 14-12 when their game was halted early in the second period.

## Ouachita's Grid Forces Heading For Baton Rouge

Coach Bob Ellen of Ouachita Parish High School will lead a band of Lion griders to Baton Rouge today to see the Louisiana State-Mississippi State game tonight.

The Lions grid squads include eighth grade, freshmen, "B" team and Ouachita varsity machines. The trip was arranged for the Lions by the new Lions Booster Club, organization that has expanded and taken over in place of the old Ouachita Dads' Club.

The griders leave here at 8 a.m. today.

## COLLEGE GRID SCENE

## Bowl Bids Ride Balances

By HUGH FULLERTON JR.  
The Associated Press

In 79 football meetings, Yale and Princeton have established one of the game's oldest and finest traditions. Oklahoma and Notre Dame have done much the same thing in just three.

The same teams came together again today with sellout crowds assured for both games. They're a contrasting pair of important games and among the most interesting in a schedule loaded with contests in which sectional championships may be decided and bowl invitations earned.

Some of the others include a tussle between Mississippi and Tennessee which carries quite a bit of tradition along with other factors of importance; the Big Ten title battle between Iowa and Ohio State; the Texas A&M-Rice struggle in the Southwest Conference and Duke's clash with Clemson in the Atlantic Coast Conference.

When Notre Dame and Oklahoma first met in 1952, the winning Irish still were rated way up there—the team to beat in any season—while Oklahoma was a rising power still hopeful of knocking off Notre Dame. The next year the Irish unknowingly became the last team to beat the Sooners before the start of their record winning streak, which now stands at 47 straight games.

Since then their positions have been more or less reversed. Notre Dame, after a miserable 1956 season and a couple of losses this year, looks on this game as a chance to regain lost prestige. Oklahoma, which so far this year

## HOMECOMING AT RUSTON

## Memphis State Solid Pick To Defeat Louisiana Tech

RUSTON, La. (Special) — Final Tigers will bring a 4-3 mark with them. Memphis State, which last July moved up to the university status, has dropped two tilts to Southeastern Conference teams (Memphis State and Kentucky) and the third setback was to Mississippi Southern.

Tech and Memphis have met two common opponents this fall, Coach Ralph Halley's Tennessee eleven had little trouble running over Arkansas State by a 34-0 count. Tech had to cut short an Arkansas State comeback in the fourth period to take the Indians, 25-19. Mississippi Southern beat Memphis by eight points (14-6) and took the Techsters by seven markers (7-0).

Halfback injuries are reported from both camps. Word from Memphis is that junior halfbacks Frank Talericio and Bobby Cole are not expected to be ready for action.

Three of Tech's right halfbacks are still on the injury list. They are Wayne Bourgeois, George Sumlin and B. K. Miller.

Tech's stout defense near the top of G.S.C. statistics all season, was proven last week in the 12-14 victory over Southeastern Louisiana. Bulldog coaches this

week had high praise for the Canine forward wall and such fellows as center Joel Thomas, guards Allen Stough and Bryan Foster, and tackles Tommy Hinton and Henry Delon, who rose up to stop the S.L.C. Lions who had the ball on Tech's two yard stripe with first down and goal to go.

Five straight plunges by the Southwestern Tech were penalized once for being offside) failed to produce a TD.

Especially bright spots for the Tech offense in the S.L.C. victory were the passing and running of quarterback James McCabe and the running of halfback David Williamson, El Dorado, Ark., freshman. McCabe connected on seven out of nine passes good for 84 yards and a score and also picked up 70 yards rushing, the best on the squad.

Halfback Williamson, who had seen only limited action this season, carried the ball only six times against Southeastern but he averaged almost eight yards per attempt and scored one of the Bulldog touchdowns. He is likely to be a starter at right half this Saturday.

Halfback Paul Hynes continues to lead the Canines to scoring. The Sulphur freshman has racked up seven touchdowns for 42 points this season. Hynes also heads the pass - receiving statistics with seven caught for a total of 99 yards and one TD. Left halfback J. W. Slack has the lead in rushing yardage with a total of 323. He has averaged over four yards per carry.

Fullback Frank Massa is the top ground gainer for Memphis with almost five yards gained per carry and a total of 188 for the season. Quarterback James Armstrong has completed seven out of 11 passes good for 118 yards. End John Ruth leads the Tiger receivers with three for 69 yards.

Honored guests for the Tech homecoming will be Tech graduates of the years 1907, 1917, 1927, 1937, 1947 and 1957. Another special event of the day will be a reunion of the Bulldog baseball team of 1927. After 30 years all members of the team are still living and many are expected to be on the campus for homecoming.

Other homecoming day activities include: 10-12 a.m., coffee reception room of Adams Hall; 10:45 a.m., unveiling of a portrait of Mrs. Minnie Taylor Dudley in Dudley Hall parlor; 12:30 p.m., homecoming parade through downtown Ruston; 2 p.m., football game; 4:30 p.m., Alumni Association business meeting, Memorial Gymnasium; 5:30 p.m., alumni barbecue, Aswell Gardens; 8 p.m., homecoming dance in Memorial Gymnasium.

Open house will be held during the day in all new buildings on the campus completed since last homecoming.

The Tech - Memphis State football series dates back to 1942 and the victories are now all even at three each. Memphis won in 1951 by a 26-14 score, in 1953 by a 13-7 score, and in 1950 by a 6-0 count. Tech took the 1948 fray, 20-14, the 1942 tussle, 33-27, and the 1952 game 26-7.

Probable starting lineups for the two teams are given below.

Memphis State  
Quarterback, Fred Hearn, 160; left half, Nick Buoni, 180; right half, Bob Schmidt, 200; fullback, Frank Massa, 170; left end, John Ruth, 180; left tackle, Billy Bedgood, 200; left guard, Jim Owen, 185; center, Rex Tatum, 18; right tackle, Ed Randolph, 185; right guard, Don McKinnon, 205; right end, John Lee, 190.

Tech  
Quarterback, James McCabe, 160; left half, J. W. Slack, 180; right half, David Williamson, 175; fullback, Jerry Frasier, 190; left end, Billy Bundrick, 189; left tackle, Henry Delony, 228; left guard, Allen Sough, 184; center, Joel Thomas, 190; right guard, Doyan Foster, 190; right tackle, Tommy Hinton, 232; right end, Sherwood White, 185.

announcements can't be made until late afternoon of Nov. 30.

Tennessee can't match Mississippi in manpower but the Vol first-line troops have plenty of staying power. They went three quarters against Tech last week before giving way to reserves. Fans expected to see an offensive duel between Rebel quarterback leader with 745 yards, and Vol tailback Bobby Gordon, No. 2 in that department with 632 yards.

In addition to all other considerations, national prestige is at stake, too. The Vols are rated No. 7 among the nation's powers, one notch ahead of Ole Miss.

Looking ahead:  
Tennessee over Mississippi: The Vols defense is too sound for Ole Miss' split-T trickery.

Mississippi State over LSU: But the Maroon defense will have to be top-notch to stop Taylor, Cannon and Co.

Vanderbilt over Florida: Calling an upset on the hunch that some of the Gators are looking ahead to next week and Georgia Tech.

Auburn over Georgia: Another case of the rich get richer and the poor get poorer.

Georgia Tech over Alabama: But if the Tide is "up" it could be close.

Vanderbilt over Florida: Calling an upset on the hunch that some of the Gators are looking ahead to next week and Georgia Tech.

Auburn over Georgia: Another case of the rich get richer and the poor get poorer.

Georgia Tech over Alabama: But if the Tide is "up" it could be close.

# Indians Play Wildcats In Homecoming Game

Northeast seeks to add a bit of luster to a disappointing season tonight at Brown Stadium when they play Louisiana College before the old grads in their annual homecoming game.

The kickoff will be at 8 o'clock for the game that Northeast is favored to make its second victory of the year. The homecoming queen will be crowned at the game and a special homecoming show will be given by the Northeast band at halftime.

Coach J. W. Patrick's Louisiana College Wildcats will be looking for their second victory of the year and first against Gulf States Conference competition. A former member of the GSC, Louisiana College has played three Gulf States teams and lost to all of them. The Wildcats beat the University of Corpus Christi, 13-7, in their second game of the year and licked Texas Lutheran, 26-20.

Coach Devone Payne's Northeast Indians have won only one game in six, a 33-0 decision over Delta State, a club that beat Louisiana College, 20-14, last week. The Redskins have been hard hit by injuries and flu and were forced to call off a scheduled game with Southern State because of influenza.

One regular will miss tonight's game because of injuries and several other players will not play or will go at half speed because of injuries. The lad who's out is shifty halfback Tony Hartsell who has an injured knee. His place on the starting eleven will probably be taken by Keith Amos, who's suffering from a bruised chest himself.

Second string guard Tony Pecos is out for the rest of the season with an old arm injury and second string center Billy McGraw is on the doubtful list because of a wrenched back. Letterman end Claxton Mayo dropped out of school during the week due to scholastic difficulties.

Quarterback Everett Reynolds, a star in several Northeast games, has attended only two practice sessions since the game with Northwestern two weeks ago but is expected to be ready for tonight's clash.

The passing of Reynolds and Nathan Zametto and the running of fullback Lloyd Ray Smith and fullback - halfback Robert McGough have been high spots in the Northeast season and McGough was the big gun in the game with Northwestern. The Indians played one of their top games of the year against Northwestern, one of the conference's "big three" almost pulled an upset before bowing, 26-20.

Louisiana College and Northeast have met three common opponents, other than Delta State all GSC teams. The Wildcats dropped a 27-0 decision to McNeese while the Indians fell by a 26-7 count. Northwestern beat LC, 25-7, and Northeast, 26-20. SLI beat Louisiana College, 7-0, and Northeast by 6-0.

Louisiana College will probably start Tyrone Doyle at quarterback, Jerry Eddy and John Spring at the halves and big Keith Munyan at full. Doyle weighs 160 lbs. and the two halfbacks weigh in at 170 each. Munyan weighs 210 and has plenty of power. Don Scullane, 180 lbs., may start at one of the halfback posts. He's the Wildcats' best punter and an elusive ball carrier. A letterman at Boston University three years ago, Scullane has been injured lately but is expected to be ready for tonight's game.

Bob Clark, 208, will start at left end and Billy Gardner, a former Minden star, will be on the right flank. He weighs 180 lbs. Malvin Sistrunk, a 198 lb. boy from Holly Ridge, will be the Wildcat starter at right tackle and Harry Bullard, 196, will be on the other side. Walter Karr, 207, and Lamar Hebert will be the guards. Tommy Guthrie, 188, will be the center.

The probable starting lineup for Northeast will have Joe Driskill and Jim Knox at the ends, Jim Brent and Jim Britt at the tackles, Gerald Elkins and Lloyd Williams at the guards and Buck Anderson at center. Zametto will be at quarterback, Amos and Don Reynolds at the halves and Smith at fullback.

## Forest Cage Teams Battle Kilbourne Foe

FOREST, La. (Special) — The Forest High School cage machines, with an accumulative record of ten victories against two losses, will meet the Kilbourne High basketball teams here Tuesday night. Forest will also participate in the Epps Invitational Tournament next weekend.

The Forest girls, unbeaten in six games, won two this week as they disposed of Bonita, 56-28, and dropped Mer Rouge, 50-18. Betty Jo McCowan led the Forest sextet in each game, hooping 18 against Bonita and 20 against Mer Rouge. McKoin led Bonita with 16, and Dawson was tops for Mer Rouge with nine.

The local boys, winners of four out of six, lost to Bonita, 43-36, with Glen Kelly high scorer for Forest with 18, while Barnett bagged 16 for Bonita. The boys beat Mer Rouge, 55-45, with Harold Kelly leading with 17. Yeldell chalked 13 points for Mer Rouge.

Last night the Forest junior high teams divided a double bill with Transylvania, the Forest boys winning, 32-16, as Larry Butler led the way with 18 points, and Transylvania's girls notching a 50-26 win as Mary Lou Johnson romped under the nets for 31 points.

**LAST HOMECOMING** — Head Coach Devone Payne, left, greets eight of his nine senior football players just before workout time yesterday as the gridders aim for their final homecoming game—in uniform that is—against Louisiana College here tonight. Left to right, the

athletes are Mack Powell, Ray Merritt, Lloyd Williams, Bennie Franklin, Zeke Zametto, Tony Hartzell, Jim Knox and Gerald Elkins. The absent senior is Harvey Ferguson. (Northeast photo by Bobby Kidd)

## Army's Season Will End With Navy-No Bowl

WEST POINT, N. Y., Nov. 15 (AP)—The West Point campus was quiet tonight, at least as quiet as it ever is on the night before a football game. There was no outward sign of disappointment over the statement today by the academy superintendent that Army will not change its long-standing policy against playing in post-season bowl games.

The accent was on "Beat Tulane" tomorrow and, of course, "Beat Navy" on Nov. 30.

There had been much speculation all season that the winner of the Army-Navy game would go to the Cotton Bowl to play the Southwest Conference champion on New Year's Day. But after the statement by Superintendent Lt. Gen. Gar Davidson the bid goes to Navy, if the Cotton Bowl committee extends it.

The Cadets here are used to tradition, and tradition dictates that the West Point season ends with the Navy game.

## Hutton Defeats Thesz For Mat Championship

TORONTO, Nov. 15 (AP)—Dick Hutton of Tulsa, Okla., former United States college champion, last night won the National Wrestling Alliance heavyweight championship by defeating Lou Thesz of St. Louis, long-time holder of the title.

Hutton, pinned Thesz after 32 minutes and 17 seconds of the one-fall main event at Maple Leaf Gardens before 10,500.

Hutton, 245 pounds, represented the U. S. at the 1948 Olympics. Thesz, 237, held the championship since the 1947 except for seven months last year when he lost and then regained the title from Totonto's Whipper Billy Watson.

Hutton, who competed for Oklahoma A. and M. in his college days, placed sixth in the 1948 Olympics.

## Rebels Enjoy Full Strength For Volunteers

UNIVERSITY, Miss., Nov. 15 (AP)—Mississippi held limbering-up drills today, the final workout here before tomorrow's game against Tennessee at Memphis.

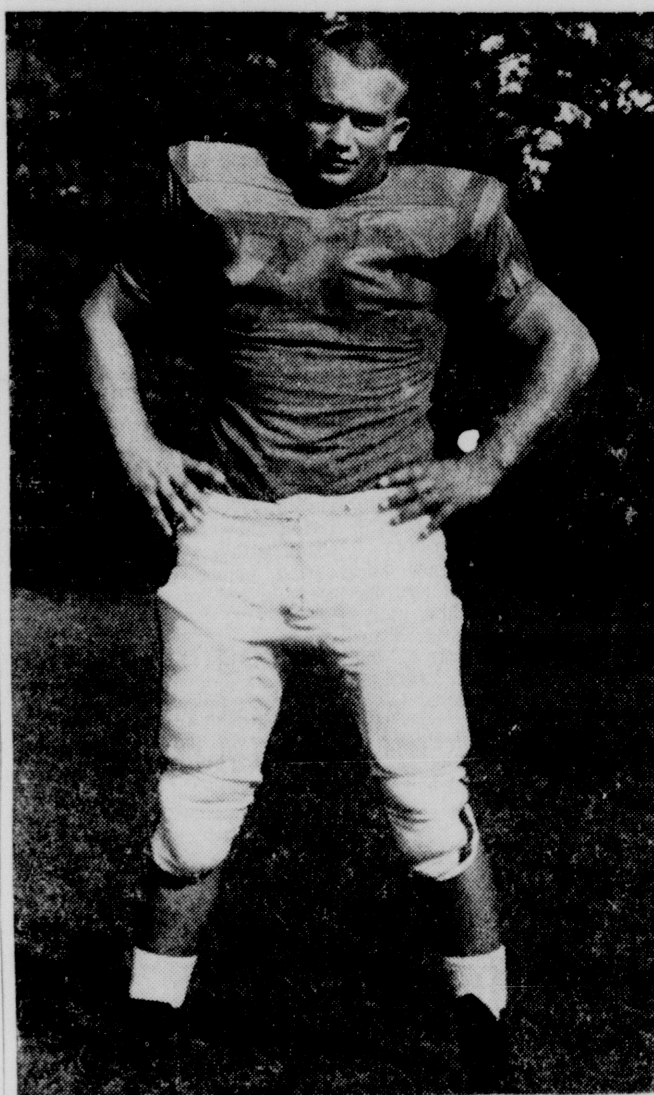

Mississippi will go into the game with no injuries. A 37-man squad leaves by bus tomorrow and will go through a light workout on arrival.

## Slate Five-Day Permit Hunting Of 'Antlerless'

NEW ORLEANS (AP)—The Louisiana Wildlife and Fisheries Commission has changed its hunting policy in order to kill more deer in Madison and Tensas parishes.

The commission will issue permits to take one antlerless deer in these parishes during the last five days of the regular hunting season, Dec. 1 to Jan. 1. This antlerless deer will be in addition to the present limit of two bucks per hunter.

The change was made because of crop plunder in Madison and Tensas by deer. The herd has been growing and the range has been deteriorating, sending deer to the crops.

**ONE OF THE FINEST TACKLES** in Louisiana collegiate football circles this season is Malvin Sistrunk (above), 198-pound Louisiana College junior from Holly Ridge. He will be seen in action for the final time this season when the Wildcats oppose Northeast Louisiana's Indians here tonight. He is expected to open homecoming tilt hostilities against the Indians at the right tackle post Saturday.

## Los Angeles Girding For Ball Park Battle

By ALEX KAHN

LOS ANGELES, Nov. 15 (UP)—One of the hottest political fights in Los Angeles municipal history was in the making today as the city clerk began checking 85,000 signatures on petitions seeking a public vote on a tract awarded the Dodgers a site in Chavez Ravine for a baseball stadium.

There seemed to be little doubt in political circles that the referendum issue would get on the municipal ballot. With professional circulators having obtained the signatures, the chances were remote that the petitions would fail to contain 51,767 valid signatures of registered voters necessary to qualify the referendum.

A little more than a month ago one political fight was won by proponents of major league baseball in Los Angeles when the City Council by a 10-4 vote passed an ordinance that committed the city to provide the Dodgers with a 300-acre site for a 50,000-seat stadium.

But opponents of the site, headed by Councilman John C. Holland, immediately announced plans to put the issue up for vote as a referendum measure.

The backers of the stadium site,

led by Mayor Norris Poulson and Councilwoman Rosalind Wyman, readily admit that it will take a vigorous campaign on their part to ratify the agreement at the election.

C. A. Owen, head of the "Committee to Preserve Chavez Ravine for Public Use," claimed there was a ground swell of opposition to the site proposal.

Dodger President Walter O'Malley jumped into the battle the minute the referendum petitions were filed with the city clerk Thursday. He issued a statement declaring, "anything worth having is worth fighting for and we like having a major league franchise in the best sports city in the country."

## Warn Jackson To Quit Boxing

NEW YORK, Nov. 15 (AP)—The New York state athletic commission today urged heavyweight Tommy (Hurricane) Jackson to retire voluntarily from boxing because the beatings he absorbed in his last two fights.

The durable, awkward New York contender took fearful punishment from both Heavyweight Champion Floyd Patterson last July 29 and ranking contender Eddie Machen last Wednesday night. He was stopped in ten rounds each time.

In answer to questions from newsmen, commission chairman Julius Helfand said that if Jackson doesn't retire voluntarily within a reasonable time, the commission would evaluate his physical ability. That meant he would have to undergo tests by the commission's Medical advisory board.

## Hunter Killed With Own Gun

LAKE CHARLES, La., Nov. 15 (AP)—A service station operator in nearby Iowa was shot to death today as he prepared to go duck hunting.

Dr. Joe Hargroder, assistant Jeff Davis Parish coroner, said Walter H. Reeves, 45, was shot in the face as he apparently grasped his shotgun by the barrel and removed it from a truck seat.

## NAIA Bowl Game Going To Florida

ST. PETERSBURG, Fla. Nov. 15 (AP)—St. Petersburg and the National Association of Intercollegiate Athletics (N.A.I.A.) announced preliminary agreement today to hold the second annual N.A.I.A. football bowl game here Dec. 21.

The agreement must be approved by the N.A.I.A. executive committee and the board of governors of the St. Petersburg Chamber of Commerce.

The bowl game matches two of the top ranking small college teams.

In the first game last year, at Little Rock, Ark., Montana State and St. Joseph's of Indiana played to a scoreless tie in the mud.

Final terms are still tentative but the preliminary agreement calls for St. Petersburg to guarantee \$17,500 and house and feed the teams.

The announcement was made by Al O. Duer, executive secretary of the N.A.I.A. and Richard A. Parker, chairman of a special bowl committee of the Chamber of Commerce.

They said it is doubtful a television contract can be arranged because of the late date of reaching agreement but they were optimistic that the game could be broadcast over a national radio hookup.

The game would be played in Stewart Field, which seats about 8,000.

Duer said the top 10 teams in the N.A.I.A. ratings now are, in order: Middle Tennessee, East Texas State, West Texas State, Wofford (S.C.), Idaho State, Hillsdale (Mich.), Abilene Christian (Tex.), Pittsburgh College (Kans.), Lamar Tech (Tex.) and St. Joseph's of Indiana.

## St. Matthew's, Pioneer Share Cage Program

The St. Matthew's Fighting Irish and Pioneer High broke even in a triple header basketball card here last night when one game—the varsity boys—was called early in the second quarter because of atmospheric conditions that caused a heavy "sweat" to develop on the gymnasium floor, endangering the hard-running players.

In earlier games, the St. Matthew's junior boys scored their eighth straight triumph as they defeated the invaders, 63-14, and the Pioneer varsity girls register a 41-14 triumph.

Frank Accardo fired the Irish juniors with 16 points, and Crosby Pop had six for the invaders.

Mary Catherine Ross went on a 20-point spree for the Pioneer girls, while Ann Turner was high scorer for St. Matthew's with four.

The Pioneer varsity boys were leading 14-12 when their game was halted early in the second period.

## Ouachita's Grid Forces Heading For Baton Rouge

Coach Bob Ellen of Ouachita Parish High School will lead a band of Lion griders to Baton Rouge today to see the Louisiana State-Mississippi State game tonight.

The Lions grid squads include eighth grade, freshmen, "B" team and Ouachita varsity machines.

The trip was arranged for the Lions by the new Lions Booster Club, organization that has expanded and taken over in place of the old Ouachita Dads' Club.

The griders leave here at 8 a.m. today.

## COLLEGE GRID SCENE

## Bowl Bids Ride Balances

By HUGH FULLERTON JR. The Associated Press

In 79 football meetings, Yale and Princeton have established one of the game's oldest and finest traditions. Oklahoma and Notre Dame have done much the same thing in just three.

The same teams come together again today with sellout crowds assured for both games. They're a contrasting pair of important games and among the most interesting on a schedule loaded with contests in which sectional championships may be decided and bowl invitations earned.

Some of the others include a tussle between Mississippi and Tennessee which carries quite a bit of tradition along with other factors of importance: the Big Ten title battle between Iowa and Ohio State; The Texas A&M-Rice struggle in the Southwest Conference and Duke's clash with Clemson in the Atlantic Coast Conference.

When Notre Dame and Oklahoma first met in 1952, the winning Irish still were rated way up there—the team to beat in any season—while Oklahoma was a rising power still hopeful of knocking off Notre Dame. The next year the Irish unknowingly became the last team to beat the Sooners before the start of their record winning streak, which now stands at 47 straight games.

Since then their positions have been more or less reversed. Notre Dame, after a miserable 1956 season and a couple of losses this year, looks on this game as a chance to regain lost prestige. Oklahoma, which so far this year

## HOMECOMING AT RUSTON

## Memphis State Solid Pick To Defeat Louisiana Tech

RUSTON, La. (Special) — Final strategy was being planned by the Louisiana Tech gridmen last night for the annual homecoming classic here this afternoon with Memphis State University.

The non-conference battle with the Memphis State Tigers, which will be the highlight of the homecoming day celebration on the campus, is to get underway at 2 p.m. at Tech Stadium. If the rains, which hindered the Bulldogs in practice most of the week, stay away today a capacity crowd of 7,000 fans is expected to be on hand for the contest.

Memphis State's traveling squad arrived by plane at Monroe yesterday.

The Memphis Staters, who are in the major team classification, are favored in the tussle but the Techmen have been especially tough at homecoming games in the past years. In fact, the Canines have come through for the visiting alumni to win seven of the last 10 homecoming affairs.

Tech will be after its third straight homecoming victory today.

Tech will take a 5-3 season record into the contest while the

Tigers will bring a 4-3 mark with them. Memphis State, which last July moved up to the university status, has dropped two tilts to Southeastern Conference teams (Memphis State and Kentucky) and the third setback was to Mississippi Southern.

Tech and Memphis have met two common opponents this fall. Coach Ralph Hatley's Tennessee eleven had little trouble running over Arkansas State by a 34-0 count. Tech had to cut short an Arkansas State comeback in the fourth period to take the Indians, 25-19. Mississippi Southern beat Memphis by eight points (14-6) and took the Techsters by seven markers (7-0).

Halfback injuries are reported from both camps. Word from Memphis is that junior halfbacks Frank Talerico and Bobby Cole are not expected to be ready for action. Three of Tech's right halfbacks are still on the injury list. They are Wayne Bourgeois, George Sumlin and B. K. Miller.

Tech's stout defense near the top of G.S.C. statistics all season, was proven last week in the 12-14 victory over Southeastern Louisiana. Bulldog coaches this

week had high praise for the Canine forward wall and such fellows as center Joel Thomas, guards Allen Stough and Doyan Foster, and tackles Tommy Hinton and Henry Delon, who rose up to stop the S.L.C. Lions who had the ball on Tech's two yard stripe with first down and goal to go. Five straight plunges by the Southern easterners (Tech was penalized once for being offside) failed to produce a TD.

Especially bright spots for the Tech offense in the S.L.C. victory were the passing and running of quarterback James McCabe and the running of halfback David Williamson, El Dorado, Ark., freshman. McCabe connected on seven out of nine passes good for 84 yards and a score and also picked up 70 yards rushing, the best on the squad.

Halfback Williamson, who had seen only limited action this season, carried the ball only six times against Southeastern but he averaged almost eight yards per attempt and scored one of the Bulldog touchdowns. He is likely to be a starter at right half this Saturday.

Halfback Paul Hynes continues to lead the Canines to scoring. The Sulphur freshman has racked up seven touchdowns for 42 points this season. Hynes also heads the pass-receiving statistics with seven caught for a total of 99 yards and one TD. Left halfback J. W. Slack has the lead in rushing yardage with a total of 323. He has averaged over four yards per carry.

Fullback Frank Massa is the top ground gainer for Memphis with almost five yards gained per carry and a total of 188 for the season. Quarterback Jame Armstrong has completed seven out of 11 passes good for 118 yards. End John Ruth leads the Tiger receivers with three for 69 yards.

Honored guests for the Tech homecoming will be Tech graduates of the years 1907, 1917, 1927, 1937, 1947 and 1957. Another special event of the day will be a reunion of the Bulldog baseball team of 1927. After 30 years as members of the team are still living and many are expected to be on the campus for homecoming.

Other homecoming day activities include: 10-12 a.m., coffee reception room of Adams Hall; 10:45 a.m., unveiling of a portrait of Mrs. Minnie Taylor Dudley in Dudley Hall parlors; 12:30 p.m., homecoming parade through downtown Ruston; 2 p.m., football game; 4:30 p.m., Alumni Association business meeting, Memorial Gymnasium; 5:30 p.m., alumni barbecue, Aswell Gardens; 8 p.m., homecoming dance in Memorial Gymnasium.

Open house will be held during the day in all new buildings on the campus completed since last homecoming.

The Tech - Memphis State football series dates back to 1942 and the victories are now all even at three each. Memphis won in 1951 by a 26-14 score, in 1953 by a 13-7 score, and in 1950 by a 6-0 count. Tech took the 1948 fray, 20-14, the 1942 tussle, 33-27, and the 1952 game 26-7.

Probable starting lineups for the two teams are given below.

**Memphis State**  
Quarterback, Fred Hearn, 160; left half, Nick Buoni, 180; right half, Bob Schmidt, 200; fullback, Frank Massa, 170; left end, John Ruth, 180; left tackle, Billy Bedgood, 200; left guard, Jim Owen, 185; center, Rex Tatum, 18; right guard, Ed Randolph, 185; right tackle, Don McKinnon, 205; right end, John Lee, 190.

**Tech**  
Quarterback, James McCabe, 160; left half, J. W. Slack, 189; right half, David Williamson, 175; fullback, Jerry Frasier, 190; left end, Billy Bumrick, 189; left tackle, Henry Delony, 229; left guard, Allen Stough, 184; center, Joel Thomas, 190; right guard, Doyan Foster, 190; right tackle, Tommy Hinton, 232; right end, Sherwood White, 185.

# RAGAN STARS

## Neville's Tigers Capture 20-6 Decision From Lions

Handyman Willie Ragan scored all his team's points as he led Neville to a 20-6 victory over Ouachita at Brown Stadium last night to give the city school permanent possession of its second Guerrier Trophy.

The game was the sixth win in a row in the seven year football rivalry. The Tigers have won every game but the first in 1949.

Looking ahead to their climactic clash with Ruston for the 2-A championship next week, Neville struck for two quick touchdowns in the second quarter, both set up by Ouachita fumbles, and added their last in the final five seconds of the game.

Ouachita scored the first touchdown against Neville in four games when Rex Carter passed to Eddie McGowan from three yards out midway of the final period.

The game ended the season for the class AAA Ouachita team, leaving them with one victory for the season, a 28-7 upset of Pineville, against eight losses. For Neville, the victory was their seventh against only two defeats.

Ragan, overshadowed by the sensational Elton Upshaw last year, ran 38 yards for his first touchdown and 11 for the second. He hauled three yards for the final TD in the fading seconds. Willie converted successfully after all the touchdowns but had the first one nullified by an illegal motion penalty.

Quarterback Rex Carter and halfback Eddie McGowan kept Ouachita in the game offensively. Carter completed 10 passes in 18 attempts and almost threw the Lions to a touchdown in the fleeting seconds of the first half.

## Bryant Rumored For 'Bama Post

BIRMINGHAM, Ala., Nov. 15 (UP) — A reliable source said today Texas A&M Coach Paul Bear Bryant will definitely succeed J. B. Whitworth as head football coach at the University of Alabama.

## Doubles Title Won By Rose And Anderson

SYDNEY, Australia, Nov. 15 (UP) — Second seeded Mal Anderson and Mervyn Rose put together a tremendous display of power tennis today to beat top-seeded Ashley Cooper and Neale Fraser, 6-4, 6-4, 9-11, 6-2, in the doubles final of the New South Wales championships.

Top-seeded Cooper plays Fraser Saturday for the singles title.

The doubles final matched the four players named Thursday to defend the Davis Cup for Australia in the challenge round Dec. 26-28, probably against the United States.

Rose, hailed by many as the best amateur doubles player in the world, dominated the match. Anderson, surprise winner of the U.S. singles championship two months ago, proved a perfect partner for Rose. His first service, as good as any in the game, set up numerous kills for Rose at the net.

However, Dr. Frank Rose, newly elected president of the university told a civic club here today, "We have not signed any new coach. We have more important things to do right now."

The source, who declined to be named, said it was "definite" that Bryant will be named.

Bryant's Aggies Saturday meet Rice and would be a likely candidate to be host in the Cotton Bowl New Year's Day. Texas A&M currently is ranked first by the United Press Board of Coaches.

A special committee named by Rose to select a new coach will make its announcement by Dec. 1. Mrs. Bryant, the former Mary Harmon Black, is from Birmingham and Bryant's step-father, M. C. Folmar, works here.

George Marshall of the professional Washington Redskins launched the Bryant rumors when he said he thought the former Alabama football player would make the best coach available for his alma mater. However, Bryant has denied the rumors.

It is Bryant, the committee's choice, he would probably prefer to have the announcement made after the Cotton Bowl game Jan. 1, but that late date would hurt Alabama's recruiting.

Under Whitworth, whose three year contract expires Dec. 1, Alabama has won three games, lost 22 and tied two. Saturday's game with Georgia Tech is expected to go in the loss column.

# AIMS AT TITLE

## Block Whips Sicily • Island In 27-0 Tilt

SICILY ISLAND, La., (Special) — Block High sloshed out a 27-0 victory over Sicily Island last night on a field inches deep in water.

The victory left Block undefeated and apparently headed for a district 3-B championship playoff with the Crowleyville Bulldogs.

Approximately 1,000 fans saw the players become "mud balls" within a few minutes after the game started. Water three to four inches deep stood in spots on the field, which was drenched in a downpour that hit Sicily Island at 4 p.m.

Ed Hutchins scored twice for

Block, carrying the ball from the five-yard line once in the second quarter, and again from the two-yard marker in the third canto.

Block's first tally came in the opening quarter, when fullback Clarence Richard set up a TD with a 50-yard run, and then carried it over from the one-yard line.

Bobby Wright's try at extra point running through the line was good.

Roscoe Wilson added the extra point after Hutchins scored in the second period, and the score at half-time was Block 14, Sicily Island 0.

Quarterback Wright carried the pigskin across on a keeper play from the five in the third period, and Wilson again ran over the point. The final touchdown came with Hutchins second score, during the third quarter. The try for extra point was good, and the score stood at its total, 27-0.

Eleven first-downs were counted for Block, while Sicily Island was limited to one. Leading scorer Dean Wiggins of the Island's team saw a bad night, with few gains throughout the game.

## Favor Vertex As Bold Ruler Skips Roamer

NEW YORK, Nov. 15 (AP) — With Bold Ruler on the sidelines because he was assigned 139 pounds, nine 3-year-olds will run in tomorrow's \$50,000 added Roamer Handicap at Jamaica.

Frank Piarulli's Vertex, winner of seven of 10 starts, is expected to be the favorite in the mile and three-sixteenths feature with Sammy Boulmetis up. Vertex will carry top weight of 123 pounds.

Promised Land, 115, Ambehaving, 106, Assemblyman, 114 and Cohoes, 114, are figured as chief competition. Others entered are Promethean, 102, Four Pathoms, 104, General Arthur, 102, and Jocko's Walk, 104.

Vertex easily won a 6-furlong sprint last Saturday at Jamaica in 1:10 but will be facing stronger competition in this distance race.

Promised Land and Assemblyman finished 1-2 last week in the Knickerbocker Handicap over mile and one sixteenth. Ambehaving was third and Cohoes, the early pace setter, finished fourth in the field of five.

## Both Linville Clubs Win At Downsville

DOWNSVILLE, La. (Special) — Linville and Downsville girls and boys won games here yesterday in the Downsville basketball tournament.

Linville girls slipped by Berniece, 32-29, in an afternoon game as Loly Fay Ford led Linville with 17 points. Jo Albritton had 13 for the losers.

In a night game, the Downsville lasses whipped Marion, 41-23, with Hamilton leading the way with 17 points. Miss Green sank 18 to pace Marion.

Gilmore scored 23 points and Andrews sank 22 to lead Marion over Ouachita, 60-45. Lanny Johnson's 17 points was tops for Ouachita.

Linville squeezed by Calhoun by a 35-33 count in a boys game last night. Hale had 17 to top the winners and Heacock scored 12 for Calhoun.

## Cooper's 65 Lands First In Gardena

GARDENA, Calif., Nov. 15 (UP) — Irving Cooper, young Long Beach, Calif., pro, shot a 62-33-65 over today's contestants in the fourth annual \$4,250 Gardena Valley Open, but he was one shot behind two pros who played their first round Thursday in the split qualifying.

The pacemakers heading into Saturday's second round of this 54-hole event were veteran Zell Eaton, Chino, Calif., and Jerry Robinson Houson, who scored 64s Thursday.

Cooper is tied for second spot with 22-year-old Tommy Jacobs, Whittier, Calif., who scored 65s Thursday.

Second best scores posted in today's group were 66s by Jim Ferrier, the 1955 winner from North Hollywood, and Billy Maxwell, Odessa, Tex., recent Hesperia Open victor.

Cooper's 65 landed him in a tie for first place with Zell Eaton, Chino, Calif., and Jerry Robinson Houson, who scored 64s Thursday.

Cooper is tied for second spot with 22-year-old Tommy Jacobs, Whittier, Calif., who scored 65s Thursday.

Second best scores posted in today's group were 66s by Jim Ferrier, the 1955 winner from North Hollywood, and Billy Maxwell, Odessa, Tex., recent Hesperia Open victor.

## Miteff Accepts Television Bout

NEW YORK, Nov. 15 (AP) — Alex Miteff, once-beaten Argentine heavyweight contender, today signed to meet undefeated Len Kathal of Washington, D. C., in a television 10-rounder at St. Nicholas Arena, Monday, Nov. 25.

Hymie Wailman, manager of the 22-year-old South American, said Miteff's scheduled Dec. 3 bout in Denver with Cuba's Nino Valdes has been postponed two weeks until Dec. 17.

# BASS LEADS WAY

## Rebels Whip Ruston, 19-0

By AL YOUNG

Victory came last night for a West Monroe homecoming crowd on the shoulders of big Mickey Bass.

The 175-pound fullback showed the Rebels the way as he accounted for 140 of the 320 total yards ground out by the West Monroe club against Ruston at Neville stadium for a 19-0 win.

Things got underway with Roland Jackson, Bearcat fullback, taking Jerry Stovall's kickoff on his own 20 and returning it to the Ruston 40. There the Bearcat offensive bogged down and Jackson quick-kicked the ball rolling dead on the West Monroe 15. Bass got five through right tackle and Robert Perkins, left half, got four more on a straight-through over the left side. Then Bass bowled for 25 yards to the Rebel 52 yard line. Joe Ford, right half, got four, quarterback Johnny Huntsman kept for five yards and Bass picked up the down, moving the ball to the Ruston 40. Bass carried twice for 7 yards, but the Rebels slowed and Perkins kicked the ball into the end zone. The ball was brought out to the Ruston 20.

Jackson carried for Ruston from the 20 for three yards and then Don Shows, flashy left half for the Bearcats, moved the ball in two plays 6 more yards. Here Ruston was stymied again and Jackson booted to the West Monroe 21, where the ball rolled dead. Bass carried out for the Rebels

in two plays that got 6 yards, then Perkins bucked for 15 and Joe Ford hung up 12 more for the rampaging Rebels and their first downs began to mount. Bass carried for 3, Ford for 4 and Bass got 3 more as the quarter ended.

Second period fireworks commenced on the Ruston 37 for Perkins smashing ahead for 6 yards, Bass for 1, and then Huntsman failed to pass and was smeared in the mud at midfield for a 12-yard loss. Perkins kicked a deadly one which went out on the Ruston 6. Then Jackson, John Murphy and Shows moved the ball out to their own 22 in three quick bursts. Shows got four more and then Jackson again had to boot, this one snagged by Stovall on the 50 and returned 14 yards to the Bearcat 34. Then Mickey Bass carried the ball in five plays, four of which he packed it, the Rebels moved the ball 35 yards into the end zone. Bass going over from three yards out. The pass from center was hobbled and Huntsman was smeared on the extra point try.

The second half began with Perkins taking the Ruston kickoff on his own 5 and bringing it out to the 25. At this point the potent Rebels simply pounded up the field in a 75-yard sustained drive with Bass, Perkins, Ford, Huntsman and Stovall chopping away at the weary Ruston team. Bass went over from 2 yards out to 21, where the ball rolled dead. Bass carried out for the Rebels

try for point was good and the Rebels took a commanding 13-0 lead.

In the last quarter with Ruston backed to its own two, Jackson kicked out and the ball rolled dead on the 36 of Ruston. Ford and Bass got 1 and 5 respectively and then Bobby Perkins gained his stride for 11 and 5 in two moves that placed the ball on the Bearcat 15. An offside penalty moved the leather back to the 25 of Ruston. But Perkins moved on again, this time for 9 yards, and Ford went for the first down and a setup for the final score as he smashed down to the 8. Ford carried twice down to the 12-yard line after a penalty and then Johnny kept the ball himself and fell into the end zone for the final touchdown. Point after was no good and a penalty resulted against the Rebels which caused them to have to kick off from their own 25. The Bearcats came out from their own 45 to the 15 of West Monroe but it was all over and 19-0 for the Rebels. The wet field left a group of muddy veterans as the two teams left the gridiron.

# High School Grid Results

DELHI 27, COLUMBIA 0

DELHI, La. (Special) — The favored Delhi Bears easily rolled over the Columbia Crimson Tide on a soggy field here last night, 27-0, to set the stage for the Bruins' all-important district two Class B battle with Mangham's defending state champions next week.

Coach Raymond Richards' Bears took the opening kickoff and marched to the Columbia five before losing possession on a fumble. But Delhi's Francis Cotes just as quickly sifted through the Tide line to catch Columbia's quarterback Doyle Thornton in the endzone for a Delhi safety.

Halfback Bobby Leach scored the first Delhi touchdown on a 15-yard right end sweep midway of the first quarter, and on the first play of the second quarter, Earl Coleman intercepted a Tide pass and ran 30 yards for another Delhi TD. Joe Kyles converted behind Coleman's score and Delhi led 21-0 at the half.

Midway of the third quarter Billy Ray Newton galloped 43 yards on a right end sweep to close the night's scoring, and Delhi reserves played most of the remainder of the game.

Mangham comes here next Friday night for the game that will determine the district 2-B crown held so long by the Bruins but passed over to the Dragons for the first time last year.

Lewis, Richard Vice got both conversions.

Lake Charles scored in the first period when A. J. Cusimano picked up a fumble and dashed across the goal. In the final period Darrell Lester ran 26 yards for another tally and Richard Vice got his second conversion.

ISTROUMA, Nov. 13

BATON ROUGE, Nov. 15 (AP) — Istrouma proved its right to reign as the state's top triple-A team with a 20-13 victory over Baton Rouge before 18,000 spectators to night.

Scoring a touchdown in each of the first two periods, Istrouma dominated the game until midway of the final period when Wendell Harris whizzed 63 yards for the first Baton Rouge touchdown.

Harris missed the conversion and Istrouma led, 13-6.

Don Wilson sprinted 85 yards with the kickoff for Istrouma's third touchdown and Lynn Amodee's second conversion made it, 20-6.

Baton Rouge then drove 56 yards for its second score following the next kickoff with wingback Warren Stabler racing the final 13 yards on a reverse play around end. Wendell Harris converted to make it 20-13, but there were only a little more than two minutes left to play and Istrouma ran out the clock.

Amodee sneaked a yard for Istrouma's first touchdown in the opening period and Smith barged over from the half-yard line for the Tribe's second touchdown. Amodee converted after the first score.

BASTROP, 20-13

BASTROP, La. (Special) — The Bastrop High Rams have won only two football games this season and won't be playing in any championship contests, but they won the "big" ones after pasting Jonesboro - Hodges, 20-13, last night. The J-H Tigers had upset Ruston a week ago, and Bastrop's first win was over Neville of Monroe.

While the Rams hang up their toes after the regular season, Neville or Ruston will be representing the district in the championship playoffs. They meet next week to decide who.

Jonesboro-Hodges struck first last night, Morris Douglas going 32 yards for the touchdown, and J-H counted again in the second period when Massey crashed over from two. Troy Bryant booted the lone J-H conversion.

Bastrop stormed back with Charles Haymon cracking center from the one on a sneak for the first Ram TD. Walter Moore converted, and J-H led only 13-7 at the half.

Haymon sneaked for only inches in the third period for the tying touchdown, and it was the fourth quarter before the hardworking Ram quarterback plunged from the one once more to send the Rams ahead to victory. Charles Burks added the conversion for the final Bastrop point.

Bastrop led in first downs, 14-6, and rushed for 214 points against 39 for J-H.

LAKE PROVIDENCE, 12-0

LAKE PROVIDENCE, La. (Special) — The Lake Providence Panthers celebrated homecoming last night with a 12-0 victory over the Oak Grove Tigers in a district 2-A battle that saw the Panthers grab their touchdowns in the second and third quarters.

Ned Edmundson returned a Tiger punt to Oak Grove's 28 in the second quarter, and on the second play after the kick, a pass from Joe Warrington to fullback Walter Parker was gathered in by the eighth and Parker ran the rest of the way.

In the third quarter, Lake Providence held Oak Grove for downs immediately after the kickoff and the Tigers punted. Edmundson gathered in the ball, handed off to Dick Muirhead on a reverse at the 20, and Muirhead scampered the necessary 80 yards to score.

The game was played on a wet and muddy field that was blamed for fumbles and inaccurate passing on both sides.

EUNICE WINS

OPLOUSAS, La., Nov. 15 (AP) — Eunice wrapped up the district 4AA football title tonight by whipping Opelousas 21-0. Clyde Fruge scored twice and Ronald Andrus once.

TALLULAH WINS, 31-12

TALLULAH, La. (Special) — The Tallulah Trojans, jarred back on their heels early in the game when Canton scored two touchdowns, stormed back to defeat the Mississippi invaders, 31-12, here last night.

J. Hall took the second play from scrimmage and went over tackle on a 72-yard jaunt for the touchdown that put Canton in the lead. Shortly after Joe Turner counted again for Canton on a one-yard plunge after he had set up his TD with a 56-yard sprint.

Wayne Nolan and Danny Neumann scored Tallulah's touchdowns but were never able to shoot the Trojans ahead until the last half.

Nolan scored twice on identical runs of 65 yards, the first in the opening quarter. Neumann tied the score at 12-12 in the second period when he cracked over tackle from the two.

After Nolan counted on his second 65 - yard try, Neumann wrapped it up with a plunge from the one after he set it up with a 41-yard romp, and he got the finisher on a 30-yard romp. Philip Scurlia added the lone conversion for Tallulah.

MANGHAM TRIUMPHS

MANGHAM, La. (Special) — Mangham's class B Dragons struck hard in the first half for all their points as they whipped class A Rayville, 19-7, here last night.

Halfback James Hendrix went three yards for the first Mangham score in the first quarter and Edgar John's kick made it 7-0. Johns burst over center from four yards out for the second touchdown in the second period, and James Templeton ran for another TD before the half. Both tries for the PAT were no good.

Rayville came back in the third quarter to score on a 51-yard dash by John O'Connor. O'Connor booted the extra point and that's the way it ended, 19-7.

Mangham, defending state class B champions, will meet Delhi for the 2-B conference championship next week.

NEWELLTON, 7-0

NEWELLTON, La. (Special) — A game which stood at 0-0 until the last minute of play suddenly erupted into a one - touchdown victory for Newellton High before several hundred screaming fans here last night. The battling Waterproof Trojans were the victims, 7-0.

Play on the Newellton field was typical of several other area games last night — played on a sea of mud after earlier rains.

Billy Bozeman took a 12 - yard pass from E. J. Harper for the game - winning touchdown as the seconds of the final minute were ticking off. Milford McVay ran for the extra point.

Fourteen first downs were scored by Newellton and Waterproof was limited to nine.

JENA FALLS 13-12

JENA, (Special) — Quarterback L. McCord flipped 12 yards to Jerry Curley late in the fourth period to drag North Caddo past Jena's Giants 13-12 here last night.

It looked like the Giants had it sewed up from the start when they went 80 yards pay dirt after Jimmy Aldredge, right half, took Caddo's first punt 68 yards to the 12, and then carried it over through right guard. Buddy Willis' kick went wide.

Again the Giants held their ground and took the ball on their own 12 after a Caddo punt rolled dead. Several plays later saw Jena on its 40 from where fullback David Tarver romped 60 yards off left guard for the second score of the period.

Willis picked up a bad snap from center but was stopped on a run around end to make it 12-0, Jena.

Still in the first period, Bill Powell, right half, took a Giant kick off and went 80 yards untouched for the score. John Weaver didn't know it at the time, but his point after was the big blow.

FERRIDAY, 27-0

WINNSBORO (Special) — Ferriday's Bulldogs, rapping once more at the door of another district 2-A crown, trampled the Winsboro Wildcats 27-0 here last night.

Ferriday, beaten only once in conference play this season, will battle Tallulah next week for the district 2-AA crown, if Tallulah wins.

Winsboro never seriously threatened and were in Ferriday territory only twice.

Tony Brocato, fullback went over left tackle from the two in the first quarter to score the Bulldog's first TD.

In the second quarter, a jump pass from Jarrell Day to David Cruise, left end, from the five was good for the second Ferriday score. Bateman kicked the extra point.

A 30-yard pass play from Day to Bateman in the third quarter brought the third touchdown of the game and Bateman's kick was good for the extra point.

Day hauled a 35-yard pass to Brocato in the fourth quarter for the final TD. Bateman again added the extra point.

Ferriday completed five out of 12 passes, while the Winsboro team completed one out of nine.

Three Ferriday touchdowns were called back and ruled no good due to penalties.

CROWVILLE ROMPS, 31-6

CROWVILLE, La. (Special) — Crowville kept its slim hopes for the 3-B conference championship alive here last night with a 31-6 romp over Winsboro for the grid championship of Franklin Parish.

The only mark on Crowville's loop record is a tie with Newellton. If Waterproof knocks off undefeated Block next week, an unlikely event, Crowville will win the title.

Harold Roberts ran 20 yards for the first Crowville score, Billy Gene Allen 45 yards for the second with an intercepted pass and Allen then went 10 yards for the third. Truman Johnson ran 10 yards for a second quarter touchdown to give the Bulldogs a 25-0 lead at halftime.

Frisky Bowers ran 30 yards for the final Crowville score. Winsor scored in the third period when Joe Blair ran 10 to paydirt.

The game was the last for Crowville and gave them a 9-1 record for the year. They defeated the only other Franklin Parish team, Winsboro, earlier this year.

LAKE CHARLES UPSET

LAKE CHARLES, La., Nov. 15 (AP) — Off-beaten Sulphur upset Lake Charles 26-14 tonight to kill the losers' hopes of sharing the southwest district triple-A crown with LaGrange.

The game assured LaGrange of the district crown and a berth in the playoffs for the state triple-A crown.

Quarterback Nolan Viator took the opening kickoff 89 yards for the first Sulphur score and added another on a one-yard plunge. Other touchdowns were on a two-yard plunge by John Faulk and a blocked punt recovery by Oran

MANFIELD WIN'S

MANFIELD, La. (Special) — Mansfield handed Winnfield the district 1-A championship here last night with a 14-13 victory over contending LaSalle.

The winners scored all of their points in the second period and withstood a second half rally by the Tigers to nail down the win. Quarterback Ben Smith pass to end Garry Moore on a 65-yard play for the first Mansfield touchdown and then threw to Coleman Burr for the PAT.

LaSalle came back with a scoring pass from Everett Brooks to Charles Gilmore, a 25 yard play. Brooks ran for the extra point to tie it up. Smith ran 15 yards on fourth down to score the second touchdown and Burr kicked the point after touchdown that won the game.

In the third period, Brooks passed 25 yards to Gary Russell for the final LaSalle score but the pass for the extra point was no good.

RAGAN STARS

Neville's Tigers Capture 20-6 Decision From Lions

Handyman Willie Ragan scored all his team's points as he led Neville to a 20-6 victory over game Ouachita at Brown Stadium last night to give the city school permanent possession of its second Guerriero Trophy.

Bryant Rumored For 'Bama Post

BIRMINGHAM, Ala., Nov. 15 (UP) — A reliable source said today Texas A&M Coach Paul Bear Bryant will definitely succeed J. B. Whitworth as head football coach at the University of Alabama.

Doubles Title Won By Rose And Anderson

SYDNEY, Australia, Nov. 15 (UP) — Second seeded Mal Anderson and Mervyn Rose put together a tremendous display of power tennis today to beat top-seeded Ashley Cooper and Neale Fraser, 6-4, 6-4, 9-11, 6-2, in the doubles final of the New South Wales championships.

Top-seeded Cooper plays Fraser Saturday for the singles title. The doubles final matched the four players named Thursday to defend the Davis Cup for Australia in the challenge round Dec. 26-28, probably against the United States.

Rose, hailed by many as the best amateur doubles player in the world, dominated the match. Anderson, surprise winner of the U.S. singles championship two months ago, proved a perfect partner for Rose. His first service, as good as any in the game, set up numerous kills for Rose at the net.

AIMS AT TITLE

Block Whips Sicily • Island In 27-0 Tilt

SICILY ISLAND, La., (Special) — Block High sloshed out a 27-0 victory over Sicily Island last night on a field inches deep in water.

The victory left Block undefeated and apparently headed for a district 3-B championship playoff with the Crowville Bulldogs.

Approximately 1,000 fans saw the players become "mud balls" within a few minutes after the game started. Water three to four inches deep stood in spots on the field, which was drenched in a downpour that hit Sicily Island at 4 p.m.

Ed Hutchins scored twice for

Favor Vertex As Bold Ruler Skips Roamer

NEW YORK, Nov. 15 (AP) — With Bold Ruler on the sidelines because he was assigned 139 pounds, nine 3-year-olds will run in tomorrow's \$50,000 added Roamer Handicap at Jamaica.

Frank Pirulli's Vertex, winner of seven of 10 starts, is expected to be the favorite in the mile and three-sixteenths feature with Sammy Boulmetis up. Vertex will carry top weight of 123 pounds.

Promised Land, 115, Ambehaving, 106, Assemblyman, 114 and Cohoes, 114, are figured as chief competition. Others entered are Promethean, 102, Four Fathoms, 104, General Arthur, 102, and Jocko's Walk, 104.

Vertex easily won a 6-furlong sprint last Saturday at Jamaica in 1:10 but will be facing stronger competition in this distance race. Promised Land and Assemblyman finished 1-2 last week in the Knickerbocker Handicap over mile and one sixteenth. Ambehaving was third and Cohoes, the early pace setter, finished fourth in the field of five.

When to Fish or Hunt SOLUNAR TABLES by John Allen Knight

The schedule of Solunar Periods, as printed below has been taken from John Allen Knight's Solunar Tables. Plan your days so that you will be fishing in good territory or hunting in good cover during these times if you wish to find the best sport that each day has to offer.

COUPLE RE-MARRIES

HOUSTON, Nov. 15 (UP) — Mr. and Mrs. Charles B. Ramsey, who were married in 1903 and divorced in 1952, were married again Saturday. Ramsey is 83 and his wife 80.

Both Linville Clubs Win At Downsview

DOWNSVILLE, La. (Special) — Linville and Downsview girls and Marion and Linville boys won games here yesterday in the Downsview basketball tournament.

Linville girls slipped by Bernice, 32-29, in an afternoon game as Loly Fay Ford led Linville with 17 points. Jo Albritton had 13 for the losers.

In a night game, the Downsview lasses whipped Marion, 41-28, with Hamilton leading the way with 17 points. Miss Green sank 18 to pace Marion.

Gilmore scored 23 points and Andrews sank 22 to lead Marion boys over Ouachita, 60-45. Lanny Johnson's 17 points was tops for Ouachita.

Linville squeezed by Calhoun by a 35-33 count in a boys game last night. Hale had 17 to top the winners and Heacock scored 12 for Calhoun.

Quarterback Rex Carter and halfback Eddie McGowan kept Ouachita in the game offensively. Carter completed 10 passes in 18 attempts and almost threw the Lions to a touchdown in the fleeting seconds of the first half.

McGowan finished his high school career like a true Lion, doing the bulk of the rushing as well as scoring the touchdown to give himself 50 points for the season.

A pair of fine ends, Neville's Billy Roach led the defensive efforts in the hard and cleanly fought annual grudge game.

The first quarter was fought on even terms with Ouachita making the nearest thing to a threat, a drive to the Neville 28 where a fumble stopped them. Bill Broussard got the fumble for the Tigers on the 38 and it set up the first score of the game. Howard went for five and Ragan for three to the 47.

On the first play of the second period, Bill DePriest went to the Ouachita 44. Ragan went for four and then DePriest for two yards as many times. Ragan then cut loose with his scoring dash for 38 yards and six points. Willie's kick for the PAT was good but a motion penalty made him try it over and he was wide to the left this time, leaving the score 6-0.

A couple of plays after the kickoff, Ouachita made another costly bobble. Tommy Edwards jumped on this one for Neville on the Ouachita 26. Tigers were off again, but not before two motion raps set them back 10 yards. One of the penalties nullified a 30-yard rush to the one by Ragan.

After the second penalty, Joe Cagle, now playing quarterback, reeled off a nice run of his own to the 11 for a first. On the next play, Ragan, with some fine faking by Cagle and the halfbacks, went through right tackle and scored without a man touching him. He booted the point after and it was 13-0.

The Lions got into the act in the last minutes of the half when James Simmons recovered a Neville fumble on the Lion 34. Carter fired three straight completions to Roach and McGowan to move the ball to the Tiger 30 but two long ones to McGowan inside the five were broken up and the half ended still 13-0.

After a third quarter that saw each team do little but exchange punts, Ouachita began their scoring march when the Tigers ran out of downs on their 42. McGowan ran for 10 and a first. After two plays for no gain, Carter hit McGowan once and then Housley for a first down on the Tiger 41. Carter ran for four, then three successfully to Roach and McGowan.

McGowan ran twice to the 20 before Carter threw twice unsuccessfully. The tall quarterback then hit McGowan with a pass to the three and after a rush, threw another to Eddie just across the line for the touchdown. Carter's attempted run for the PAT was short.

Neville took the resulting kickoff and ground out 63 yards to score the final TD. Howard and Ragan did most of the running along with DePriest to move it to the 21. Howard ran to the three and from there Ragan went over as the clock ticked away the last seconds.

After Ragan kicked the point to make it 20-6, there was time only for the kickoff.

The lineups:  
Neville — Broussard, Sparks, Wilson, McMillan, Hines, Turner, Buckner, Bryan, Squires, Burton, Nolan, Keith, Ramin, Center — Crowe, Kimball.  
Guards — Edwards, Jordan, Hunt, Cotton, Williams, Grant, Horton, Wroten, Snapp.  
Center — Oliver, Hale, Branch.  
Backs — Cagle, Howard, Smart, Ragan, DePriest, Payne, Kirby, Wilson, Storey, Campbell, Zeagler, Turner.  
Ouachita — Roach, Talley, Logan, Tackles — Ward, Moore, N. Prewitt, C. Prewitt.  
Guards — Cartlett, Kirtley, Fletcher, Center — Crowe, Kimball.  
Backs — Carter, McGowan, Mahoney, Housley, Barker, Perry, Simmons, Cromwell.

Fort Necessity, Central Divide

FORT NECESSITY, La. (Special) — Fort Necessity and Central High split a basketball double header here last night. "The Fort" boys winning, 59-42, and the Central girls notching a 55-31 triumph.

Linder led Fort's boys with 23, backed by Grady Jones with 21. Blake paced Central with 14. In the girls' game, Blake led Central with 29, and Ross was high for the Fort with 14.

Cooper's 65 Lands First In Gardena

GARDENA, Calif., Nov. 15 (UP) — Irving Cooper, young Long Beach, Calif., pro, shot a 32-33-65 to pace today's contestants in the fourth annual \$4,250 Gardena Valley Open, but he was one shot behind two pros who played their first round Thursday in the split field qualifying.

The pacemakers heading into Saturday's second round of this 54-hole event were veteran Zell Eaton, Chino, Calif., and Jerry Robinson, Houston, who scored 64s Thursday.

Cooper is tied for second spot with 22-year-old Tommy Jacobs, Whittier, Calif., who scored 65s Thursday.

Second best scores posted in today's group were 66s by Jim Ferrier, the 1955 winner from North Hollywood, and Billy Maxwell, Odessa, Tex., recent Hesperia Open victor.

Miteff Accepts Television Bout

NEW YORK, Nov. 15 (AP) — Alex Miteff, once-beaten Argentine heavyweight contender, today signed to meet undefeated Len Kighal of Washington, D. C., in a television 10-round at St. Nicholas Arena Monday, Nov. 25.

Hymie Walman, manager of the 22-year-old South American, said Miteff's scheduled Dec. 3 bout in Denver with Cuba's Nino Valdes has been postponed two weeks until Dec. 17.

BASS LEADS WAY Rebels Whip Ruston, 19-0

By AL YOUNG

Victory came last night for a West Monroe homecoming crowd on the shoulders of big Mickey Bass.

The 175-pound fullback showed the Rebels the way as he accounted for 140 of the 320 total yards ground out by the West Monroe club against Ruston at Neville stadium for a 19-0 win.

Things got underway with Ronald Jackson, Bearcat fullback, taking Jerry Stovall's kickoff on his own 20 and returning it to the Ruston 40. There the Bearcat offensive bogged down and Jackson quick-kicked the ball rolling dead on the West Monroe 15. Bass got five through right tackle and Robert Perkins, left half, got four more on a straight-through over the left side. Then Bass bawled for 25 yards to the Rebel 52 yard line. Joe Ford, right half, got four, quarterback Johnny Huntsman kept for five yards and Bass picked up the down, moving the ball to the Ruston 40. Bass carried twice for 7 yards but the Rebels slowed and Perkins kicked the ball into the end zone. The ball was brought out to the Ruston 20.

Jackson carried for Ruston from the 20 for three yards and then Don Shows, flashy left half for the Bearcats, moved the ball in two plays 6 more yards. Here Ruston was stymied again and Jackson booted to the West Monroe 21, where the ball rolled dead. Bass carried out for the Rebels

in two plays that got 6 yards, then Perkins bucked for 15 and Joe Ford hung up 12 more for the rampaging Rebels and the first downs began to mount. Bass carried for 3. Ford for 4 and Bass got 3 more as the quarter ended.

Second period fireworks commenced on the Ruston 37 with Perkins smashing ahead for 6 yards, Bass for 1, and then Huntsman faded to pass and was smeared in the mud at midfield for a 12-yard loss. Perkins kicked a deadly one which went out on the Ruston 6. Then Jackson, John Murphy and Shows moved the ball out to their own 22 in three quick bursts. Shows got four more and then Jackson again had to boot, this one snagged by Stovall on the 50 and returned 14 yards to the Bearcat 34. Then Mickey Bass carried the ball. In five plays, four of which he packed off, the Rebels moved the ball 35 yards into the end zone. Bass going over from three yards out.

The pass from center was bobbled and Huntsman was smeared on the extra point try.

The second half began with Perkins taking the Ruston kickoff on his own 5 and bringing it out to the 25. At this point the potent Rebels simply pounded up the field in a 75-yard sustained drive with Bass, Perkins, Ford, Huntsman and Stovall chopping away at the weary Ruston team. Bass went over from 2 yards out to climax the journey. Huntsman's

try for point was good and the Rebels took a commanding 13-0 lead.

In the last quarter with Ruston backed to its own two, Jackson kicked out and the ball rolled dead on the 36 of Ruston. Ford and Bass got 1 and 5 respectively and then Bobby Perkins gained his stride for 11 and 5 in two moves that placed the ball on the Bearcat 15. An offside penalty moved the leather back to the 25 of Ruston. But Perkins moved on again, this time for 9 yards, and Ford went for the first down, and a setup for the final score as he smashed down to the 8. Ford carried twice down to the 1/2-yard line after a penalty and then Johnny kept the ball himself and fell into the end zone for the final touchdown. Point after was no good and a penalty resulted against the Rebels which caused them to have to kick off from their own 25. The Bearcats came out from their own 45 to the 15 of West Monroe but it was all over and 19-0 for the Rebels. The wet field left a group of muddy veterans as the two teams left the gridiron.

High School Grid Results

DELHI 27, COLUMBIA 0  
DELHI, La. (Special) — The favored Delhi Bears easily rolled over the Columbia Crimson Tide on a soggy field here last night, 27-0, to set the stage for the Bruins' all-important district two Class B battle with Mangham's defending state champions next week.

Coach Raymond Richards' Bears took the opening kickoff and marched to the Columbia five before losing possession on a fumble. But Delhi's Francis Cotes just as quickly sifted through the Tide line to catch Columbia's quarterback Doyle Thornton in the endzone for a Delhi safety.

Halfback Bobby Leach scored the first Delhi touchdown on a 15-yard right end sweep midway of the first quarter, and on the first play of the second quarter, end Earl Coleman intercepted a Tide pass and ran 30 yards for another Delhi TD. Joe Kyles converted behind Coleman's score and Delhi led 21-0 at the half.

Midway of the third quarter Billy Ray Newton galloped 43 yards on a right end sweep to close the night's scoring, and Delhi reserves played most of the remainder of the game.

Mangham comes here next Friday night for the game that will determine the district 2-B crown held so long by the Bruins but passed over to the Dragons for the first time last year.

LAKE PROVIDENCE, 12-0  
LAKE PROVIDENCE, La. (Special) — The Lake Providence Panthers celebrated homecoming last night with a 12-0 victory over the Oak Grove Tigers in a district 2-A battle that saw the Panthers grab their touchdowns in the second and third quarters.

Ned Edmundson returned a Tiger punt to Oak Grove's 28 in the second quarter, and on the second play after the kick, a pass from Joe Warington to fullback Walter Parker was gathered in by the eight and Parker ran the rest of the way.

In the third quarter, Lake Providence held Oak Grove for downs immediately after the kickoff and the Tigers punted. Edmundson gathered in the ball, handed off to Dick Muirhead on a reverse at the 20, and Muirhead scampered the necessary 80 yards to score.

The game was played on a wet and muddy field that was blamed for fumbles and inaccurate passing on both sides.

LAKE CHARLES UPSET  
LAKE CHARLES, La., Nov. 15 (AP) — Off-beaten Sulphur upset Lake Charles 26-14 tonight to kill the losers' hopes of sharing the south-west district triple-A crown with LaGrange.

The game assumed LaGrange of the district crown and a berth in the playoffs for the state triple-A crown.

Quarterback Nolan Viator took the opening kickoff 89 yards for the first Sulphur score and added another on a one-yard plunge. Other touchdowns were on a two-yard plunge by John Faulk and a blocked punt recovery by Oran

Lewis. Richard Vice got both conversions.

Lake Charles scored in the first period when A. J. Cusimano picked up a fumble and dashed across the goal. In the final period Darrell Lester ran 26 yards for another tally and Richard Vice got his second conversion.

ISTROUMA, 20-13  
BATON ROUGE, Nov. 15 (AP) — Istrouma proved its right to reign as the state's top triple-A team with a 20-13 victory over Baton Rouge before 18,000 spectators tonight.

Scoring a touchdown in each of the first two periods, Istrouma dominated the game until midway the final period when Wendell Harris whizzed 63 yards for the first Baton Rouge touchdown.

Harris missed the conversion and Istrouma led, 13-6. Don Wilson sprinted 85 yards with the kickoff for Istrouma's third touchdown and Lynn Amedee's second conversion made it, 20-6.

Baton Rouge then drove 56 yards for its second score following the next kickoff with wingback Warren Stablier racing the final 13 yards on a reverse play around end. Wendell Harris converted to make it 20-13, but there were only a little more than two minutes left to play and Istrouma ran out the clock.

Amedee sneaked a yard for Istrouma's first touchdown in the opening period and Smith barged over from the half-yard line for the Tribe's second touchdown. Amedee converted after the first score.

PEUNICE WINS  
OPELOUSAS, La., Nov. 15 (AP) — Eunice wrapped up the district 4AA football title tonight by whipping Opelousas 21-0. Clyde Fruge scored twice and Ronald Andrus once.

TALLULAH WINS, 31-12  
TALLULAH, La. (Special) — The Tallulah Trojans, jarred back on their heels early in the game when Canton scored two touchdowns, stormed back to defeat the Mississippi invaders, 31-12, here last night.

J. Hall took the second play from scrimmage and went over tackle on a 72-yard jaunt for the touchdown that put Canton in the lead. Shortly after Joe Turner counted again for Canton on a one-yard plunge after he had set up his TD with a 56-yard sprint.

Wayne Nolan and Danny Neumann scored Tallulah's touchdowns but were never able to shoot the Trojans ahead until the last half.

Nolan scored twice on identical runs of 65 yards, the first in the opening quarter. Neumann tied the score at 12-12 in the second period when he cracked over tackle from the two.

After Nolan counted on his second 65-yard trip, Neumann wrapped it up with a plunge from the one after he set it up with a 41-yard romp, and he got the finisher on a 30-yard romp. Phillip Scurlia added the lone conversion for Tallulah.

NEWELLTON, 7-0  
NEWELLTON, La. (Special) — A game which stood at 0-0 until the last minute of play suddenly erupted into a one-touchdown victory for Newellton High before several hundred screaming fans here last night. The battling Waterproof Tigers were the victims, 7-0.

Play on the Newellton field was typical of several other area games last night — played on a sea of mud after earlier rains.

Billy Bozeman took a 12-yard pass from E. J. Harper for the game-winning touchdown as the seconds of the final minute were ticking off. Milford McVay ran for the extra point.

Fourteen first downs were scored by Newellton and Waterproof was limited to nine.

JENA FALLS 13-12  
JENA (Special) — Quarterback L. McCord flipped 12 yards to Jerry Curley late in the fourth period to drag North Caddo past Jena's Giants 13-12 here last night.

It looked like the Giants had it sewed up from the start when they went 80 yards pay dirt after Jimmy Aldridge, right half, took Caddo's first punt 68 yards to the 12, and then carried it over through right guard. Buddy Willis' kick went wide.

Again the Giants held their ground and took the ball on their own 12 after a Caddo punt rolled dead. Several plays later saw Jena on its 40 from where fullback David Tarver romped 60 yards off left guard for the second score of the period.

Willis picked up a bad snap from center but was stopped on a run around end to make it 12-0. Jena.

Still in the first period, Bill Powell, right half, took a Giant kickoff and went 80 yards untouched for the score. John Weaver didn't know it at the time, but his point after was the big blow.

All was quiet in the second and third, with both teams kicking up mud on a field doused by an all day rain, but with six minutes to go in the final stanza, the Shreveporters took a Giant kick on the Jena 47 and marched to the 12. McCord connected with Curley for the fatal twelve yards, and the point after by Weaver was no good.

FERRIDAY, 27-0  
WINNSBORO (Special) — Ferriday's Bulldogs, rapping once more at the door of another district 2-A crown, trampled the Winnsboro Wildcats 27-0 here last night.

Ferriday, beaten only once in conference play this season, will battle Tallulah next week for the district 2-AA crown, if Tallulah wins.

Winnsboro never seriously threatened and were in Ferriday territory only twice.

Tony Brocato, fullback went over the left tackle from the two in the first quarter to score the Bulldog's first TD.

In the second quarter, a jump pass from Jarrell Day to David Cruse, left end, from the five was good for the second Ferriday score. Bateman kicked the extra point.

A 30-yard pass play from Day to Bateman in the third quarter brought the third touchdown of the game and Bateman's kick was good for the extra point.

Day hurled a 35-yard pass to Brocato in the fourth quarter for the final TD. Bateman again added the extra point.

Ferriday completed five out of 12 passes, while the Winnsboro team completed one out of nine.

Three Ferriday touchdowns were called back and ruled no good due to penalties.

CROWVILLE ROMPS, 31-6  
CROWVILLE, La. (Special) — Crowville kept its slim hopes for the 3-B conference championship alive here last night with a 31-6 romp over Wisner for the grid championship of Franklin Parish.

The only mark on Crowville's loop record is a tie with Newellton. If Waterproof knocks off undefeated Block next week, an unlikely event, Crowville will win the title.

Harold Roberts ran 20 yards for the first Crowville score, Billy Gene Allen 45 yards for the second with an intercepted pass; and Allen then went 10 yards for the third. Truman Johnson ran 10 yards for a second quarter touchdown to give the Bulldogs a 25-0 lead at halftime.

Frisky Bowers ran 30 yards for the final Crowville score. Wisner scored in the third period when Joe Blair ran 10 to paydirt.

The game was the last for Crowville and gave them a 9-1 record for the year. They defeated the only other Franklin Parish team, Winnsboro, earlier this year.

MANSFIELD WIN'S  
OLLA, La. (Special) — Mansfield handed Winnfield the district 1-A championship here last night with a 14-13 victory over contending LaSalle.

The winners scored all of their points in the second period and withstood a second half rally by the Tigers to nail down the win. Quarterback Ben Smith pass to end Garry Moore on a 65-yard play for the first Mansfield touchdown and then threw to Coleman Burr for the PAT.

LaSalle came back with a scoring pass from Everett Brooks to Charles Gilmore, a 25 yard play. Brooks ran for the extra point to tie it up. Smith ran 15 yards on fourth down to score the second Mansfield TD and Burr kicked the point after touchdown that won the game.

In the third period, Brooks passed 25 yards to Gary Russell for the final LaSalle score but the pass for the extra point was no good.

# Navy Meteorologist Says No Snow Found In South Polar Regions

By CHARLES MOORE  
MCMURDO, Antarctica, Nov. 15 (UP) — "It never snows at the South Pole."

Navy Cmdr. John Mirabito, chief meteorologist at Operation Deep Freeze headquarters here, explained it was too cold at the bottom of the world for snow flakes.

Mirabito, 40, of Hyde Park, said precipitation in Antarctica takes the form of feathery ice crystals which in the past centuries have built up the 5,000-foot high ice pack.

Mirabito, who heads a five-man staff of weather forecasters and observers, is responsible for the weather predictions upon which all the American pilots in the Antarctic depend.

His staff includes: Navy Lt. Aerographers Mate Almer A. Erdel of Quonset, R. I.; Aerographer Second Class Ronald W. Palmer of Seattle; Aerographer Third Class Bob Fancher of Carlshad, N. M.; and Aerographer Third Class Arvil T. Crecy of Gatesville, Tex.

In fact, Col. William G. Forwood of Spokane, Wash., a Globe-master pilot and senior Air Force officer at McMurdo said, "every one of the pilots is a Mirabito fan."

Mirabito, who speaks six languages and has written numerous books on weather and forecasting, has been with Task Force 43 and Operation Deep Freeze since the planning stage.

# WOMAN'S WORLD

A modern folding table with matching chairs, set up in a corner of a living room for an evening of bridge blends into the lovely traditional scheme of the room. In metallic flame with black frames the pieces complement the off-white walls, turquoise carpet, sheer gold draperies, white and flame colors of the upholstered pieces and the beautiful mahogany finish of the antique tables.

## 14 Grey Ladies Complete Course At Bastrop

Fourteen Grey Ladies have recently completed a 12 hour training course offered under the auspices of the American Red Cross, with Miss Maggie Haws as the instructor.

Assisting in the instruction were Mrs. Will Grey of Jones; Mrs. Kathleen Eason and Mrs. Ruth Gershon of Monroe; Mrs. Ed Allen and Mrs. William Norman of Crosslet, Ark.; W. L. Duckworth, director of Morehouse General Hospital; Mrs. Billie Eubanks, Mrs. Addie Mae House and Dr. O. L. Tugwell of Bastrop and Dr. Bernard Soto of Mer Rouge.

Mrs. Clyde Burt, chairman of ARC volunteer services, reported that after a short period of practice in the hospitals the Grey Ladies anticipate initiating the "home - bound program," which includes service to individuals confined to their homes.

## Local Matrons Organize New Garden Club

The organizational meeting of a new Garden Club for the Westwood and Oakpark area was held at the home of Mrs. L. T. Harper on Beechwood Drive.

Mrs. Jack Whitehead and Mrs. Richard Davis served as co-hostesses.

The hostess presided as temporary chairman and the following officers were elected: President, Mrs. L. T. Harper, vice president, Mrs. Hugo Angelini; secretary, Mrs. Benoit Williams; treasurer, Mrs. Ralph Law.

The club voted to hold its meetings on the third Thursday of each month. However, in view of the holiday season the December meeting was set for the first Thursday. The president appointed a by-laws committee to report at the December meeting.

Following the business session refreshments were served to the following charter members:

Mrs. C. P. Thompson, Benoit Williams, Hugo Angelini, Ralph Law, M. L. Loper, J. S. Dollar, J. C. Inabnet, C. W. Cain, Richard Davis, Louis Evangelista, L. T. Harper, Jack Whitehead and Walter Gray.

A dried arrangement of bronze chrysanthemums with backing of large brown leaves was used most effectively as the centerpiece in the dining room with a single brown candle on each side in a bronze candle holder.

An arrangement of bronze chrysanthemums, made by one of the members, Mrs. C. Pat Thompson, was placed in the living room, and the coffee table was centered with an arrangement of fruit.

## Mrs. Sandy Holt Speaks To The Patio Gardeners

The November meeting of the Patio Garden Club was held in the home of Mrs. Harry Bell on Essex street at 10 o'clock, November 12.

The guest speaker, Mrs. Sandy Holt, gave a most interesting demonstration on Holiday Table Setting and Menus.

Each member received booklets on the baking and carving of a ham or turkey for the holidays and Harmony in Table Setting. Mrs. Holt gave many garnishing suggestions and prepared for the members several different salads and dips. For the children during the holiday season, Mrs. Holt explained how to cut and ice a cake that formed a turkey.

After the demonstration there was a short business meeting.

Holding the November meeting with Mrs. Bell were Mrs. Bill Riley; Mrs. Fred Huenefeld; and Mrs. Paul Ransom. Other members present were Mrs. Jim Williams, Mrs. Jerry Ryan, Mrs. Thomas Holmes; Mrs. Joe Dixon, Mrs. Billy Inabnet, Mrs. Jack Fluck, Mrs. Charles Ammon, Mrs. Phelps Lyons, Mrs. Tommy Fortenberry, Mrs. Jack Jackson, Mrs. Jane Watson, Mrs. Allen Jones, Mrs. Robert Woods, Mrs. Benton Wakefield, and Mrs. Jack Easterling.

When there's just a little baked or boiled ham leftover, chop it fine and add it to scrambled eggs to be served at breakfast.

## INTERIOR DECORATING

### Folding Furniture Is Asset To Small Homes

By BETTY LENAHER

Despite the fact that the versatile mobile furniture, available in practically any form or shape, is gaining in popularity every day the good old standby of many years, "folding furniture," is still a boon to the homemaker. It is equally as versatile as the mobile units and for the small house or apartment dweller is far more practical since when not in use it can be easily folded and stored away in a closet, behind a door or even under a bed.

Since their first introduction to home furnishings folding tables and chairs have been an integral part of household equipment. Because of their small scale, and simplicity of design, they will fit into almost any type decor — informal provincial, luxurious traditional or sophisticated contemporary — either as a permanent part of the scheme or as a temporary setup for special occasions.

In the early days the card table, most popular of the folding pieces, was not too dependable — right in the midst of an exciting game a leg was apt to give way or a carelessly placed cigar or cigarette might start a small fire. Today, the card table is completely utilitarian with built-in safety to protect against common or serious household accidents. The new tables, with attractive matching chairs, feature an almost magic-like resistant surface which is burnproof, stainproof and scratchproof.

A unique manufacturing process lifetime bonds this all-resistant vinyl fabric directly to the all-

steel card table frame. This vinyl-bonded - to - steel process diffuses heat, resists cracking and buckling.

A decorator motif has been added—the surface of the table has been lowered which protects against spills or slipping objects by a raised table rim frame.

This attractive folding furniture is available in a choice of four color combinations to co-ordinate with any room decor: metallic gray with black frame, metallic flame with black frame, chartreuse with black frame, and metallic tan with tan frame.

### The Eros FHA To Sponsor A Family Night

The Eros High School chapter of the Future Homemakers of America is sponsoring a Family Night, to be held on Nov. 18, at 7:30 p.m. in the school auditorium.

A talent show, a style show and many other selected features will be presented for the enjoyment of interested people in the area. Everyone is invited to attend and there will be a small admission charge.

Cottage cheese is extremely perishable and should be kept covered in the refrigerator. Use it as soon as possible after buying.

## TETE-A-TETE

THE QUEEN'S GUARD . . . drew an enthusiastic crowd from Monroe to Louisiana Tech to hear the "Black Watch." Among those noted were Miss K. Livaudais, Miss Louise Moore, Merl Lichtenfels, Mrs. C. W. Caraway, Miss Edna Doyle, Mrs. Marion K. Fisher and Mr. and Mrs. Jack Taylor.

A WORK PARTY . . . gathered at Helen Agnew's — for the good of THE organization. Among those wielding the scissors and glue-pot were Bess James, Emma Keene, Armandine Re-Christ Collins, Vance Breard, Armandine Renaud, Nita Brinson, Bertha Cook, Fran Baxter and Mildred Lomax. Their efforts were rewarded by pots of coffee-and.

TO NEW ORLEANS . . . go Mr. and Mrs. Joe T. Murray. They will leave in time to go see the beautiful horses run. Joining them will be Mr. and Mrs. C. C. Mallory and Mr. and Mrs. Earl Graham, all of whom are from Jackson, Mississippi.

OVERNIGHT GUESTS . . . of Mr. and Mrs. Marvin Ellis were Mr. and Mrs. Lucian Dalton of Dallas, and their heir, Lucian, Jr. The visitors were enroute from Dallas to Pascagoula, for a bit of gulf fishing.

THE LONGEST TICKET . . . you ever saw was purchased this week by Tick Taylor. Mrs. Taylor and he are going to Banff, and the way stations on the ticket sound like a tour of Europe. They will be gone until after the holidays—and leave Monday.

## Rehearsal Supper And Buffet Entertain The Conner-Schroeder Set

The concluding affairs of a busy fortnight for Miss Barbara Ann Schroeder and her fiancé, Marvin Keith Conner, were an informal buffet on Wednesday evening complementing the bride-elect, and the rehearsal supper on Friday night.

Mrs. J. C. Limer III, entertained for Miss Schroeder with an informal buffet in her home on Milton.

The buffet was centered with a display of white Camellia and butter-yellow chrysanthemums, and sided with candlesticks holding tall yellow tapers. The small tables placed in the reception rooms each bore a bud vase filled with tiny red rose buds. At the honorees place was a gift of silver from the hostess.

Those in to enjoy the occasion were Mrs. Harry Schroeder, Mrs. A. D. Hanks, Mrs. J. W. Bell, Jr., Mrs. Mark Whitfield, Miss Chris Ingina, Mrs. H. L. Van Sice, Mrs. John A. Sanpognaro, Mrs. Rex Dillingham, Mrs. J. S. Wiggins, Mrs. D. G. Albritton, Miss Barbara Byrd, Mrs. Jack Neal, Mrs. Jerry Richards, Mrs. Raymond Barry.

Rehearsal Supper Following the wedding rehearsal at last night a buffet supper was given at the Harry Schroeder home in West Monroe. A floral decor of white and yellow was carried out in the supper suite, with bronze chrysanthemums in the reception area. The tables for four bore small arrangements of "mums at the center. The young couple took this occasion to present gifts to their attendants, ushers and servers. Seated were the bride and groom of town guests.

## WHY GROW OLD?

### Observe These Rules Reduce Winter Colds

By JOSEPHINE LOWMAN

Sometimes Mother may wonder why her children have all the colds during the winter. As soon as one recovers, another is down and requires care and attention.

However, studies which have been made of children and the common cold indicate that this experience is normal. A study made by the nation's largest maker of cold tablets shows that the average school child has six colds and common respiratory illnesses a year. His little sister and brother at home add a couple more annually.

Children get their first colds shortly after school begins. A second wave hits most communities in November, a third the latter part of January and February and a fourth in April and May.

#### Weird Ideas

Colds always had been a mystery to the medical profession until recently. Now newer information is giving insight into this troublesome malady. It is no surprise then that people long ago had some weird ideas about what caused the sniffles. For instance, people once thought that decaying leaves caused colds. No wonder—since fall colds and falling leaves occurred at about the same time! At one time people believed that comets were responsible. Had Sputnik, the satellite, appeared then, someone might have thought that it was the reason for the common cold. Cats and face powder also have been blamed. This was before the day of allergies!

Actually, you may be able to cut down the number of colds your children have this winter if you will observe several rules. Today let me suggest them to you.

Of course you know that enough sleep and good nutrition are great aids. Be sure that your offspring have three good meals a day. Do not allow them to dull their appetites with sweets before meals. These should come at the end of the meal.

#### Fatigue Factor

Don't let them get overtired. Let them play outdoors to their heart's content.

elect, their parents, members of the wedding entourage and out-of-town guests.

heart's content, being sure they are warmly dressed, but don't allow them to continue until exhausted. Fatigue, rather than cold weather, is the factor in weakening resistance.

If he or she has a cold put the child to bed. Plenty of rest will ward off complications and the isolation will protect others to some extent.

Take his temperature. If it is 100 degrees or more, consult your doctor.

See that the child wears a robe and slippers when he goes to the bathroom.

Protect others in the family by giving the child his own silver, dishes and glasses. Wash these separately.

Be careful about how he blows his nose. Do not hold one side. This may cause ear trouble.

There is no known cure for a cold. Medication, cough syrup and cold tablets will bring some relief from the symptoms, but these should be prescribed by your physician.

Try to avoid this unpleasant experience by keeping the entire family's health at a high level.

## Seventy Attend Banquet Of The Tallulah B. C.

A delectable turkey banquet was the feature of the November meeting of the Tallulah Book Club held at the club building on Thursday evening.

Yellow and bronze chrysanthemums combined with colorful autumn leaves were beautifully arranged in the spacious hall. Extending down the center of the long tables were sprays of ivy with yellow and orange chrysanthemums used at intervals.

Mrs. C. E. Speed, president of the club served as master of ceremonies Mrs. W. L. Rountree, who spent several months in England during the spring gave an interesting talk on the country and her experiences. She concluded by singing, "Around the World."

There was an attendance of seventy club members and guests. Hostesses were Mrs. John W. Car-

# WOMAN'S WORLD

A modern folding table with matching chairs, set up in a corner of a living room for an evening of bridge blends into the lovely traditional scheme of the room. In metallic flame with black frames the pieces complement the off-

white walls, turquoise carpet, sheer gold draperies, white and flame colors of the upholstered pieces and the beautiful mahogany finish of the antique tables.

## 14 Grey Ladies Complete Course At Bastrop

Fourteen Grey Ladies have recently completed a 12 hour training course offered under the auspices of the American Red Cross, with Miss Maggie Haws as the instructor.

Assisting in the instruction were Mrs. Will Grey of Jones; Mrs. Kathleen Eason and Mrs. Ruth Gershon of Monroe; Mrs. Ed Allen and Mrs. William Norman of Crossett, Ark.; W. L. Duckworth, director of Morehouse General Hospital; Mrs. Billie Eubanks, Mrs. Addie Mae House and Dr. O. L. Tugwell of Bastrop and Dr. Bernard Soto of Mer Rouge.

Mrs. Clyde Burt, chairman of ARC volunteer services, reported that after a short period of practice in the hospitals the Grey Ladies anticipate initiating the "home - bound program," which includes service to individuals confined to their homes.

## Local Matrons Organize New Garden Club

The organizational meeting of a new Garden Club for the Westwood and Oakpark area was held at the home of Mrs. L. T. Harper on Beechwood Drive.

Mrs. Jack Whitehead and Mrs. Richard Davis served as co-hostesses.

The hostess presided as temporary chairman and the following officers were elected: President, Mrs. L. T. Harper, vice president, Mrs. Hugo Angelini; secretary, Mrs. Benoit Williams; treasurer, Mrs. Ralph Law.

The club voted to hold its meetings on the third Thursday of each month. However, in view of the holiday season the December meeting was set for the first Thursday. The president appointed a by-laws committee to report at the December meeting.

Following the business session refreshments were served to the following charter members:

Mesdames C. P. Thompson, Benoit Williams, Hugo Angelini, Ralph Law, M. L. Loper, J. S. Dollar, J. C. Inabnet, C. W. Cain, Richard Davis, Louis Evangelista, L. T. Harper, Jack Whitehead and Walter Gray.

A dried arrangement of bronze chrysanthemums with backing of large brown leaves was used most effectively as the center piece in the dining room with a single brown candle on each side in a bronze candle holder.

An arrangement of bronze chrysanthemums, made by one of the members, Mrs. C. Pat Thompson, was placed in the living room, and the coffee table was centered with an arrangement of fruit.

## Mrs. Sandy Holt Speaks To The Patio Gardeners

The November meeting of the Patio Garden Club was held in the home of Mrs. Harry Bell on Essex street at 10 o'clock, November 13.

The guest speaker, Mrs. Sandy Holt, gave a most interesting demonstration on Holiday Table Setting and Menus.

Each member received booklets on the baking and carving of a ham or turkey for the holidays and Harmony in Table Setting. Mrs. Holt gave many garnishing suggestions and prepared for the members several different salads and dips. For the children during the holiday season, Mrs. Holt explained how to cut and ice a cake that formed a turkey.

After the demonstration there was a short business meeting.

Hosting the November meeting with Mrs. Bell were Mrs. Bill Riley; Mrs. Fred Huenefeld; and Mrs. Paul Ransom. Other members present were Mrs. Jim Williams, Mrs. Jerry Ryan, Mrs. Thomas Holmes; Mrs. Joe Dixon, Mrs. Billy Inabnet, Mrs. Jack Fluck, Mrs. Charles Ammon, Mrs. Phelps Lyons, Mrs. Tommy Fortenberry, Mrs. Jack Jackson, Mrs. Jane Watson, Mrs. Allen Jones, Mrs. Robert Woods, Mrs. Benton Wakefield, and Mrs. Jack Easterling.

When there's just a little baked or boiled ham leftover, chop it fine and add it to scrambled eggs to be served at breakfast.

## INTERIOR DECORATING

## Folding Furniture Is Asset To Small Homes

By BETTY LENAHAN

Despite the fact that the versatile mobile furniture, available in practically any form or shape, is gaining in popularity every day the good old standby of many years, "folding furniture," is still a boon to the homemaker. It is equally as versatile as the mobile units and for the small house or apartment dweller is far more practical since when not in use it can be easily folded and stored away in a closet, behind a door or even under a bed.

Since their first introduction to home furnishings folding tables and chairs have been an integral part of household equipment. Because of their small scale, and simplicity of design, they will fit into almost any type decor - informal provincial, luxurious traditional or sophisticated contemporary - either as a permanent part of the scheme or as a temporary setup for special occasions.

In the early days the card table, most popular of the folding pieces, was not too dependable - right in the midst of an exciting game a leg was apt to give way or a carelessly placed cigar or cigarette might start a small fire. Today, the card table is completely utilitarian with built-in safety to protect against common or serious household accidents. The new tables, with attractive matching chairs, feature an almost magic-like resistant surface which is burnproof, stainproof and scratchproof.

A unique manufacturing process lifetime bonds this all-resistant vinyl fabric directly to the all-

steel card table frame. This vinyl-bonded - to - steel process diffuses heat, resists cracking and buckling.

A decorator motif has been added—the surface of the table has been lowered which protects against spills or slipping objects by a raised table rim frame.

This attractive folding furniture is available in a choice of four color combinations to co-ordinate with any room decor: metallic gray with black frame, metallic flame with black frame, chartreuse with black frame, and metallic tan with tan frame.

## The Eros FHA To Sponsor A Family Night

The Eros High School chapter of the Future Homemakers of America is sponsoring a Family Night, to be held on Nov. 18, at 7:30 p.m. in the school auditorium.

A talent show, a style show and many other selected features will be presented for the enjoyment of interested people in the area. Everyone is invited to attend and there will be a small admission charge.

Cottage cheese is extremely perishable and should be kept covered in the refrigerator. Use it as soon as possible after buying.

## TETE-A-TETE

THE QUEEN'S GUARD . . . drew an enthusiastic crowd from Monroe to Louisiana Tech to hear the "Black Watch." Among those noted were Miss K. Livaudais, Miss Louise Moore, Merl Lichtenfels, Mrs. C. W. Caraway, Miss Edna Doyle, Mrs. Marion K. Fisher and Mr. and Mrs. Jack Taylor.

A WORK PARTY . . . gathered at Helen Agnew's — for the good of THE organization. Among those wielding the scissors and glue-pot were Bess James, Emma Keene, Armandine Re-Christ Collins, Vance Beard, Armandine Renaud, Nita Brinson, Bertha Cook, Fran Baxter and Mildred Lomax. Their efforts were rewarded by pots of coffee-and.

TO NEW ORLEANS . . . go Mr. and Mrs. Joe T. Murray. They will leave in time to go see the beautiful horses run. Joining them will be Mr. and Mrs. C. C. Mallory and Mr. and Mrs. Earl Graham, all of whom are from Jackson, Mississippi.

OVERNIGHT GUESTS . . . of Mr. and Mrs. Marvin Ellis were Mr. and Mrs. Lucian Dalton of Dallas, and their heir, Lucian, Jr. The visitors were enroute from Dallas to Pascagoula, for a bit of gulf fishing.

THE LONGEST TICKET . . . you ever saw was purchased this week by Tick Taylor. Mrs. Taylor and he are going to Banff, and the way stations on the ticket sound like a tour of Europe. They will be gone until after the holidays—and leave Monday.

## Rehearsal Supper And Buffet Entertain The Conner-Schroeder Set

The concluding affairs of a busy fortnight for Miss Barbara Ann Schroeder and her fiancé, Marvin Keith Conner, were an informal buffet on Wednesday evening complementing the bride-elect, and the rehearsal supper on Friday night.

Mrs. J. C. Liner III, entertained for Miss Schroeder with an informal buffet in her home on Milton. A floral decor of white and yellow was carried out in the supper suite, with bronze chrysanthemums in the reception area. The tables for four bore small arrangements of "mums at the center.

The young couple took this occasion to present gifts to their attendants, ushers and servers. Seated were the bride and groom elect, their parents, members of the wedding entourage and out-of-town guests.

Those in to enjoy the occasion were Mrs. Harry Schroeder, Mrs. A. D. Hanks, Mrs. J. W. Bell, Jr., Mrs. Mark Whitfield, Miss Chris Inzina, Mrs. H. L. Van Sice, Mrs. John A. Sanpognaro, Mrs. Rex Dillingham, Mrs. J. S. Wiggins, Mrs. D. G. Albritton, Miss Barbara Byrd, Mrs. Jack Neal, Mrs.

## WHY GROW OLD?

## Observe These Rules Reduce Winter Colds

By JOSEPHINE LOWMAN

Sometimes Mother may wonder why her children have all the colds during the winter. As soon as one recovers, another is down and requires care and attention.

However, studies which have been made of children and the common cold indicate that this experience is normal. A study made by the nation's largest maker of cold tablets shows that the average school child has six colds and common respiratory illnesses a year. His little sister and brother at home add a couple more annually.

Children get their first colds shortly after school begins. A second wave hits most communities in November, a third the latter part of January and February and a fourth in April and May.

### Weird Ideas

Colds always had been a mystery to the medical profession until recently. Now newer information is giving insight into this troublesome malady. It is no surprise then that people long ago had some weird ideas about what caused the sniffles. For instance, people once thought that decaying leaves caused colds. No wonder—since fall colds and falling leaves occurred at about the same time! At one time people believed that comets were responsible. Had Sputnik, the satellite, appeared then, someone might have thought that it was the reason for the common cold. Cats and face powder also have been blamed. This was before the day of allergies!

Actually, you may be able to cut down the number of colds your children have this winter if you will observe several rules. Today let me suggest them to you.

Of course you know that enough sleep and good nutrition are great aids. Be sure that your offspring have three good meals a day. Do not allow them to dull their appetites with sweets before meals. These should come at the end of the meal.

### Fatigue Factor

Don't let them get overtired. Let them play outdoors to their

heart's content, being sure they are warmly dressed, but don't allow them to continue until exhausted. Fatigue, rather than cold weather, is the factor in weakening resistance.

If he or she has a cold put the child to bed. Plenty of rest will ward off complications and the isolation will protect others to some extent.

Take his temperature. If it is 100 degrees or more, consult your doctor.

See that the child wears a robe and slippers when he goes to the bathroom.

Protect others in the family by giving the child his own silver, dishes and glasses. Wash these separately.

Be careful about how he blows his nose. Do not hold one side. This may cause ear trouble.

There is no known cure for a cold. Medication, cough syrup and cold tablets will bring some relief from the symptoms, but these should be prescribed by your physician.

Try to avoid this unpleasant experience by keeping the entire family's health at a high level.

## Seventy Attend Banquet Of The Tallulah B. C.

A delectable turkey banquet was the feature of the November meeting of the Tallulah Book Club held at the club building on Thursday evening.

Yellow and bronze chrysanthemums combined with colorful autumn leaves were beautifully arranged in the spacious hall. Extending down the center of the long tables were sprays of ivy with yellow and orange chrysanthemums used at intervals.

## YOUR PROBLEMS

## Four-Fifths Of Iceberg Is Under The Surface

By ANN LANDERS

Dear Ann: You and your magic formula. How can you sit there and tell people in one paragraph how to straighten out their marital problems when they've been fighting them out on the battlefield of mixed emotions for years?

My wife is a chunk of unfeeling, unresponsive ice. She's been this way since the day we married. I've bought her books but she's never cracked the cover. We have two children but they are the result of "duty" and have nothing to do with an expression of love or devotion.

I've warned her if she doesn't warm up I may be tempted to seek affection elsewhere. She said, "go ahead. Just please don't bother me."

My wife is only 31-years-old. She's a fine person in many ways — attractive, smart and a good mother. But life with an iceberg is difficult. Before you tell me what to do, may I tell you, Mrs. Landers, she is frozen. — Hungry for Love.

Dear Hungry: Many are cold—but few are frozen. Your wife is probably the product of an inhibited, guilt-ridden mother who passed this miserable legacy down the line. But don't give up.

You say she's an "iceberg". This is a good description in more ways than one. Four-fifths of an iceberg is under the surface. Your job is to get acquainted with the whole woman.

I don't pretend to be a magician. The best I can do is view a situation with an objective eye. Your wife should have a frank talk with the family doctor. She's not living up to her obligation to you or herself. Also she's inviting serious trouble when she tells you to "Go ahead." In the meantime, buy a book for yourself. Perhaps a change in approach will bring about a change in responses.

Dear Ann: A certain woman who works at the cigar counter in our office building is the laughing stock of the place. She dyes her hair carrot orange and uses blobs of rouge which look ridiculous on her wrinkled skin. Her dresses are the type worn 30 years ago and I must say she presents a hilarious picture.

Several of us girls used to enjoy going down to buy gum and peanuts three and four times a day just to look at the old crowd. Our boss got very turned up last week and gave us all a bawling out. Don't you agree that if this woman gets herself up like a freak she deserves to be laughed at? — The Girls.

You girls are operating at a 7-year-old level. This woman is to be pitied, not ridiculed. The poor thing is living in the past because she finds life as it is too difficult to face. Her youthful days were no doubt happier and less lonely.

Looking upon her as a freak is cruel and shows a shocking lack of insight. How old are you girls anyway?

Dear Ann: After 22 years of marriage I find that my husband and I have very little in common. Our children are on their

own, and I feel alone. My husband loves to hunt and fish. I can't stand either. He bowls two nights a week and likes to go to football games and baseball games. I get cold easily and can't sit out in all kinds of weather. He's built his life around things that he enjoys and I've been left out completely. Don't you feel this is selfish and unfair? At night when the two of us sit down at the dinner table, it's a chore to think of something to say to one another. Please give me a word of advice. Sometimes I don't think I can go on. Mrs. Alone.

You've been left out in right field, Lady, and it's your own bloomin' fault. Nobody says you have to be crazy about hunting or fishing, but you could have learned to tolerate it, and gone along for his company. Bowling is a sport that many women enjoy. Even though you may be punk at it, it could still be fun, and you'd be with your husband instead of sitting home alone.

Nobody can freeze at a football game in a racoon coat and galoshes. You just don't want to inconvenience yourself. Admit it.

Do you read anything, attend club meetings, meet people? All this could make for interesting conversation at the dinner table. Don't blame your husband for a marriage that has gone f-t-t-t when you've done little to keep it alive.

(Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper and enclose a stamped self-addressed envelope.)

## CP PTA Faced With Problem In Transportation

Moving picture films of the Children, taken during the second year of school operation, and films made this year were shown at the November meeting of the Cerebral Palsy Parent-Teachers Association. The members enjoyed noting the progress made by the children in the two year period.

Mrs. Constance Meredith, occupations therapist at the school, gave a talk on the duties involved in her work. She highlighted activities and exercises, used in training the muscles of various types of palsied children, to be used in everyday instruction.

Mrs. R. L. Coates reported on the success of the Christmas card sales, and also gave the treasurer's report.

Milton Blue, school administrator, spoke on the transportation problem and held a panel discussion. Many children must be called for and returned home by the school facilities which are now inadequate. The organization was asked to consider the problem and seek a solution.

Mrs. C. D. Mauldin Jr., president, adjourned the meeting and refreshments were served by the hostesses, Mrs. U. B. Smith and Mrs. Mauldin.

Little Phyllis Denise Stringer who celebrated her first birthday with her first party. She is the daughter of Mr. and Mrs. J. Lee Stringer of Bawcom street in West Monroe.

## YOUR BABY AND MINE

## Letters On Variety Of Subjects Are Of Interest

By MYRTLE MEYER ELDRED

Here are some letters on different subjects.

Mrs. G. S. feels strongly that when a father is cross and nagging at the dinner table it is because he is not a well-fed man. She writes, "I start my husband and children off with a good breakfast, juice, meat or egg, a whole grain cereal or bread and milk. I use lots of milk and powdered milk, too."

"We also use a vitamin supplement for all of us and this seems to make us less interested in pies, cakes and cookies. I remind my husband that I want him young, strong and energetic as you can't expect a man to do a hard day's work on an empty stomach."

"A study of nutrition and the preparation of foods can make you proud of the glowing health of your family, their greater efficiency and good dispositions. With

good food this bickering at meals would stop."

Opposes Mothers Working Mrs. G. T. F. writes, "I am so mad I can hardly write. No wonder a 10-months-old baby whines when its mother abandons it. Wouldn't you? How can women work for the filthy dollar instead of the health and happiness of the children God gave them? I think there ought to be a law that women with small children should stay at home. Then juvenile delinquency might disappear."

I think we must be unprejudiced enough to see that many women would gladly stay home if they could support their children without working. Undeniably a baby needs its mother but it also needs food, and sometimes one has to be sacrificed for the other.

My wife is a chunk of unfeeling, unresponsive ice. She's been this way since the day we married. I've bought her books but she's never cracked the cover. We have two children but they are the result of "duty" and have nothing to do with an expression of love or devotion.

I've warned her if she doesn't warm up I may be tempted to seek affection elsewhere. She said, "go ahead. Just please don't bother me."

My wife is only 31-years-old. She's a fine person in many ways — attractive, smart and a good mother. But life with an iceberg is difficult. Before you tell me what to do, may I tell you, Mrs. Landers, she is frozen. — Hungry for Love.

Dear Hungry: Many are cold—but few are frozen. Your wife is probably the product of an inhibited, guilt-ridden mother who passed this miserable legacy down the line. But don't give up.

You say she's an "iceberg". This is a good description in more ways than one. Four-fifths of an iceberg is under the surface. Your job is to get acquainted with the whole woman.

I don't pretend to be a magician. The best I can do is view a situation with an objective eye. Your wife should have a frank talk with the family doctor. She's not living up to her obligation to you or herself. Also she's inviting serious trouble when she tells you to "Go ahead." In the meantime, buy a book for yourself. Perhaps a change in approach will bring about a change in responses.

Dear Ann: A certain woman who works at the cigar counter in our office building is the laughing stock of the place. She dyes her hair carrot orange and uses blobs of rouge which look ridiculous on her wrinkled skin. Her dresses are the type worn 30 years ago and I must say she presents a hilarious picture.

Several of us girls used to enjoy going down to buy gum and peanuts three and four times a day just to look at the old crow. Our boss got very burned up last week and gave us all a bawling out. Don't you agree that if this woman gets herself up like a freak she deserves to be laughed at? — The Girls.

You girls are operating at a 7-year-old level. This woman is to be pitied, not ridiculed. The poor thing is living in the past because she finds life as it is too difficult to face. Her youthful days were no doubt happier and less lonely.

Looking upon her as a freak is cruel and shows a shocking lack of insight. How old are you girls anyway?

Dear Ann: After 22 years of marriage I find that my husband and I have very little in common. Our children are on their

own, and I feel alone. My husband loves to hunt and fish. I can't stand either. He bowls two nights a week and likes to go to football games and baseball games. I get cold easily and can't sit out in all kinds of weather. He's built his life around things that he enjoys and I've been left out completely.

Don't you feel this is selfish and unfair? At night when the two of us sit down at the dinner table, it's a chore to think of something to say to one another. Please give me a word of advice. Sometimes I don't think I can go on. Mrs. Alone.

You've been left out in right field, Lady, and it's your own bloomin' fault. Nobody wants you to be a crazy about hunting or fishing, but you could have learned to tolerate it, and gone along for his company. Bowling is a sport that many women enjoy. Even though you may be punk at it, it could still be fun, and you'd be with your husband instead of sitting home alone.

Nobody can freeze at a football game in a racoon coat and galoshes. You just don't want to inconvenience yourself. Admit it.

Do you read anything, attend club meetings, meet people? All this could make for interesting conversation at the dinner table. Don't blame your husband for a marriage that has gone fit-t-t-tt when you've done little to keep it alive.

(Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper and enclose a stamped self-addressed envelope.)

### CP PTA Faced With Problem In Transportation

Moving picture films of the Children, taken during the second year of school operation, and films made this year were shown at the November meeting of the Cerebral Palsy Parent-Teachers Association. The members enjoyed noting the progress made by the children in the two year period.

Mrs. Constance Meredith, occupations therapist at the school, gave a talk on the duties involved in her work. She highlighted activities and exercises, used in training the muscles of various types of palsied children, to be used in everyday instruction.

Mrs. R. L. Coates reported on the success of the Christmas card sales, and also gave the treasurer's report.

Milton Blue, school administrator, spoke on the transportation problem and held a panel discussion. Many children must be called for and returned home by the school facilities which are now inadequate. The organization was asked to consider the problem and seek a solution.

Mrs. C. D. Mauldin Jr., president, adjourned the meeting and refreshments were served by the hostesses, Mrs. U. B. Smith and Mrs. Mauldin.

Little Phyllis Denise Stringer who celebrated her first birthday with her first party. She is the daughter of Mr. and Mrs. J. Lee Stringer of Bawcom street in West Monroe.

Printed directions on each pattern part. Easier, accurate.

Send fifty cents in coins for this pattern — add 5 cents for each 316, Pattern Dept., 243 West 17th St., New York 11, N. Y. Print plainly name, address with zone, size and style number.

### YOUR BABY AND MINE

## Letters On Variety Of Subjects Are Of Interest

By MYRTLE MEYER ELDRED

Here are some letters on different subjects.

Mrs. G. S. feels strongly that when a father is cross and nagging at the dinner table it is because he is not a well-fed man. She writes, "I start my husband and children off with a good breakfast, juice, meat or egg, a whole grain cereal or bread and milk. I use lots of milk and powdered milk, too."

"We also use a vitamin supplement for all of us and this seems to make us less interested in pies, cakes and cookies. I remind my husband that I want him young, strong and energetic as you can't expect a man to do a hard day's work on an empty stomach."

"A study of nutrition and the preparation of foods can make you proud of the glowing health of your family, their greater efficiency and good dispositions. With

good food this bickering at meals would stop."

**Opposes Mothers Working**  
Mrs. G. T. F. writes, "I am so mad I can hardly write. No wonder a 10-months-old baby whines when its mother abandons it. Wouldn't you? How can women work for the filthy dollar instead of the health and happiness of the children God gave them? I think there ought to be a law that women with small children should stay at home. Then juvenile delinquency might disappear."

I think we must be unprejudiced enough to see that many women would gladly stay home if they could support their children without working. Undeniably a baby needs its mother but it also needs food, and sometimes one has to be sacrificed for the other.

MILLINERY DEPT.

# Blacktopping Of Highway In Lincoln Slated

Highway Department officials at Monroe have been authorized to blacktop 12.5 miles of the Vienna - Aycock Highway, State Route 146, in Lincoln parish, it was disclosed yesterday.

R. B. Richardson, director of highways, said the project will cost an estimated \$248,347, of which \$104,347 is reimbursable to the Highway Department by the Federal Bureau of Public Roads due to damages done as a result of Exercise King Cole and Sledgehammer maneuvers last spring by the U. S. Army.

Plans call for the project to begin at the junction of U. S. Highway 167 in Vienna and extend northwesterly to the intersection of State Route 545.

Frederick McHenry Hill of Monroe is the member of the State Board of Highways from Highway District 05, in which the project is located.

Verdict Rendered  
For Defendant

A verdict in favor of the defendant, St. Paul Mercury Indemnity Co., was brought yesterday by the jury in Federal Court.

The case, which began Wednesday and continued until 1:30 p.m. Friday, involved a damage suit brought by William Henderson Day, in relation to the death in 1955 of his mother.

Presiding was Judge Ben Dawkins of Shreveport. The next case set for trial is on Nov. 25.

**THE SOUTHERN ELEPHANT FISH HAS ITS SENSE OF TOUCH IN THE END OF ITS ELONGATED NOSE**

**THE ARCH THAT SAVED A CITY**

THE SANTA MARIA ARCH in Burgos, Spain, erected in 1536 when the city faced dire punishment for rebelling against King Charles V. SO FLATTERED THE MONARCH BY INCLUDING HIS STATUE AMONG THE GREAT HEROES OF HISTORY THAT THE KING FORGAVE THE CITY FOR ITS PART IN THE INSURRECTION.

**Circulation Dept. Worker Dies Here**

Rufus Smead Roberson, 58, 1607 South 4th, who was connected with the Monroe News Star World circulation department for the past two years died yesterday following an illness due to cancer.

He had been a resident of Monroe for about 35 years.

Services are scheduled for 3:00 p.m. Sunday at Liberty Baptist Church at Hale, La. The Reverend R. W. Rhodes will officiate, assisted by Rev. J. L. Smith and Rev. David E. Turner. The body will be buried at 11:05 P.M.

## TICKER TAPE HIGHLIGHTS

The Pentagon's recent decision to make defense contractors supply a higher proportion of working capital on military work might, over a year's period, require an added investment by all contractors of about \$400 million, according to assistant defense secretary Wilfred J. McNeil.

Housing starts in October rose to a seasonal, adjusted annual rate of 1,000,000, up from 990,000 in September but below the 1,052,000 of October, 1956, the labor department said. It credited a high volume of public housing for the gain. Another government report predicted construction outlays next year would total a record \$49.6 billion, 3 per cent above this year. It said most of the gain would come from residential building and highway work.

## Auto Production

Auto production marked by increases by all five General Motors Divisions, with total an estimated 143,798 cars this week, 5.25 per cent above the preceding period and 6 per cent more than the year earlier week. GM's Chevrolet Division will build an estimated 40,000 cars, up from 35,546 last week, and the most since late December last year.

American Motors had a net profit well in excess of \$1 million in October, George Romney, president said.

American Smelting and Refining announced discovery of a large deposit of ilmenite titanium bearing sands near Lakehurst, N.J.

Westinghouse Electric was awarded two multi-million dollar contracts for terminal guidance systems for the air force IM-99 homaric ground to air guided missile.

Boeing Aircraft Co. placed backlog as of September 30, 1957, at \$2,533,000,000 compared with \$2,836,000,000 three months earlier. However, this total does not include orders for eight 707 commercial jet airliners, definite contracts for which have not yet been written.

The New York Federal Reserve district is reducing its discount rate to 3 per cent from 3 1/2 per cent effective tomorrow.

The Richmond Atlanta and St. Louis Reserve Districts are making similar reductions.

The Federal Reserve Board has approved the cuts.

## WOOL LETTER

Courtesey of Merrill, Lynch, Pierce, Fenner & Bean

Thursday's wool futures market closed barely steady after a decline of around 2c. There was no primary market news yesterday and futures were up in the vicinity of 3c per pound. Thus, it appeared a direct result of the lowering of the treasury discount rate and a correspondingly strong stock market.

Whether the new government policy will be effective as a business stimulant could be questionable, but there was little question as to its creating a psychological atmosphere of encouragement, even if only temporarily. It is somewhat hazardous forecasting wool prices when beset by governmental fiscal policy changes.

South Africa reported that drought and economic conditions in France and Japan are having their effect on South African wool market in the form of continuing lower prices and smaller national wool income. Our Bradford friends advise there has been little follow through in spot wool business there in spite of a somewhat stabler market in Australia.

## COTTON LETTER

Courtesey of Merrill, Lynch, Pierce, Fenner & Bean

In one of the more active sessions during recent months futures surged upwards closing \$1.50 to a bale higher in old crop months while new crops were around 50c a bale higher.

Rain and more rain and forecasts of freezing temperatures continue to plague the shorts as well as the mill buyers desirous of covering themselves on medium and good quality cotton. The tradespeople contacted emphasize the severe damage to the quality and production of this year's crop and we are told mill buyers are accumulating all the good cotton possible.

Harvesting was delayed again by additional rains in the delta area and rainfall was reported throughout scattered areas of the entire south and west. The five-day Government forecast calls for general shower activity interspersed by cloudy weather throughout much of the belt. The trade was a good buyer of the market especially near months and while hedging increased, was still not sufficient to offset the demand. There was, of course, continued professional and general buying from commission houses.

On the other hand, for the most part, mill business is reported as rather poor and although prices were slightly firmer on Worth street resistance to price advance in cloth continues to be sizeable. The CCC sold 27,366 bales under November 9 for export, making the total for the season 3,759,999 bales. Price for middling inch 27.81, up 49 points from the previous sales. Total unfixed call sales as of Nov. 8 587,100 vs 1,055,200 a year ago.

NEW ORLEANS (P)—Cotton futures advanced here today on trade buying to fix prices and heavy short covering. Closing prices were firm 30 cents to \$1.75 a bale higher.

	High	Low	Close	N.C.
Dec.	36.37	35.94	36.30	a 38
March	36.19	35.80	36.09-10	a 29
May	36.10	35.78	36.03	a 26
July	35.74	35.48	35.67	a 21
Oct.	34.19	33.95	34.17	a 12
Dec.	34.08	33.90	34.05	a 8
March	34.05	33.95	34.05	a 8
May	33.95	33.95	34.00b	a 13

Middling spot 36.30 up 35.  
n-Nominal; b-Bid; a-Advance.

NEW ORLEANS (P)—Spot cotton closed steady \$1.25 a bale higher. Sales 1,096; low middling 27.75; middling 35.00; good middling 35.75; receipts 1,449; stock 403,327.

NEW ORLEANS, Nov. 15 (P)—The average price of one inch spot cotton at 14 designated southern spot markets today was 25 cents a bale higher at 34.44 cents a pound, a new seasonal high; previous day 34.39; week ago 34.08; month ago 33.53; year ago 33.25; average for the past 30 market days 33.73; middling 15-16ths inch average 33.18, sales 55,542.

## POULTRY

CHICAGO (P)—(USDA)—Live poultry steady; yesterday's receipts were 108,000 lbs; wholesale buying prices unchanged; heavy hens 14 1/2-15; light hens 12-13 1/2; old roosters 12-13; caponettes under 4 1/2 lbs 20-20 1/2; over 4 1/2 lbs 25-27.

## Deaths

**MRS. AURELIE DARTZ**  
Funeral services were held yesterday for Mrs. Aurelie Dartz, 85, who died Wednesday in Erath. She was a native of Vermilion Parish and had lived there all her life. Her death came after a lengthy illness.

The final rites were conducted at the Erath Catholic Church, with interment in the Delcorme Cemetery.

Survivors are seven sons, Robert, Monroe; Romie, L. J. and O. P., Port Arthur, Texas; Adrina and Roy, Erath; Whitney, Netherlands, Texas and one daughter, Mrs. Nedie Farris, San Antonio, Texas.

Six of the sons were pallbearers. The same six served as pallbearers for their father's funeral 15 years ago.

HERE is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

## PARADE TODAY

### 25th Homecoming Observance At NE

Northeast State's 25th homecoming will open this morning at 10:30 with a parade through the business area of the Twin Cities and will close with a dance in the new Student Center.

Homecoming will honor the graduates of 1946 through 1950 and also the class of 1957.

Activities were sparked last night by a wienner roast, pep rally around a big bonfire, and the opening performance of "Redskins on Parade," student variety show. Coach Devone Payne's Indians will be primed to take the football game from the Wildcats of Louisiana College when the teams meet at 8 p.m. on Brown Field.

Pre-game events open at 7:30 p.m. with a variety of colorful features planned for homecoming.

spectators. Presentation of the royal court and the crowning of Northeast's homecoming queen by Robert H. Evans, Olin Mathieson executive, are scheduled to claim a big share of the spotlight.

Indian dances by a group of the Order of the Arrow (Boy Scouts) and formations by the ROTC cadets will add to specialities prior to the kickoff.

The band will be prominent in the half-time show which will end with a display of fireworks. Visitors will be welcomed by Student Body President, Elvis Chug, and President Lewis C. Slater.

Sam Rubin, outgoing Alumni Association president, will give the response and present incoming officers. Additional specialties on the homecoming program will include awarding of cash prizes to winning floats, cars and houses of fraternities or dormitories, judged the most attractively decorated. All awards will be made at 11:45 a.m. on the parade grounds of the campus.

Dormitories will have open house from 4 to 6 p.m., and an alumni supper and business meeting will be held in the Student Center at 6. The group then will go to Brown Stadium for pre-game activities.

## 15 Cases Set For Trial In Felony Court

Fifteen cases are slated for trial in felony court beginning Monday and continuing through Friday, with a charge of aggravated rape slated for Tuesday. One other case will be continued.

Charged with aggravated rape, a crime which carries a possible death penalty upon conviction, is Leo Robert Jenkins, Negro, accused of assaulting an 11-year-old Negro girl in her home.

Generally in such a case if the defendant pleads guilty he may be sentenced to life imprisonment. If found guilty by jury trial, the sentence may be death, or the jury can remit the death penalty and request a life-imprisonment sentence.

Cases to be tried Monday include a charge of incest against Harry Melvin Barr; crime against nature charge against J. B. Grayson; charge of theft of tires and money with total value \$40, against Frank Carroll Jr.; forgery against Jesse Dean Odum; two counts of theft of pipe valued at \$25 against Glen D. McCart and Autry Quinton Carpenter, and charge of issuing a worthless check for \$41.31, against Warren H. Jordan.

**Continued Case**  
The case against Cary Arthur Trammell, accused of being a third offender in a driving while intoxicated charge, will be continued until a later date.

Tuesday's docket includes the case against Jenkins; a charge of theft of a pistol worth \$65 against Connie Lee Clark, and aggravated battery charge against W. C. Hicks.

Joseph King will be tried on two counts of simple burglary Wednesday.

Three cases are set for Thursday. George E. Wood will be tried for forgery; John William Barkley for extortion, and Samuel Jackson for manslaughter.

On Friday, Raymond Henry will be tried for simple burglary, and Lucille Jones for aggravated battery.

**Frequency Change**  
WASHINGTON, Nov. 15 (AP)—The Communications Commission today received an application from station KPNV, Fort Lauderdale, Fla., for a change from 1600 to 1390 kilocycles.

today at Kilpatrick Funeral Home Chapel.

Mrs. Alexander died at Freeport Thursday following a long illness. She and her husband, C. G. Alexander, 84, celebrated their sixty-third wedding anniversary Sept. 19.

Rev. Bonner Magness, pastor of the West End Baptist Church of Freeport, will officiate at the services. Burial will be in the Farmville Cemetery under direction of Kilpatrick Funeral Home.

Survivors in addition to her husband include four sons, Guy R. Alexander, Biloxi, Miss.; Roy P. Alexander, Freeport, Tex.; J. T. Alexander, Los Angeles, Calif.; C. G. Alexander Jr., Monroe; six daughters, Mrs. A. W. Rasberry, Freeport, Tex.; Mrs. W. W. Cartney, Freeport, Tex.; Mrs. Lester LaCalle, Eunice; Mrs. C. B. Jones, Longpine, Calif.; Mrs. E. L. Ford, Farmville; Miss Doris Alexander, Pineville; 20 grandchildren and nine great-grandchildren.

Pallbearers will be Allen W. Rasberry, Jr., Bobby Glen Rasberry, John Gresham Cartney, Lester Lee LaCalle, Jr., Charles Eugene Ford and Cletus Walters.

**BELTON WOODARD**  
JENA (Special) — Services are scheduled for Belton Woodard, 36, who died Thursday evening at his home in Jena.

Funeral services are scheduled for 10 this morning at Jena Church of God. Riser and Son Funeral Hall will handle services. Interment will be in Fair Cemetery in Jena.

Survivors include his mother, Mrs. Saville Woodard, Jena; one daughter, Marilyn Rose Woodard, Jena, and a son, Ansel Woodard, also of Jena.

**JAMES MOSES BOLIN**  
CROSSETT (Special) — Services are scheduled today for James Moses Bolin, 69, who died Thursday night in the Crossett Health Center following a lengthy illness.

Funeral rites were scheduled for 10:30 a.m. today at Mount Pleasant Free Will Church with the Rev. H. E. Taylor officiating. Burial will follow in Zion cemetery under the direction of Jones Funeral Home of Crossett.

Mr. Jones, a retired farmer, who resided at Route 1 Hamburg, had lived in Ashley County since childhood.

He is survived by his widow, Sally; three sons, Haskell of Orange, Texas; M. Z. of Tampa, Fla.; Bill of Silsbee, Texas; four daughters, Mrs. Horace Johnson and Mrs. John Cooper, Jr., Crossett; Mrs. Ben Murphy, Mrs. Lloyd Fletcher, Port Worth, Texas; two sisters, Mrs. R. W. Estelle, Mrs. Raymond Pennington, Milo, Ark., and 11 grandchildren.

**C. C. GILBERT**  
LAKE PROVIDENCE, (Special) Funeral services for C. C. Gilbert of Lake Providence will be held today at 2 p.m. in the First Baptist Church here with the Rev. Doug Cheatham officiating. Interment will follow in the Providence Memorial Cemetery under the direction of Gay's Funeral Home.

Mr. Gilbert died Thursday night.

**MRS. BETTIE E. GRAVES**  
WINNSBORO (Special) — Mrs. Bettie E. Graves, 85, a resident of Rayville for 40 years, died here last night in the home of a son, C. W. Graves, 807 Spruce.

Funeral arrangements were incomplete last night, but will be under the direction of First National Funeral Home of Winnsboro.

Survivors are three sons, C. W. Graves and J. E. Graves, both of Rayville; W. T. Graves, Monroe; five daughters, Mrs. Nellie Shannon, Vernon, Tex.; Mrs. Maude McElmore, Shreveport; Mrs. Sarah Vance, Natchez, Miss.; Mrs. Lucy Dickens, Homer, Mrs. Mrs. Pearl Roberts, Rayville; one brother, L. I. Parks, Rayville; three sisters, Mrs. Leah Tribble, Rayville; Mrs. Tilda Rousey, Hickory, Miss.; Mrs. Edith Munn, Hickory, Miss.; 19 grandchildren and 24 great-grandchildren.

**ROBERT RANDLE HORNE**  
WINNFIELD (Special) Funeral services for Robert Randle Horne, 61, of Winnfield, will be held at 2 p.m. here today at the First Baptist Church.

Mr. Horne died in the Veteran's Hospital at Little Rock, Ark. late Thursday afternoon of a heart ailment.

A retired Winnfield lumberman, he was a native of Alabama and a veteran of World War I.

Rev. Dr. Williams and Dr. W. L. Holcomb will officiate at the services.

Interment will be in the Atlanta Cemetery under direction of Southern Funeral Home of Winnfield.

Survivors include one daughter, Mrs. Janice Guin of Little Rock, Ark.; two brothers, M. E. Horne, Atlanta, Ralph Horne, Georgetown and one grandchild.

**J. D. YARBOROUGH**  
Mr. J. D. Yarbrough, Sr., 85, of Columbia, died at 7:30 yesterday in his home in Columbia.

Mr. Yarbrough, a resident of Columbia all his life, had been in business there 55 years and resided only two years ago. He was a member of Masonic Lodge 164 F & AM and had last summer received his 50-year membership certificate in that group. He was a member of the First Baptist Church of Columbia.

Remains will be at Riser and Son Funeral Home in Columbia until time for services. Interment will be in Columbia Heights cemetery but arrangements for services were pending late yesterday. Services will be held at 2 p.m. tomorrow at Columbia Heights Baptist Church with burial in Columbia Heights Cemetery.

Survivors include his wife, Mrs. J. D. Yarbrough, Sr.; three daughters, Miss Irma Yarbrough, Columbia, Mrs. L. E. Norwood, Columbia, and Miss Rosalie Yarbrough of Washington, D.C.; one son, J. D. Yarbrough, Jr., of Columbia; two grandchildren, Jimmie and Charles Norwood of Columbia.

**MRS. ELIA F. ALEXANDER**  
FARMVILLE (Special) — Funeral services for Mrs. Elia Frazier Alexander, 81, of Freeport, Tex., will be held 2:30 p.m.

## Deaths

**MRS. AURELIE DARTEZ**—Funeral services were held yesterday for Mrs. Aurelie Dartez, 85, who died Wednesday in Erath. She was a native of Vermilion Parish and had lived there all her life. Her death came after a lengthy illness.

The final rites were conducted at the Erath Catholic Church, with interment in the Delcombe Cemetery.

Survivors are seven sons, Robert, Monroe; Romile, L. J. and O. P., Port Arthur, Texas; Adrina and Roy, Erath; Whitney, Netherland, Texas and one daughter, Mrs. Nedie Farris, San Antonio, Texas.

Six of the sons were pallbearers. The same six served as pallbearers for their father's funeral 15 years ago.

### BELTON WOODARD

**JENA (Special)**—Services are scheduled for Belton Woodard, 36, who died Thursday evening at his home in Jena.

Funeral services are scheduled for 10 this morning at Jena Church of God. Riser and Son Funeral Hall will handle services. Interment will be in Hair Cemetery in Jena.

Survivors include his mother, Mrs. Saville Woodard, Jena; one daughter, Marilyn Rose Woodard, Jena, and a son, Ansel Woodard, also of Jena.

### JAMES MOSES BOLIN

**CROSSETT (Special)**—Services are scheduled today for James Moses Bolin, 69, who died Thursday night in the Crossett Health Center following a lengthy illness.

Funeral rites were scheduled for 10:30 a.m. today at Mount Pleasant First Will Church with the Rev. H. E. Taylor officiating. Burial will follow in Zion cemetery under the direction of Jones Funeral Home of Crossett.

Mr. Jones, a retired farmer, who resided at Route 1 Hamburg, had lived in Ashley County since childhood.

He is survived by his widow, Sally; three sons, Haskell of Orange, Texas; M. Z. of Tampa, Fla.; Bill of Silsbee, Texas; four daughters, Mrs. Horace Johnson and Mrs. John Cooper, Jr., Crossett; Mrs. Ben Murphy, Jr., Lloyd Fletcher, Fort Worth, Texas; two sisters, Mrs. R. W. Estelle, Mrs. Raymond Pennington, Milo, Ark., and 11 grandchildren.

### C. C. GILBERT

**LAKE PROVIDENCE, (Special)**—Funeral services for C. C. Gilbert of Lake Providence will be held today at 2 p.m. in the First Baptist Church here with the Rev. Doug Cheatham officiating. Interment will follow in the Providence Memorial Cemetery under the direction of Gay's Funeral Home.

Mr. Gilbert died Thursday night.

### MRS. BETTIE E. GRAVES

**WINNSBORO (Special)**—Mrs. Bettie E. Graves, 85, a resident of Rayville for 40 years, died here last night in the home of a son, C. W. Graves, 507 Spruce.

Funeral arrangements were incomplete last night, but will be under the direction of First National Funeral Home of Winnsboro.

Survivors are three sons, C. W. Graves and J. E. Graves, both of Rayville; W. T. Graves, Monroe; five daughters, Mrs. Nellie Shannon, Vernon, Texas; Mrs. Maude McLemore, Shreveport; Mrs. Sarah Vance, Natchez, Miss.; Mrs. Lucy Dickens, Homer, Miss.; Mrs. Pearl Roberts, Rayville; one brother, L. I. Parks, Rayville; three sisters, Mrs. Leah Tribble, Rayville; Mrs. Tilda Rousey, Hickory, Miss.; Mrs. Edith Munn, Hickory, Miss.; 19 grandchildren and 24 great-grandchildren.

### ROBERT RANDLE HORNE

**WINNFELD (Special)**—Funeral services for Robert Randle Horne, 61, of Winnfield, will be held at 2 p.m. here today at the First Baptist Church.

Mr. Horne died in the Veteran's Hospital at Little Rock, Ark. late Thursday afternoon of a heart ailment.

A retired Winnfield lumberman, he was a native of Atlanta and a veteran of World War I.

Rev. Dr. Williams and Dr. W. L. Holcomb will officiate at the services.

Interment will be in the Atlanta Cemetery under direction of Southern Funeral Home of Winnfield.

Survivors include one daughter, Mrs. Janice Guin of Little Rock, Ark.; two brothers, M. E. Horne, Atlanta, Ralph Horne, Georgetown and one grandchild.

### J. D. YARBOROUGH

Mr. J. D. Yarbrough, Sr., 85, of Columbia, died at 7:30 yesterday in his home in Columbia.

Mr. Yarbrough, a resident of Columbia all his life, had been in business there 55 years and retired only two years ago. He was a member of Masonic Lodge 164 F & AM and had last summer received his 50-year membership certificate in that group. He was a member of the First Baptist Church of Columbia.

Remains will be at Riser and Son Funeral Home in Columbia until time for services. Interment will be in Columbia Heights cemetery but arrangements for services were pending late yesterday. Services will be held at 2 p.m. tomorrow at Columbia Heights Baptist Church with burial in Columbia Heights Cemetery.

Survivors include his wife, Mrs. J. D. Yarbrough, Sr.; three daughters, Miss Irma Yarbrough, Columbia, Mrs. L. E. Norwood, Columbia, and Miss Rosalie Yarbrough of Washington, D.C.; one son, J. D. Yarbrough, Jr., of Columbia; two grandchildren, Jimmie and Charles Norwood of Columbia.

**MRS. ELLA F. ALEXANDER**—Funeral services for Mrs. Ella Frazier Alexander, 81, of Freeport, Tex., will be held 2:30 p.m.

**HERE** is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

### PARADE TODAY

## 25th Homecoming Observance At NE

Northeast State's 25th homecoming will open this morning at 10:30 with a parade through the business area of the Twin Cities and will close with a dance in the new Student Center.

Homecoming will honor the graduates of 1946 through 1950 and also the class of 1957.

Activities were sparked last night by a wiener roast, pep rally around a big bonfire, and the opening performance of "Redskins on Parade," student variety show.

Coach Devone Payne's Indians will be primed to take the football game from the Wildcats of Louisiana College when the teams meet at 8 p.m. on Brown Field.

Pre-game events open at 7:30 p.m. with a variety of colorful features planned for homecoming

spectators. Presentation of the royal court and the crowning of Northeast's homecoming queen by Robert H. Evans, Olin Mathieson executive, are scheduled to claim a big share of the spotlight.

Indian dances by a group of the Order of the Arrow (Boy Scouts) and formations by the college band and a large number of ROTC cadets will add to specialities prior to the kickoff.

The band will be prominent in the half-time show which will end with a display of fireworks. Visitors will be welcomed by Student Body President Elvis "Chug" Stout and President Lewis C. Slater.

Sam Rubin, outgoing Alumni Association president, will give the response and present incoming officers.

Additional specialities on the homecoming program will include awarding of cash prizes to winning floats, cars and houses of fraternities or dormitories, judged the most attractively decorated. All awards will be made at 11:45 a.m. on the parade grounds of the campus.

Dormitories will have open house from 4 to 6 p.m., and an alumni supper and business meeting will be held in the Student Center at 6. The group then will go to Brown Stadium for pre-game activities.

## Farm Bureau Pushing For Drive Goal

Members of the Ouachita Parish Farm Bureau membership committee met this week and mapped plans to meet their goal of obtaining 440 farm families as new members of the group.

T. W. Humphries, chairman of the drive, said he felt the bureau would reach the goal, as about 350 families have been signed to date. The goal of 440 is the highest goal the group has ever set in its membership drive.

Fred Huenefeld, Jr. president of the parish bureau, said that 35 farmers will contact four or five farm families each this weekend in an effort to finish the drive.

**State Meeting**  
Huenefeld also announced that six members of the membership committee are planning to attend the state meeting of farm bureaus in Alexandria Wednesday. Attending will be J. W. Landrum, co-chairman of the membership drive; Joe Dixon, J. B. Filhoil, Jr., Paul Ramsey, Humphries, and Huenefeld.

During the state meet, representatives of every farm bureau in Louisiana will report their progress. The state membership goal is 27,000 farm families.

Rep. Otto E. Passman of Monroe will attend the state confab and will recognize the Ouachita Parish Farm Bureau and other fifth district bureaus that have met their quotas.

Huenefeld said that he was gratified to see that despite the bad weather and late crops, farmers still recognize the value of being a farm bureau member, because the bureau is the "unified voice of Louisiana agriculture."

### Legal Notices

**NOTICE OF STOCKHOLDERS MEETING**  
Notice is hereby given that a special meeting of the stockholders of the Ouachita Security Life Insurance Company will be held in the office of the company, 2500 Louisiana Avenue, Monroe, Louisiana, at 7:30 o'clock P. M., Monday November 25, 1957, for the following purposes:

To ratify a resolution of the Board of Directors adopted September 23, 1957 increasing the capital stock of the company.

To fix a new date for the annual meeting of the stockholders.

To elect one additional Director.

To amend the Articles of Incorporation relative to salaries, what constitutes a quorum and the right to do business in other states.

To transact such other business as may properly come before the meeting.

This 17th day of October, 1957, NICK MANTROZOS, President. SYBIL MANTROZOS, Secretary.

Monroe, La. October 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 1957.

YESTERDAY'S ANSWER

1. 11-16

DAILY CRYPTOQUOTE — Here's how to work it: AXYDLBAANR is LONGFELLOW

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

Tech Seniors In 'Who's Who'

RUSTON (Special) — Sixteen Louisiana Tech seniors, including 10 boys and six girls, have been selected by a student committee and the Deans' Council to represent the college in Who's Who in American Universities and Colleges.

The men students are Wade R. Baggett, DeRidder; Edward Bitar, Lebanon; Bill Gaddy, El Dorado; Victor Charles Gouaux, Jr., Lake Charles; William Joseph Haddad, Monroe; John Robert Howard, Baton Rouge; Farrell Joseph Perdreauville, Vinton; Jack Salley, Springhill; Max Stracener, DeRidder; Joel Thomas, Rodessa.

Women students chosen are: Barbara Emmons, Ruston; Martha Gillen, Shreveport; Ann Harper, Springhill; Lucy Joyner, El Dorado; Myra Ann Moore, Winnboro; and Carol Lynn Turner, Minden.

Selection Basis

The final 16 chosen for Who's Who were elected on the basis of personality, character, school loyalty, and scholarship.

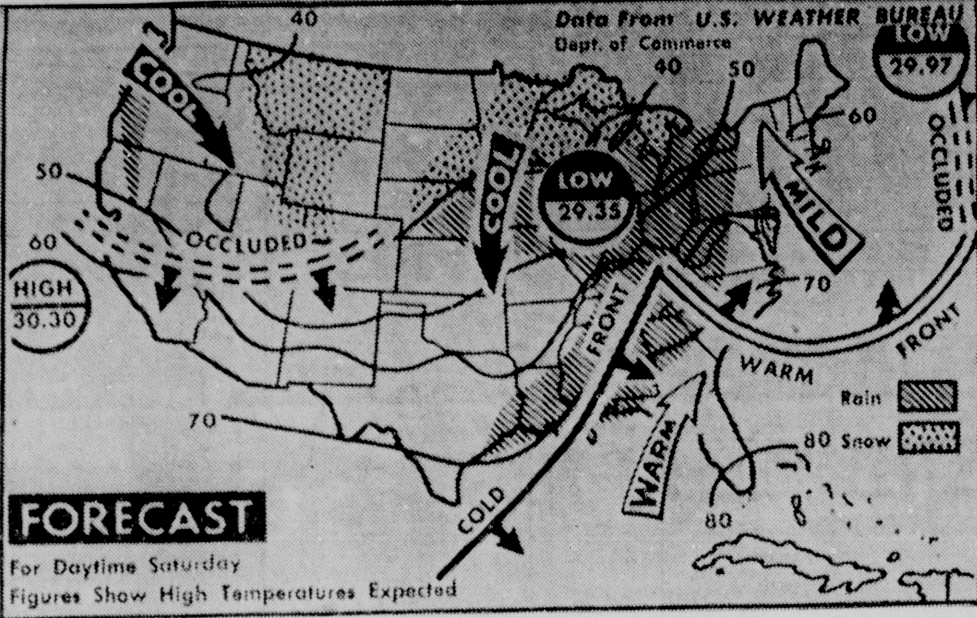

All seniors who had a 1.3 overall average were included on a list sent to each campus organization along with nomination sheets.

The students who received the most nominations were then tabulated by the Who's Who committee which was composed of representatives from the Associated Women's Students and the Student Senate.

Then 25 names were presented to the final judging committee which was composed of a representative of the junior class, a Student Senate member of senior standing, a junior woman-at-large, a senior man-at-large and the Deans' Council.

The final judging committee elected the 16 Who's Who honorees from a list of 25 students.

A tie in the men's division necessitated the selection of an additional student, instead of the usual nine.

WEATHER BUREAU FORECAST — Snow or rain is forecast in the upper Mississippi valley and western Lakes region and in parts of the northern and central plains. Rain or scattered showers are expected over the remainder of the area from the eastern edges of the

plains to the Appalachians. Some light snow is due in the northern Rocky Mountain states with a few snow flurries likely in the mountains of Nevada and northern California. (AP Wirephoto Map)

FOR MONROE

Women's Club Here Okays Bond Issue

Members of the Business and Professional Women's Club of Monroe have announced the group's support of the bond issue for city improvement called this week by the city council.

This is the first civic group to publicly endorse the program, since it was scheduled to be voted on Dec. 17 by Monroe property owners.

Signed by Mrs. Lucille Mathis, corresponding secretary, and dated November 13 — one day after City Council adopted the resolution calling the bond issue election — the letter to Mayor W. L. (Jack)

Howard said: "The Business and Professional Women's Club of Monroe would like for you to know that the club, at its regular business meeting on November 12, 1957, voted to go on record to support the bond issue for city betterment which is being put before the people."

"We as a club and as individuals feel that this plan must be carried if Monroe is to grow and provide for its citizens the things modern cities provide for their citizens."

Under the resolution adopted Tuesday by the City Council, Mon-

roe's property owners would vote on five separate propositions, all aimed at not only improving conditions currently, but for the future.

The program in its entirety would cost \$9 million. The taxpayer would not be assessed additional taxes until 1960 and then for only about four or five years at a rate of three mills.

Property owners do not vote on the program in its entirety, necessarily. They may vote for some of the projects and against others if they so desire. Money derived from the sale of the bonds

Doctors Often Prescribe This One Active Ingredient TO RELIEVE PAIN OF RHEUMATISM

Fast-acting C-2223 contains sodium salicylate to speed welcome comfort. Thousands use it when rheumatic, arthritic or muscle pain "acts up!" Price of first bottle back if not satisfied. Get C-2223.
